Identity Anecdotes Meaghan Morris, 2006-06-21 Meticulously attentive to the complex nuances and intricacies of what

The Atlantic Monthly ,1858 **Atlantic Monthly** ,1858 Relationality and the Concept of God Henry

Jansen, 2025-02-10 Classical theism the dominant tradition in Christian theology has stressed the metaphysical concept of God i e God s ontological transcendence and independence from the world In this century however this concept of God has increasingly met with criticism On the basis of the Bible and new philosophical considerations it is argued that a relational concept of God better answers the fundamental concerns of the Christian faith In this book the author investigates the questions of whether one can conceive of God apart from the metaphysical attributes and whether reflection on the biblical depiction of God leads necessarily to a relational concept of God The author explores the questions by examining the relational concepts of God found in two contemporary German theologians J rgen Moltmann and Wolfhart Pannenberg and uses the divine attribute of immutability as a focus for the discussion He argues that the relational concept of God presupposes another metaphysical conception of God which raises problems as serious as those in classical theism and that

the Bible itself because of its nature as a narrative text is ambiguous in many respects as far as God is concerned A truly Christian doctrine of God must take both the metaphysical and relational aspects of God into account **The Image of God in an Image Driven Age** Beth Felker Jones, Jeffrey W. Barbeau, 2016-03-08 Humans are created in the image of God yet by choosing to rebel against God we become unfaithful bearers of his image But Jesus who is the image of God restores the divine image in us At the intersection of theology and culture these essays offer a unified vision of what it means to be truly human and created in the divine image in the world today **Credit and Faith** Philip Goodchild, 2019-11-12 In line with the development of political theology and economic theology in contemporary European thought Credit and Faith offers a critical account of the faith structures within economic life and institutions Goodchild's ground breaking work provides a philosophical appropriation of the economic dimension of the New Testament and fresh theological philosophical and economic perspectives on the present Covering the theological roots of the way economic life was and is articulated the philosophical roots of value and debt and the economic roots of credit and creation this book charts the emergence of early theories of capital and banking through a consideration of credit It draws on some neglected historical figures as well as Jules Lagneau Simone Weil the Kantian problem of freedom and necessity and a critical reading of the early Marx and of Nietzsche's genealogy through this Goodchild explains how the Financial Revolution was able to conceal the credit economy which was its foundation and foster the pursuit of self interest instead of the common good This innovative interweaving of theology philosophy and economics constructs a new metaphysical framework for a critical account of the faith structures within economic life and institutions and returns to the practice of philosophy as a way of life a practical engaged worldly discipline **Easier Said Than Done** TJ Anthony, 2020-07-21 It's the summer of 1981 Soon we will celebrate Princess Diana's royal wedding and MTV will launch us into a new music era However those events will be mere footnotes in a story that is brewing in a small town in southern Illinois Laura Hall and Blake Roberts will experience a connection that will turn their worlds upside down Laura is a recent high school graduate who desires more Internally she is juggling peer acceptance Christian values her mother's incessant guidance and stifling loneliness Blake's interest provides an opportunity to change her life's direction In order to open her heart to love Laura will need to unleash her dreams confront her insecurities and accept an imperfect attraction Blake is a college student with a promising future He is earning a degree at a fine university plans to get engaged to his high school sweetheart and is returning to competitive athletics He is unprepared for the turmoil that an unforeseen relationship will bring during his summer break Blake's path to new love will challenge his maturity past choices and the authenticity of his feelings With both Laura and Blake narrating this roller coaster romance you have the front row seat on a ride that pits peace courage and allegiance against chaos cowardice and infidelity It's a race against the clock as Laura's Motown innocence collides with Blake's rock n roll recklessness Their journey will challenge your definition of love and expose the gap between wants and needs In the end you will agree that falling in love is easier said than done
