

A serene landscape featuring a large, leafy tree on the right side, its reflection clearly visible in a calm body of water. The sky is overcast with soft, grey clouds. In the background, there are more trees and a faint outline of hills. The overall mood is peaceful and contemplative.

Love your enemies, do  
good to those who  
hate you, bless those  
who curse you, pray  
for those who mistreat  
you.

'*Love Your Enemies*' John Piper, 1979      **The Complete Works of Rev. Andrew Fuller** Andrew Fuller, 1845      On Love and Mercy Stephen Mattson, 2021-11-09 A hopeful and Christ centered devotional for Christians who know social justice to be a good and holy endeavor On Love and Mercy is a 60 day devotional that invites readers to expand their vision of both personal faith in God and the redemptive and saving work of social action Breaking down the premise that Christians must choose between being either socially conscious or theologically sound author Stephen Mattson offers the hopeful message that Jesus and Christianity is both Each day s entry offers Christians who long to see justice and equity within society with a much needed source of affirmation solidarity and encouragement These heart felt devotions bring readers hope and encouragement to embrace social justice as the Christ like discipline that it always was and is meant to be On Love and Mercy validates social justice practices within the Christian faith by centering the example of Jesus as the ultimate standard Although our religion will fail us Jesus never will He walks alongside us in living out God s commands us to love our neighbors to the best of our ability Step into this journey and discover anew what it means to be devoted to Jesus and justice

The Evolution of Altruism and the Ordering of Love Stephen J. Pope, 1995-04-01 In this book Stephen J Pope argues that contemporary scientifically based theories of the evolution of altruism provide important insights into one of the fundamental moral problems of Christian ethics the natural basis of love and its ordering He explores the contributions evolutionary theory makes to our understanding of the biological foundations of kin preference and reciprocal care the limits of love and the need for an ordering of love issues relevant to any ethic that accords a central role to the deeply natural affections found in friendship marriage and the family He proposes that understanding human nature in its broader evolutionary context brings to ethics a needed balance between the personal and biological dimensions of human nature In the context of Catholic ethics Pope points out functional similarities between Thomas Aquinas s use of then available scientific theories in his interpretation of the natural basis of primary relationships and Pope s own efforts to avoid the deficiencies that characterize contemporary Catholic interpretations of love based on personalism and existentialism He concludes with a call for a multidimensional interpretation of love one that incorporates scientifically based theories about human nature together with an appreciation of the significance of motives intentions and freedom for the ordering of human affections and moral responsibility This book will be of interest to moral theologians especially those concerned with the topics of love justice and natural law ethics      *The Complete Works...* Andrew Fuller, 1859      Secure Love Julie Menanno, 2024-01-30 What does a healthy relationship look like Create a lasting and loving attachment with the help of the expert couple s therapist behind the popular Instagram account TheSecureRelationship Publisher annotation
