Lifework Moran Sheleg, 2024-07-23 Following the critical scepticism surrounding the notion of the self as a singular entity during the 1960s many artists and writers sought to test the apparent problem posed by autobiography as both a traditional genre and as a way of working Considering the consequent emergence of autotheory Lifework traces this shift in artistic and literary production during the late twentieth century and beyond examining a set of diverse practices that mine the line between what it is to make art and what it is to live life The book's

chapters connect a variety of artistic strategies that cut across medium geography and time uncovering how the historical marginalisation of first person experience has taken on larger social cultural and political implications in the contemporary moment and how the work of living might still relate to the work of art **Runaway Girl** Jan Greenberg, Sandra

The Creative Feminine and her Discontents Juliet Miller, 2018-04-24 The Creative Feminine and her Discontents Psychotherapy Art and Destruction is a look at creativity from a woman's perspective By looking at artistic endeavour mothering and psychotherapeutic relationships Juliet Miller considers how a patriarchal world distorts the channels through which women discover their own creative voices She argues that the dynamics of female creativity are more multi layered and conflicted for women for a variety of historical cultural and archetypal reasons and suggests that an attack on the creative feminine has been exacerbated by the history and teaching of psychoanalysis and psychotherapy Miller looks to the artistic community to discover new ways for the creative feminine to grow and assesses how ideas of destruction and anarchy are crucial for the expression of a feminine self The work of two contemporary sculptors Cornelia Parker and Louise Bourgeois is explored to show how there can be authentic relationships to creativity through the ideas of deconstruction and reconstruction in their work This book will interest psychotherapists and analysts and both women and men interested in their own relationship to their creativity The Routledge Companion to Scenography Arnold Aronson, 2017-09-11 The Routledge Companion to Scenography is the largest and most comprehensive collection of original essays to survey the historical conceptual critical and theoretical aspects of this increasingly important aspect of theatre and performance studies Editor and leading scholar Arnold Aronson brings together a uniquely valuable anthology of texts especially commissioned from across the discipline of theatre and performance studies Establishing a stable terminology for a deeply contested term for the first time this volume looks at scenography as the totality of all the visual spatial and sensory aspects of performance Tracing a line from Aristotle's Poetics down to Brecht and Artaud and into contemporary immersive theatre and digital media The Routledge Companion to Scenography is a vital addition to every theatre library *Louise Bourgeois* Louise Bourgeois, Marina Warner, 2000 Published to accompany the exhibition at Tate Modern 12 May 17 December 2000
