The New Generation in Chinese Animation Shaopeng Chen,2021-09-23 In 1995 Chinese animated filmmaking ceased to be a state run enterprise and was plunged into the free market Using key animated films as his case studies Shaopeng Chen examines new generation Chinese animation in its aesthetic and industrial contexts He argues that unlike its predecessors this new generation does not have a distinctive national identity but represents an important stage of diversity and exploration in the history of Chinese animation Chen identifies distinct characteristics of new generation filmmaking including an orientation towards young audiences and the recurring figure of the immortal monkey like Sun Wukong He explores how films such as Lotus Lantern Baolian Deng 1999 responded to competition from American imports such as The Lion King 1994 retaining Chinese iconography while at the same time adopting Hollywood aesthetics and techniques Addressing the series Boonie Bears Xiong Chumo 2014 5 Chen focuses on the films adaptation from the original TV series

and how the films were promoted across generations and by means of both online and offline channels

Discussing the series Kuiba Kui Ba 2011 2013 2014 Chen examines Vasoon Animation Studio's ambitious attempt to create the first Chinese style high fantasy fictional universe and considers why the first film was a critical success but a failure at the box office He also explores the relationship between Japanese anime and new generation Chinese animation Finally Chen considers how word of mouth social media engagement lay behind the success of Monkey King Hero is Back 2015 Chinese Animation Rolf Giesen, 2014-12-19 With an output of more than 250 000 minutes annually and with roughly 5 000 producers and production units the Chinese are leading the field of animated films Although it is almost impossible to completely cover 90 years of filmmaking this book provides a comprehensible introduction to the industry's infancy its Golden Age Shanghai Animation Film Studio and today's Chinese animation in feature films television series and student films There are classics such as Princess Iron Fan made at the time of the Japanese occupation and the color Havoc in Heaven both starring the Monkey King Sun Wukong as well as countless TV stars Blue Cat Pleasant Goat and Big Big Wolf and many almost unknown works by young filmmakers who are not focusing on an audience of children like most of the industry output **Born Again** Timothy S. Lee, 2009-12-09 Known as Asia's evangelical superpower South Korea today has some of the largest and most dynamic churches in the world and is second only to the United States in the number of missionaries it dispatches abroad Understanding its evangelicalism is crucial to grasping the course of its modernization the rise of nationalism and anticommunism and the relationship between Christians and other religionists within the country Born Again is the first book in a Western language to consider the introduction development and character of evangelicalism in Korea from its humble beginnings at the end of the nineteenth century to claiming one out of every five South Koreans as an adherent at the end of the twentieth In this thoughtful and thorough study Timothy S Lee argues that the phenomenal rise of this particular species of Christianity can be attributed to several factors As a religion of salvation evangelicalism appealed powerfully to multitudes of Koreans arriving at a time when the country was engulfed in unprecedented crises that discredited established social structures and traditional attitudes Evangelicalism attracted and empowered Koreans by offering them a more compelling worldview and a more meaningful basis for association Another factor is evangelicalism's positive connection to Korean nationalism and South Korean anticommunism It shared in the aspirations and hardships of Koreans during the Japanese occupation and was legitimated again during and after the Korean conflict as South Koreans experienced the trauma of the war Equally important was evangelicals' relentless proselytization efforts throughout the twentieth century Lee explores the beliefs and practices that have become the hallmarks of Korean evangelicalism kibok this worldly blessing saebyok kido daybreak prayer and kumsik kido fasting prayer He concludes that Korean evangelicalism is distinguishable from other forms of evangelicalism by its intensely practical and devotional bent He reveals how after a long period of impressive expansion including the mammoth campaigns of the 1970s and 1980s that drew millions to its revivals the 1990s was a decade of

ambiguity for the faith On the one hand it had become South Korea's most influential religion affecting politics the economy and civil society On the other it found itself beleaguered by a stalemate in growth the shortcomings of its leaders and conflicts with other religions Evangelicalism had not only risen in South Korean society it had also for better or worse become part of the establishment Despite this significance Korean evangelicalism has not received adequate treatment from scholars outside Korea Born Again will therefore find an eager audience among English speaking historians of modern Korea scholars of comparative religion and world Christianity and practitioners of the faith Circle of Ouroboros , In this sequel to Flight of the Marbles the marbles heist team is back in Athens Adam and Irini have married and are on their honeymoon in Rome Adam is to deliver a speech to the Collegio Romano High School about Quantum Computing the key that opened the doors of the British Museum But the British Prime Minister has not forgotten or forgiven there are warrants out from him for all of them His British MI5 agents succeed in capturing Irini in Rome and return her to the UK as hostage to justice on a capital charge of double homicide They begin with the juice at Britmo a secret MI5 terrorist prison The team must do it all over again and it will take all their ingenuity to pull off another heist this time to bring Irini safely home Adam isn't interested in operating under Queen Helena's control and risks all by returning to the UK under cover with a plan of his own What husband would do less for a beloved wife of Irini's beauty and charm In the Greek tradition there will undoubtedly be at least one more personal sacrifice on top of all the others before this affair is resolved Coming to Terms Jane Blankenship, 2011-12-23 Coming to Terms The Collected Works of Jane Blankenship an edited collection from Jane Blankenship and Janette Kenner Muir is the story of one academic journey through self discovery intellectual development and mentorship It is a conversation that illustrates how in Mary Catherine Bateson's terms one composes a life that has meaning and makes a significant difference in other lives as well Jane Blankenship was an active member of the speech communication discipline starting with her first job teaching in the Rhetoric and Composition program at Mount Holyoke College and finishing with the great distinction of Professor Emeritus at the University of Massachusetts Amherst As a noted rhetorical scholar in both criticism and theory Jane Blankenship was a long time leader within the National Communication Association including one of a handful of women who served as president in the 20th Century and an award winner of numerous teaching and scholarship awards Throughout her academic career Blankenship made important contributions to the understanding of language and form specific literary critics such as Kenneth Burke and Samuel Coleridge and the role of women in politics Most importantly she worked with and inspired a cadre of graduate students who continue to reflect her ideas and perspectives in their own work particularly in the area of political communication Through her writing and mentoring she impacted and changed thousands of lives Coming to Terms brings together some of the significant pieces that marked Jane Blankenship's career and also shows the process wherein one makes choices in writing and publishing that underscore the interrelationship between scholarship and teaching an important element throughout her academic life
