Mystery Streams In Europe And The New Mysteries:

Mystery Streams in Europe and the New Mysteries B. C. Lievegoed, 1982 This book is intended for those who wish to deepen their relationship to the Anthroposophical Society and the School of Spiritual Science founded by Rudolf Steiner It shows how the four great mystery streams have worked in the past and how Steiner attempted to join these four together and create the new mysteries at the Christmas Foundation Meeting

Mystery Knowledge and Mystery Centres Rudolf Steiner, 2013-05-14 Modern scholarship knows little of the mystery schools of antiquity offering only hypothetical explanations and external details In these expansive lectures based on his personal spiritual insights Rudolf Steiner offers a vivid description of the esoteric experiences gained by people in the ancient mystery schools from the mysteries of Artemis in Ephesus of Hibernia Eleusis and Samothrace to the Middle Ages He also discusses the conditions under which initiation can be achieved today Following preliminary lectures on the nature and function of the soul Steiner presents a panoramic view of human and earthly evolution including the roles of plants and animals He also discusses the various metals their curative properties and their connections with the planets

Rudolf Steiner and the Founding of the New Mysteries Sergei O. Prokofieff, 2017-06-21 In this revised and expanded edition of his classic debut Sergei O Prokofieff investigates the deepest mysteries of Rudolf Steiner's life and individuality from the years of apprenticeship and the great Sun period to the path of the Teacher of Humanity and the birth of the New Mysteries He discusses the earthly and supersensible aspects of the first Goetheanum the implications of the Christmas Conference of 1923-24 and the Foundation Stone meditation that Steiner left as a legacy to members of the Anthroposophical Society In his very personal Introduction Prokofieff describes in moving detail the events in his life which led to his discovery of anthroposophy whilst living in Communist Russia and how eventually he came to write this extraordinary study of Rudolf Steiner The resulting volume a work of secondary anthroposophical literature unprecedented in its depth and significance was first published in Germany in 1982 meeting with equal amounts of acclaim astonishment and controversy It is published in this paperback edition to mark the 35th anniversary of the original publication

The Spiritual Origins of Eastern Europe Sergei O. Prokofieff, 2016-03-21 And however paradoxical it may seem today the Grail mood is in the fullest sense to be found in Russia And the future role that Russia will play in the sixth post Atlantean epoch rests firmly upon this unconquerable Grail mood in the Russian people Rudolf Steiner Although Eastern Europe has been part of the Christian world for more than a thousand years its spiritual identity remains a mystery This mystery says Sergei Prokofieff can only fully be solved by looking behind external events and seeking spiritual meta historical dimensions of reality In illuminating the maya of outer history Prokofieff reveals the forces that have been at work to hinder the progress of mankind the materialistic Brotherhoods of the West and the occult aspects of both Jesuitism and Bolshevism These adversary groups have created a karma of materialism that the eastern Slavic peoples have taken upon themselves out of their exalted willingness for sacrifice Prokofieff shows how from the earliest times the future conscience of humanity

