My World of Birds George John Wallace, 1979 Learning the Birds Susan Fox Rogers, 2022-04-15 The thrill of quiet adventure The constant hope of discovery The reminder that the world is filled with wonder When I bird life is bigger more vibrant That is why Susan Fox Rogers is a birder Learning the Birds is the story of how encounters with birds recharged her adventurous spirit When the birds first called Rogers was in a slack season of her life The woods and rivers that enthralled her younger self had lost some of their luster It was the song of a thrush that reawakened Rogers sparking a long held desire to know the birds that accompanied her as she rock climbed and paddled to know the world around her with greater depth Energized by her curiosity she followed the birds as they drew her deeper into her authentic self and ultimately into love In Learning the Birds we join Rogers as she becomes a birder and joins the community of passionate and quirky bird people We meet her birding companions close to home in New York State s Hudson Valley as well as in the desert of Arizona and awash in the midnight sunlight of Alaska Along on the journey are birders and estimable ornithologists of past generations people like Franklin Delano Roosevelt and Florence Merriam Bailey whose writings inspire Rogers s adventures and discoveries A ready knowledgeable and humble friend and explorer Rogers is eager to share what she sees and learns Learning the Birds will remind you of our passionate need for wonder and our connection to the wild creatures with whom we share the land
