## **Love In The Orient:**

**Love in the Orient** Dr. Dupuy, 1927      The New Orient , 1924      Oriental Poetic Stories: Tales of Love and the Crossroads of Civilizations Pasquale De Marco, 2025-05-07 Oriental Poetic Stories Tales of Love and the Crossroads of Civilizations is an enchanting tapestry of tales that transport you to the vibrant crossroads of civilizations and the mystical realms of the East Within these pages you will embark on a literary odyssey that spans from the bustling bazaars of Marrakech to the tranquil gardens of Persia from the towering peaks of the Himalayas to the sacred waters of the Ganges Prepare to be captivated by a symphony of exotic sounds the allure of intricate craftsmanship and the echoes of legends lost This book is a kaleidoscope of stories each a vibrant brushstroke adding color and depth to the canvas of human experience Through vivid descriptions and evocative language we venture into the heart of ancient traditions unravel the mysteries of sacred rituals and witness the birth of innovation at the crossroads of civilizations We explore the rich tapestry of cultures that have intertwined along the Silk Road an artery that connected nations and ideas Immerse yourself in the vibrant souks where merchants haggle over exotic goods and storytellers weave tales that ignite the imagination Delve into the depths of ancient temples where sacred chants reverberate through the halls and the search for inner peace finds its sanctuary As you journey through these pages let the wisdom of the East illuminate your path and guide you towards a deeper understanding of the human experience Discover the cultural treasures historical marvels and spiritual insights that have shaped the civilizations of the Orient Unleash your wanderlust and embark on an extraordinary adventure with Oriental Poetic Stories Tales of Love and the Crossroads of Civilizations Let these tales inspire you transport you to distant lands and broaden your horizons If you like this book write a review on google books      **Shakespeare, the Orient, and the Critics** Abdulla Al-Dabbagh, 2010 Previous criticism has not adequately discussed oriental aspects of the content of Shakespearean drama In addition to his portrayal of oriental figures such as Cleopatra Othello and Shylock and his use of literary genres and motifs that have roots in oriental tradition such as that of the tragic romance in Romeo and Juliet there are certain key elements in Shakespeare's thought and outlook that can only be properly understood within the larger contribution of the oriental legacy This legacy has clear relevance not only to the exemplary fate of the lovers in Romeo and Juliet but also to the destinies of such major Shakespearean heroes as Hamlet and Lear Shakespeare the Orient and the Critics investigates the boundaries of oriental framework within works such as Hamlet King Lear and The Tempest Stylistically at the heart of Shakespeare's orientalism are two long recognized features of his dramatic art his predilection for reversing stereotypes and his sympathy and identification with the alien and the other This can be most clearly seen in the love tragedies of Othello and Anthony and Cleopatra as well as the romantic comedy of The Merchant of Venice Ultimately the philosophic underpinning of such works is a special expression of Renaissance humanism that transcends the boundaries of class race and culture      Paradisal Love John D. Baildam, 1999-01-01 This is the first comprehensive study of Herder's preoccupation with the Song of Songs Baildam

considers the importance of this poetry in his thinking and examines his commentaries and translations of 1776 and 1778 Despite Herder's claims to the contrary his own cultural position is revealed in his translations and in his unique interpretation of the work as the voice of pure paradisaic love Starting with Herder's interest in the Song of Songs between 1765 and 1778 this book sets his reflections in the wider context of his relativistic views on the nature of poetry contemporary German culture and the importance of primitive poetry in general and the poetry of the Bible in particular Then Baildam looks at current literary critical theories with implications for Herder's translations of these *Lieder der Liebe* and discusses Herder's theories of language and translation in comparison with German translation theories Herder's reading of the Song as the most primitive natural and sublime example of Hebrew poetry is placed in the context of earlier and contemporary interpretations his opinion of which is examined In the last part of the book there is an appraisal first of Herder's commentaries themselves analysing how the details reflect his overall concept of the work and then of his translations comparing them with each other with the Lutheran text to which Herder ultimately directed his readership and with the Hebrew text A concluding chapter reviews the reception of Herder's work and three appendices offer a parallel presentation of Herder's translations of 1776 and 1778 Luther's translation of 1545 and Goethe's translation of 1775