flowed from hidden mystery centres in Hibernia to the eastern Slavic peoples As a result qualities of compassion patience and willingness for sacrifice developed in their souls creating a truly Christian Grail mood Despite incalculable suffering from the persecutions of the Mongol hordes to the Bolshevik experiment of the last century this quality has become an unconquerable force Will humanity be able to use the present opportunity granted by this sacrifice to fulfil the primary purposes of the present cultural epoch Can the future mysteries of the Holy Grail be fulfilled In this momentous work breathtaking in its scope and detail the author attempts a truly esoteric approach penetrating to the spiritual wellsprings of Eastern Europe in the light of Rudolf Steiner's research *The Tree of Life and the Holy Grail* Sylvia Francke, 2007 Recent works of fiction and popular history have promoted the idea that the Holy Grail symbolizes a physical bloodline that resulted from a union of Jesus Christ and Mary Magdalene It is claimed by some that this is the secret kept tirelessly by certain esoteric movements for the past two millennia Based on her groundbreaking research Sylvia Francke exposes this notion as a blatant misinterpretation of the mystery traditions that preceded and ran parallel to the birth of Christianity She traces the ancient spiritual paths of knowledge from the Cathars the Knights Templar and the enigmatic Rosicrucians to the work of Rudolf Steiner in the twentieth century Here she concludes is true Grail knowledge the Tree of Life and the Holy Grail itself explained in their metaphysical context She suggests a solution to the mystery of sudden wealth and the strange behavior of Brengel Saunière the mysterious priest of Rennes-le-Château in southern France True Grail knowledge Francke concludes has nothing to do with bloodlines or worldly status rather it is an ancient lifeline to the spiritual origins of creation Its energetic forces radiate out from the Earth and in from the constellations and planets while interacting with human individuals It represents the key to fulfilling humanity's quest and the next step in human evolution The recent explosion of interest in revisionist Christianity history the shadow Grail prompted Sylvia Francke to revise *The Tree of Life and the Holy Grail* first published in 1996 The result is a completely reworked and expanded book that offers a powerful and convincing refutation of distorted esoteric truths **Anthroposophy A-Z** Henk van Oort, 2013-04-02 Rudolf Steiner's spiritual philosophy is the inspiration for many successful initiatives in the world today from the international Steiner Waldorf school movement to biodynamic agriculture and its increasingly popular produce Steiner developed his philosophy in dozens of books and many thousands of lectures His teaching contains dozens of new concepts and ideas and as a result he had often to create his own vocabulary In this practical volume a companion to his *Anthroposophy A Concise Introduction* Henk van Oort gives concise definitions of many terms and concepts in Steiner's worldview from the most commonplace to the more obscure *Anthroposophy A-Z* can be used as a reference guide but also as a gateway into Rudolf Steiner's manifold world of spiritual ideas and concepts Anthroposophy can be seen to be a new language a language that can lead to the world of the spirit It was with this awareness that Henk van Oort took the initiative to write this glossary Ultimately he has written the sort of inspiring handbook that he wished had existed when he first became acquainted with anthroposophy over 40 years ago

HENK VAN OORT born in 1943 trained as a primary teacher before taking a Masters degree in English at the Amsterdam University He has taught for 40 years in primary and secondary education including class teaching in a Steiner school teaching English and running educational courses and seminars for teachers and parents His interest in literature and poetry has led to his appearance at storytelling and poetry seminars and his introductory courses to anthroposophy have proved to be highly successful Based in Bergen N H in the Netherlands Henk van Oort is married and the father of three grown up children He is the author of *Anthroposophy A Concise Introduction* *Michael and the Two-horned Beast* Bernard Nesfield-Cookson,1998 In our materialistic and skeptical age it can be difficult to take seriously the existence of real spiritual beings Nevertheless countless individuals from the historic founders of religions to those who have been through near death experiences have spoken of beings of Light such as Angels and Archangels and evil beings spirits of darkness The author basing his work on Rudolf Steiner's teachings presents an epic picture of the forces of good and evil a battle of cosmic dimensions in which we are all intimately involved He clarifies the pivotal role of the Archangel Michael the Guardian of Cosmic Intelligence who fights to hold the balance between the key powers of evil in our time Lucifer and Ahriman and describes other members of the evil hierarchies He also discusses the biblical Apocalypse of St John the Mexican Mysteries and much else This book is an essential guide to meeting the challenge of evil at the new millennium **The Imagination of Pentecost** Richard Leviton,1994 Carlo Pietzner speaks out of his own ego directed inner experiences about several motifs inherent to inner striving the problem of self in relationship to the world the disintegration of the three soul forces the transition from sense perception to spiritual perception the reality of evil the condition of loneliness and more Arthurian Magic John Matthews, Virginia Chandler, Caitlin Matthews, Gareth Knight, 2017-11-08 Discover a system of magical work based on the stories of Arthur and his legendary realm With meditations rituals visualizations and pioneering shamanic techniques Arthurian Magic leads you on a profound soul journey designed to raise consciousness and unleash deep levels of wisdom Discover dozens of exercises and a complete twelve month course of study that will bring the mysteries alive and open your inner awareness to the mystical power of these profound legends Dozens of magical groups and countless individuals have turned to the Arthurian tales for inspiration instruction and initiation This book is a guide for beginners and experienced practitioners to cultivate the spiritual power of these influential myths Explore the sacred sites songs blessings invocations and festivals Create incense and oils for magical workings Meet the most important and influential archetypal figures as you discover how to awaken the knight within *Walkers Between the Worlds* Caitlín Matthews, John Matthews, 2004-01-14 A comprehensive overview of the Western perennial tradition the hermetic tradition and the ancient earth wisdom of shamanic indigenous peoples Provides practical exercises to reawaken mystical awareness and reconnect with the ancient mystery traditions of our ancestors Reveals how earth wisdom and high magic complement one another In *Walkers Between the Worlds* the authors reveal the development of both these traditions that were never far beneath the

