principle of basic goodness as a way of addressing the personal and social challenges that we face Do we as humans have confidence in the basic goodness of humanity as well as of society itself As a Tibetan lama and spiritual leader this strikes me as our most compelling global issue The book revolves around a dialogue with my father the legendary Ch gyam Trungpa Whether his responses were direct or mystical he continuously returned to the topics of basic goodness and enlightened society Not only did he show me how I could become confident in their existence through awareness and meditation he also taught me how basic goodness is a socially viable standard that could stabilize and transform our world However this book is not a memoir or even a message It is an invitation to readers to reflect on their own basic goodness and the basic goodness of society and then contemplate the question Can we rouse our energy and confidence to create a good world that is founded on this principle I encourage you to join me in this contemplation Sakyong Mipham *Living in Wisdom* Devi