artificially intelligent robots function as repositories of seemingly positive feelings and attachment to Asianness At the same time Bow demonstrates that these Asianized proxies reveal how fetishistic attraction and pleasure serve as a source of anti Asian bias and violence By outlining how attraction to popular representations of Asianness cloaks racial resentment and fears of globalization Bow provides a new means of understanding the ambivalence surrounding Asians in the United States while offering a theory of the psychological affective and symbolic dynamics of racist love in contemporary America *The Works of Beaumont & Fletcher: Beggars' bush. **Middle East** Atef Alshaer,2021-12-30 Love has been an important trope in the literature of the region we now call the Middle East from ancient times to modern This book analyses love poetry in various ancient and contemporary languages of the Middle East including Akkadian ancient Egyptian Classical and Modern Standard Arabic Persian Hebrew Turkish and Kurdish including literary materials that have been discovered and highlighted for the first time Together the chapters reflect and explore the discursive evolution of the theme of love and the sensibilities styles and techniques used to convey it They chart the way in which poems in ancient poetry give way to complex and varied reflections of human sentiments in the medieval languages and on to the modern period which in turn reflects the complexities and nuances of present times Offering a snapshot of the diverse literary languages and their relationship to the theme of love the book will be of interest to scholars of Near and Middle Eastern Literature and Culture **Ecotheology and Love** Bahar Davary,2022-06-01 In Ecotheology and Love The Converging Poetics of Sohrab Sepehri and James Baldwin Bahar Davary points to the interrelation of religion poetry and ecology from a comparative perspective with an emphasis on decoloniality This work shows how authors Sohrab Sepehri and James Baldwin sought social justice by building their work on love and an authentic way of knowing the world based on an interconnected knowledge of the self The layers of depth in Sepehri and Baldwin s works and their immediacy for our time has yet to be fully understood but through Ecotheology and Love Davary takes a significant step towards achieving such a fuller understanding Love's Touch Anit Arca,2022-04-10 Is the world an illusion Is our Universe a hologram This is a magical world All there Is is you you are the magnificent reflection of All That Is in the world of Existence and three dimensions Let us wake up from this illusion We have to realize we will leave this body one day we have to realize all of our possessions will be left behind as we depart for our next new adventure This is not a book of divine informative revelation These words do not come from heaven These writings knowledge arose in the Heart through Universal Intuition and were written from Oneself to oneself without the interference of the author s personal thoughts ego What you call I is your identity Bonding yourself with your identity creates the I am ego personality This identity of yours is not actually you it is an illusory state of what you are not In Reality you are not your ego identity The external world and its social parameters play a big role in forming this ego identity You do not own anything no name no form or any image that you can

call I You have not constructed or created these You do not own anything you think you can control or possess When you identify yourself with these things the things that you are not or do not own you are creating a self imposed prison for yourself and living inside of it In other words you create your ego personality In this case we have to ask the following question who am I Really Are you really all that you claim to own names forms and images Are you only made up of body and mind When you identify with these beliefs and those of the collective world consciousness you get lost and break away from your true Reality When you claim ownership of these names forms and images you create your ego personality Whenever you say I am this or that you are identifying with that thing which you now claim as your own and you unify yourself with that thing If you do not identify with anything if you do not claim ownership of anything the I ceases to exist Removing the I dissolving it is the ultimate freedom we seek The walls of the self imposed prison of ego personality you possessively created will fall away Here in this liberated state of being the necessity for choice or decision falls away too You act just as is needed in each moment of life as it arises in the Now Thoughts of should I have done this or that will disappear The mind is like software running on a computer The virus that corrupts the software is the ego It is this ego personality that creates erroneous beliefs and then claims ownership of them Only when this virus is removed by an antivirus program Mind reveals itself in its full capacity With this cleaning up process human minds become increasingly liberated and expansively intelligent In this Book knowledge of advanced life is being released into the public publishing domain for the first time This life can be described with concepts of Absolute Human Birth of Absolute Humanity Experiencing Non Existence and Beyond Non Existence We believe through our life experience that the only way to change our individual and collective point of view is to know NON EXISTENCE The will behind the writing and publishing of this knowledge in the Book arose in servitude
