The Original Hot Five Recordings of Louis Armstrong Gene Henry Anderson, 2007 Between 1925 and 1928 the Hot Five the incomparable Louis Armstrong and four seasoned practitioners of the burgeoning jazz style recorded fifty five performances in Chicago for the Okeh label Oddly enough the quintet immortalized on vinyl with recent technology rarely performed as a unit in local nightspots And yet like other music now regarded as especially historic their work in the studio summarized approaches of the past and set standards for the future Remarkable both for popularity among the members of the public and for influence on contemporary musicians these recordings helped make Satchmo a familiar household name and ultimately its bearer an adored public figure They showcased Armstrong's genius notably his leadership in transforming the practice of jazz as an ensemble improvisation into jazz as the art of the improvising soloist In his study Professor Anderson for the first time provides a detailed account of the origins of this pioneering enterprise relates individual pieces to existing copyright deposits and contextualizes the music by offering a reliable timeline of Armstrong's professional activities during these years All fifty five pieces moreover are described in informed commentary Publisher description

Heart Full of Rhythm Ricky Riccardi, 2020 The first book to cover a uniquely transformative period in the life of one of the 20th century's most lasting icons Nearly 50 years after his death Louis Armstrong remains one of the 20th century's most iconic figures Popular fans still appreciate his later hits such as Hello Dolly What a Wonderful World and La Vie En Rose while in the jazz community he remains venerated for his groundbreaking innovations in the 1920s The achievements of Armstrong's middle years however possess some of the trumpeter's most scintillating and career defining stories But the story of this crucial time has never been told in depth until now Between 1929 and 1947 Armstrong transformed himself from a little known trumpeter in Chicago to an internationally renowned pop star setting in motion the innovations of the Swing Era and Bebop He had a similar effect on the art of American pop singing waxing some of his most identifiable hits such as Jeepers Creepers When You're Smiling and When the Saints Go Marching In Along the way he became the first black man to host a nationally sponsored radio show and to receive featured billing in a Hollywood film However as author Ricky Riccardi shows Armstrong's most transformative era wasn't without its problems from racist performance reviews and being held up at gunpoint by gangsters to struggling with an overworked embouchure and getting arrested for marijuana possession Utilizing a prodigious amount of new research Riccardi traces the Armstrong's mid career fall from grace why his career faltered the ways in which the rise of swing and bebop affected his musical approach and identity the sacrifices he made to reenter the limelight and the choices he made during this period that ultimately led to his resurgence as an iconic vocalist and performer whose nuance influenced the musical stylings of Bing Crosby Billie Holiday and countless others for decades to follow Featuring never before published photographs and brand new stories culled from Armstrong's personal archives Heart Full of Rhythm The Big Band Years of