surface of Western culture and how they complement each other As the orthodox structures of the West appear increasingly hollow and irrelevant the Western way trod by the shaman and the magus remains vital with many practical methods for reawakening awareness and reconnecting with the earth In addition to its in depth theoretical analysis Walkers Between the Worlds contains practical exercises drawn from traditional teaching methods used by both native and hermetic traditions to help the reader explore these mysteries

Humanity's Last Stand Nicanor Perlas, 2018-07-25 Although still in its earliest stages artificial intelligence AI is radically transforming all aspects of society With the immanent emergence of Artificial Super Intelligence ASI and the illusory temptations of transhumanism mankind stands at a crossroads In Humanity's Last Stand Nicanor Perlas makes an urgent plea It is imperative he says that we take immediate steps to ensure that digitized technology is aligned to human values and priorities Otherwise ASI will kill the essence of our humanity Further if we do not master it now ASI will transform mankind into its own image Ultimately it will destroy the human race AI experts have not offered a single cogent solution to this existential threat Rudolf Steiner however not only foresaw these developments but gave clear alternatives Steiner the founder of a contemporary scientific approach to spirituality provided philosophical ontological and social innovations to save humanity from the abyss It is the task of the global anthroposophical movement to pioneer this civilization saving work to establish spiritual scientific ideas in mainstream culture that would allow AI to emerge in a healthier societal context Perlas gives an overview of the phenomenon of AI together with its related transhuman concepts of perfecting humanity and outlines the critical internal and external responses required to meet them with consciousness In particular he addresses the movement connected to the work of Rudolf Steiner indicating its all important tasks to cooperate with progressive individuals and movements including scientists and civil society activists to mobilize its daughter movements for action and ultimately to cooperate with the spiritual powers that have guided and served humanity since the dawn of time This says the author is humanity's last stand and failure is not an option

Spirit and Art Van James, 2002 Stumbling through life gazing at the stars we can miss the greatest treasure beneath our feet For the ordinary faculties of our soul how we think how we feel how we act are the rough and fallen forms of our highest spiritual capacities This book shows how six of these common abilities thinking feeling doing loving opening thanking can be intensified infinitely We already think we can learn to think more deeply more livingly We already feel we can learn to train our feeling life away from ourselves so that we feel the world in its richness We already thank we can learn a depth of gratitude that makes life and love intensely real These exercises are simple but demanding By strengthening our capacity to pay attention they allow us to say the right word and have the fresh thought just when we need to They gradually lead us out of the mire of distraction and confusion and allow us to practice what we need most continual presence of mind

The Whitsun Impulse and Christ's Activity in Social Life Sergei O. Prokof'ieff, 2010 What is Whitsun or Pentecost and how can its impulse be furthered for the future of society How can social life become the bearer of the Christ impulse and how can Christ himself

