Myth And Meaning Cracking The Code Of Culture:

Myth and Meaning Claude Levi-Strauss, 1995-03-14 The meeting of myth and science Primitive thinking and the civilized mind Harelips and twins the splitting of a myth When myth becomes history Myth and music *Myth and Meaning* Claude Levi-Strauss, 1995-03-14 Ever since the rise of science and the scientific method in the seventeenth century we have rejected mythology as the product of superstitious and primitive minds Only now are we coming to a fuller appreciation of the nature and role of myth in human history In these five lectures originally prepared for Canadian radio Claude L vi Strauss offers in brief summations the insights of a lifetime spent interpreting myths and trying to discover their significance for human understanding The lectures begin with a discussion of the historical split between mythology and science and the evidence that mythic levels of understanding are being reintegrated in our approach to knowledge In an extension of this theme Professor L vi Strauss analyzes what we have called primitive thinking and discusses some universal features of human mythology The final two lectures outline the functional relationship between mythology and history and the structural relationship between mythology and music

EPZ Truth and Method Hans-Georg Gadamer, 2004-12-07 Written in the 1960s TRUTH AND METHOD is Gadamer's magnum opus Looking behind the self-consciousness of science he discusses the tense relationship between truth and methodology In examining the different experiences of truth he aims to present the hermeneutic phenomenon in its fullest extent

Understanding Material Culture Ian Woodward, 2007-05-09 In his interdisciplinary review of material culture Ian Woodward goes beyond synthesis to offer a theoretically innovative reconstruction of the field It is filled with gems of conceptual insight and empirical discovery A wonderful book Jeffrey C Alexander Yale University A well grounded and accessible survey of the burgeoning field of material culture studies for students in sociology and consumption studies While situating the field within the history of intellectual thought in the broader social sciences it offers detailed and accessible case studies These are supplemented by very useful directions for further in depth reading making it an excellent undergraduate course companion Victor Buchli University College London Why are iPods and mobile phones fashion accessories Why do people spend thousands remodelling their perfectly functional kitchen Why do people crave shoes or handbags Is our desire for objects unhealthy or irrational Objects have an inescapable hold over us not just in consumer culture but increasingly in the disciplines that study social relations too This book offers a systematic overview of the diverse ways of studying the material as culture Surveying the field of material culture studies through an examination and synthesis of classical and contemporary scholarship on objects commodities consumption and symbolization this book introduces the key concepts and approaches in the study of objects and their meanings presents the full sweep of core theory from Marxist and critical approaches to structuralism and semiotics shows how and why people use objects to perform identity achieve social status and narrativize life experiences analyzes everyday domains in which objects are important shows why studying material culture is necessary for understanding the social This book will be essential

Proceedings of the International Conference on Cultural Studies (ICCUS) 2024 Prasetyo Adi Wisnu Wibowo,Dwi Susanto,Mibtadin Mibtadin,2025-06-05 This is an open access book Department of Cultural Study Universitas Sebelas Maret warmly welcomes you to The International Conference on Cultural Studies ICCUS The ICCUS 2024 is the 2nd series since the 1st series was held in 2023 This conference will be held on September 11th 2024 We encourage participants from all over the world to discuss about Art Urban Culture and Global Ethics Contemporary political phenomena influence the city atmosphere Some time before the General Election in Indonesia political party contestation has given rise to political segregation which is expressed in poetry caricatures party symbols and control of urban space Furthermore the city is synonymous with political hegemony and protests In other parts of the world war has damaged urban culture such as in the Middle East as well as giving rise to growing protests from communities in other world cities Politically this gives rise to the term identity politics a politics based on embracing equality based on the similarities of a group to achieve a certain goal for example to gain recognition for the group s identity or raise the level and dignity of the group Identity politics drives the actions of city residents to achieve certain political goals This identity politics capitalizes on race ethnicity language customs gender and religion giving rise to conflicts of interest between city residents Meanwhile on the cultural side a new term has emerged known as hustle culture a culture of hard work patterns above the normal threshold with the aim of achieving success in a field The impact of this hustle culture is damage to the social order system city residents become slaves to technology and toxic negativity Both political social cultural and economic due to global influences give rise to vertical and horizontal conflicts There is a need for a global ethic of cultural diplomacy as a solution as well as a basic consensus related to binding values irrevocable standards and moral attitudes which can be affirmed by all religions even non religious ones There is no survival in the world without global ethics that peace between social elements will not be created without diplomatic dialogue and cooperation between civilizations with an open mind and tolerance How do social humanities describe the current changing urban arts culture and socio political phenomena from various scientific disciplines Notable Keynote and Invited Speakers will share their speeches participants will present their papers and we will provide a platform to support new opportunities and future collaboration Your participation and contribution at ICCUS 2024 will be greatly appreciated

