 Schlesinger Jr      **Wid's Year Book** ,1922      *Hollywood and the Baby Boom* James Russell,Jim Whalley,2017-12-28  
 Between 1946 and 1964 seventy five million babies were born dwarfing the generations that preceded and succeeded them  
 At each stage of its life cycle the baby boom s great size has dictated the terms of national policy and public debate While  
 aspects of this history are well documented the relationship between the baby boom and Hollywood has never been explored  
 And yet for almost 40 years baby boomers made up the majority of Hollywood s audience and since the 1970s boomers have  
 dominated movie production Hollywood and the Baby Boom weaves together interviews with leading filmmakers archival  
 research and the memories of hundreds of ordinary filmgoers to tell the full story of Hollywood s relationship with the  
 boomers for the first time The authors demonstrate the profound influence of the boomers on the ways that movies were  
 made seen and understood since the 1950s The result is a compelling new account that draws upon an unprecedented range  
 of sources and offers new insights into the history of American movies      **Bookseller & Stationer and Office Equipment**