enter social life directly In this small booklet Sergei Prokofieff discusses the significance of spiritual work conducted in a social setting and its crucial role in preparing for the future epoch of the spirit self The spiritual and social tasks before us he tells us can be achieved only through mutual efforts with one another Moreover for such social activity the General Anthroposophical Society with all of its different groups and branches which unite all anthroposophists in the world plays a fundamental role Thus the spiritual tasks of the General Anthroposophical Society gradually unite with the tasks of all humankind This booklet consisting of the report of a lecture and supplemented with an essay is an important companion to another publication by this author The Esoteric Significance of Spiritual Work in Anthroposophical Groups **The Grail Tradition** John Matthews,2011-12-31 The story of the Grail and those who seek it remains one of the most enduring myths known to the West In this book the stories and legends are explored in depth and the ongoing spiritual Quest outlined by a world renowned authority on the subject Also included are a series of meditational exercises to help the seeker find his or her own way to the heart of the Grail *The Arthurian Tradition* John Matthews,2011-12-31 The myths and legends of King Arthur and his knights of the enchanter Merlin and of their quests and adventures form one of the greatest cycles of stories ever composed In this book the most important tales are explored in depth by one of the world s best known authorities on this subject Also included are a series of meditational exercise to help the reader find his or her way to the heart of the Arthurian mysteries *Sources of the Grail* John Matthews,1997 Still stands the destined Knight aloof in his passionate patience His hand over his eyes Is he doomed to fulfil or fail Shall he dare the hells and the heavens of the strange illuminations Initiate at last of the dread mysterious Graal The editor John Matthews tells us that at the beginning of the twelfth century the poet Cr tien de Troyes composed a poem he called Il Conte del Graal The Story of the Grail It told the story of a search taken up by a simple young man who was brought up away from the ways of ordinary people His search was for a mysterious object known as the Graal but Cr tien left the poem unfinished dying before he could complete it thus creating a mystery that has stirred the imagination of countless seekers ever since The Grail may be almost anything or it may be something that has no form at all or even exist in our world The important thing is that it provides an object for personal search for growth and human development We are dealing here with high things with a Mystery that is almost too much for us But we can learn and grow from studying it and by sharing the adventure of the Quest *Sources of the Grail* is the most complete anthology of Grail texts available Organized into three parts the first deals with the Celtic sources the second presents the medieval quest and part three continues the search and represents some of the most far reaching and deepest contemporary Grail seekers Anyone interested in Western spiritual traditions will find this a valuable thought provoking resource *The Arcana of the Grail Angel* John Barnwell,1999 Seldom in modern esoteric Christian scholarship do we find an author with the breadth of understanding to encompass the Eastern Central and Western Grail traditions John Barnwell in *The Arcana of the Grail Angel* synthesizes and illuminates the Grail tradition in the light of modern Spiritual Science and the

works of its founder Rudolf Steiner Steiner's Western esoteric stream of Christianity creates a backdrop of historical philosophical and religious archetypes that encompass the most comprehensive esoteric Christian Cosmology available Add to this an extensive panoramic view of the historical allegorical and spiritual nature of the Grail and together we find this refreshing work and immediately recognize a must read Anthroposophical classic like the works of Guenther Wachsmuth or Sergei O Prokofieff Douglas J Gabriel from the forward *May Human Beings Hear It!* Sergei O. Prokofieff, 2014-03-12 During the Christmas period of 1923-4 Rudolf Steiner refounded the Anthroposophical Society at its headquarters in Dornach Switzerland This important event which has come to be known as the Christmas Conference can be studied on many levels and its many mysteries have been central to Sergei O Prokofieff's anthroposophical research over the years His beginning point has been an enduring question What did Rudolf Steiner mean when he called the Christmas Conference the start of a World Turning point of Time In this far reaching work the author working from several different viewpoints guides the reader towards an answer Prokofieff suggests that the impulse of the Christmas Conference can only be reenlivened today through conscious action by individuals to experience its spiritual essence Rather than offering dogmatic conclusions he opens up paths of approaching this goal by throwing light on different aspects of the Conference and what lies at its heart the Foundation Stone and its Meditation In particular Prokofieff explores three key perspectives the connection of the Christmas Conference with humanity's evolution the inner relationship of each individual anthroposophist to the Christmas Conference and the significance of the Conference to Rudolf Steiner himself Although this is major work of some length the individual chapters of *May Human Beings Hear It* are complete in themselves and can therefore be studied independently of each other

Why Become a Member of the Anthroposophical Society? Sergei O. Prokofieff, 2012 Why become a member of the Anthroposophical Society Is the Anthroposophical Society really needed today The future of the society according to Sergei O Prokofieff depends directly on competent responses to such questions by each and every anthroposophist With these considerations it is not the author's concern to persuade the reader in an outward way to join the Anthroposophical Society He is concerned with the communication of a few esoteric viewpoints and possible motives so that the decision in this regard can develop in a fully aware and responsible manner based on a solid inner cognitive foundation For only when the decision in regard to membership in the Anthroposophical Society for whatever reason the individual might make it occurs on such a basis does it also have spiritual justification from the preface **Subject Guide to Books in Print**, 1993
