**Novel Hist 1895-1920** David Trotter, 2022-02-22 First Published in 1993 Written specifically for students and assuming no prior knowledge of the subject David Trotter s The English Novel in History 1895 1920 provides the first detailed and fully comprehensive analysis of early twentieth century English fiction Whereas all previous studies have been rigorously selective Trotter looks at over 140 novelists across the whole spectrum of fiction from the innovations of Joyce s Ulysses through to popular mass market genres such as detective stories and spy thrillers By examining the novels in both stylistic and historical

terms David Trotter looks at the ways in which writers responded to contemporary preoccupations such as the spectacle of consumption and the growth of suburbia or to anxieties about the decline of Empire racial degeneration and sexual anarchy He also challenges the view that literature of the period can be interpreted as a neat procession from realism to Modernism

encyclopaedias Peter Burke **The Early Evolutionary Imagination** Emelie Jonsson, 2021-09-29 Darwinian evolution is an imaginative problem that has been passed down to us unsolved It is our most powerful explanation of humanity's place in nature but it is also more cognitively demanding and less emotionally satisfying than any myth From the publication of the *Origin of Species* in 1859 evolution has pushed our capacity for storytelling into overdrive sparking fairy tales adventure stories political allegories utopias dystopias social realist novels and existential meditations Though this influence on literature has been widely studied it has not been explained psychologically This book argues for the adaptive function of storytelling integrates traditional humanist scholarship with current knowledge about the evolved and adapted human mind and calls for literary scholars to reframe their interpretation of the first authors who responded to Darwin **The Oxford**

Wells: Another Kind of Life** Michael Sherborne, 2013-11-01 An unlikely lothario one of the most successful writers of his time a figure at the heart of the age's political and artistic debates H G Wells' life is a great story in its own right When H G Wells left school in 1880 at 13 he seemed destined for obscurity yet he defied expectations becoming one of the most famous writers in the world He wrote

classic science fiction tales such as *The Time Machine* *The Invisible Man* and *The War of the Worlds* reinvented the Dickensian novel in *Kipps* and *The History of Mr Polly* pioneered postmodernism in experimental fiction and harangued his contemporaries in polemics which included two bestselling histories of the world He brought equal energy to his outrageously promiscuous love life a series of affairs embraced distinguished authors such as Dorothy Richardson and Rebecca West the gun toting travel writer Odette Keun and Russian spy Moura Budberg Until his death in 1946 Wells had artistic and ideological confrontations with everyone from Henry James to George Orwell from Churchill to Stalin He remains a controversial figure attacked by some as a philistine sexist and racist praised by others as a great writer a prophet of globalization and a pioneer of human rights Setting the record straight this authoritative biography is the first full scale account to include material from the long suppressed skeleton correspondence with his mistresses and illegitimate daughter

Secondary Education in England 1870-1902 Prof John Roach, John Roach, 2012-10-12 In this comprehensive and extensively researched history John Roach argues for a reassessment of the relative importance of State regulation and private provision Although the public schools enjoyed their greatest prestige during this period in terms of educational reform and progress their importance has been exaggerated The role of the public school he suggests was social rather than academic and as such their power and influence is to be interpreted principally in relation to the growth of new social elites the concept of public service and the needs of the empire for a bureaucratic ruling class Only in the modern progressive movement launched by Cecil Reddie and the private provision for young women was lasting progress made Even before the 1902 Education Act however the State had spent much time and effort regulating and reforming the old educational endowments and it is in these initiatives that the foundations for the public provision of secondary educational reform are to be found      **The School World** ,1900      *Book-prices Current* ,1922      **The Publisher** ,1906      The Ruskin Polygon John Dixon Hunt, Faith M.
