

A photograph of a dirt path leading through a forest. The trees are covered in autumn foliage, with shades of orange, yellow, and brown. The path is light-colored and leads towards a bright light source in the distance, creating a strong lens flare effect. The overall mood is serene and contemplative.

Love is not blind; love  
is the holy vision.

**Philosophical-sociological Essay** Олег Арин / Алекс Бэттлер,2021-07-08 The problems of love family and state are topics that are widely discussed both in the West and in Russia This essay however differs from all previous research work in that Alex Battler elevated the well known words love family and marriage to the level of concepts This enabled the author to correlate them to the conception of force and progress he had substantiated in the book *Dialectics of Force Ontology* and ultimately to define the regular connection between the destruction of marriage and the collapse of a state within the context of the law of entropy growth or the law of death *Woodlore* John Carlo Retutas,2023-07-17 Here comes the songs of the Mother earthbound melodies woven together like a storm in spring Hear them the storytelling trees the struggling soil of old the loving leaves above the breaking branches and the wailing creeks that dried its throat out of grief See them in this parade they made for you The folklores they whispered and the feet that they welcomed The love they proclaimed and the fall that tormented them The mourning they did the next morning lamenting what once was unbeknownst to death and eternal history A disco ball with pieces containing their own shape and reflections of what is born in the past lives in present and will linger in the future A beautifully broken pieces of mirror puzzled together to reflect not only one reflection of emotion and who owns them but a manifold of it The wonder the misery the bliss the pain and the eruption sang by you or someone you know By someone you will know someone you want to know someone who wants to know you and someone you don't know and don't want to know at all Out there rivers became seas and seas grow into oceans ships sinking and sailing limbs swimming and drowning But a shore of mercy will appear with thousands of sleeping seashells to tell you once you wake

Awakening to the Power of Peace—Love—Joy—Gratitude Jean Maalouf, 2019-08-09 Humankind is at the present time reaching a critical point in history A disaster of apocalyptic proportions could erupt at any time I know not with what weapons World War III will be fought predicted Albert Einstein but World War IV will be fought with sticks and stones What we are to do in order to prevent such catastrophic events We are to change the way we think insists philosopher Maalouf We are to see people and things in different ways We are to see with God s eyes We are to witness the birth of a new consciousness For philosopher Jean Maalouf who holds two Ph D s and who has published more than forty books one needs

to go beyond the symptoms he affirms and find the root causes of our crises His new book *Awakening to the Power of Peace Love Joy Gratitude* goes straight to the very core of our crises and points the way to their solutions The truth is that the battlefield is not primarily on the land where people confront and kill each other The true battlefield is where decisions are made in the people s minds hearts and souls This is also where solutions should be found Dr Maalouf invites us to change the way we perceive reality so that a new way of living can emerge If we don t learn to love one another and to live together in peace we will continue to kill each other and we will perish together We are interconnected We are interdependent What we think about how we see things and what we say and do and the way we live our life matter greatly We ly all of us together we should live in peace love joy and gratitude