Of Divine Warning Jane Anna Gordon,Lewis R. Gordon,2015-11-17 This book offers a theory of disaster in modern and contemporary society and its impact on the construction of social and political life The theory is premised upon what the authors call the sign continuum where disaster spreads across society through efforts to evade social responsibility for its causes and consequences Phenomena generated by such efforts include the social manifestation of monstrosity disastrous people and other forms of living things and an emerging antipolitics in an effort to assert rule and order A crucial development is the attack on speech a fundamental feature of political life as manifested by the increased

expectations of categories of people whose containment calls for shunning and silence *The Ecology of Power* Michael Heckenberger, 2005 First Published in 2005 Routledge is an imprint of Taylor Francis an informa company *National Rights, International Obligations* Simon Caney, 2018-02-07 Nationalism is once again rising and spreading Nationlist movements are active throughout the world demanding political recognition of their nations identity Yet the current revival of nationalism has taken place alongside claims that nation states are becoming obsolete in an increasingly globalized world In addition now perhaps more than ever people are conscious of humanity as a whole and are ready to take seriously the international dimensions of morality In this collection of timely essays distinguished moral and political philosophers examine issues raised by the competing claims of nationhood and internationalism from a variety of perspectives and defend a variety of answers Questions discussed include Is humanity really divided into nations or are nations invented by nationalists Does a nation have the right to be self determining If so must each nation form a separate and sovereign state Do our obligations stop at national boundaries Do we not have obligations to human beings as such Why then should we be less concerned about foreigners than about our compatriots Can we be concerned for social justice within societies yet not across the world as a whole If we embrace ideas of human rights and global obligations how do we establish what those rights and obligations actually are Is it proper plausible or practical to aspire to such universal moral principles in a world characterized by national diversity and cultural difference **Radicalisation** James R. Lewis, Akil N. Awan, 2024-03 A comparative multidisciplinary interrogation of how people across the world become extremists of all kinds and how different scholarly fields study and theorize this process Expanding Ecological Approaches to Language, Culture, and Identity Jaran Shin, 2023-12-22 This book explores the process of identity re construction among mixed heritage children within the context of globalization through the lens of its intersection with Korean society The volume illustrates how these multicultural children mediate hybrid social spaces and examines their personal approaches toward translating resisting and transforming the entanglements engendered in those spaces By tracing the trajectories of their identity re formations over several years the book details the paths these youths have taken to navigate diverse contact zones and cope with institutional regulatory mechanisms It highlights that in the face of prevailing social stigma they actively involve themselves in political action in their day to day lives they redefine what it means to be Korean and but multicultural challenge simplistic membership boundaries and develop unique strategies to resist and subsist These efforts to question the essentialist logic of authenticity demonstrate that these youths situated at the convergence of globalization migration inequality and political power represent a challenge to both national and global orders Arguing that ecological perspectives need to direct greater attention toward the political as well as the posthumanist dimensions of language culture and identity this book is key reading for scholars in applied linguistics intercultural communication and Asian studies **Redefining Reason** Bradley W. Patterson, 2018-11-16 Throughout the twentieth century Western thinkers engaged in a politically charged often highly personal and acrimonious

debate over the mental and rational capacity of people from traditional nonliterate societies The issue was a question of whether or not humanity was at bottom psychologically and rationally unified and equal as a species Redefining Reason offers the first in depth critical history of that debate and its repercussions in modern Western thought and society Divided into three sections this book first sets the twentieth century primitive mentality debate within its historical context so that it may be better understood It then focuses on some of the highlights of the debate The next section suggests that this debate was in reality a chapter itself in or in an aspect of a much larger story the story of what may be appropriately referred to as the hyperrationalization of human society To conclude this book follows the debate into the twenty first century and offers the clarification and resolutions developed in earlier chapters to contemporary students scholars and educated lay readers

Storytelling for Sustainability in Higher Education Petra Molthan-Hill, Heather Luna, Tony Wall, Helen Puntha, Denise Baden, 2020-03-25 To be a storyteller is an incredible position from which to influence hearts and minds and each one of us has the capacity to utilise storytelling for a sustainable future This book offers unique and powerful insights into how stories and storytelling can be utilised within higher education to support sustainability literacy Stories can shape our perspective of the world around us and how we interact with it and this is where storytelling becomes a useful tool for facilitating understanding of sustainability concepts which tend to be complex and multifaceted The craft of storytelling is as old as time and has influenced human experience throughout the ages The conscious use of storytelling in higher education is likewise not new although less prevalent in certain academic disciplines what this book offers is the opportunity to delve into the concept of storytelling as an educational tool regardless of and beyond the boundaries of subject area Written by academics and storytellers the book is based on the authors own experiences of using stories within teaching from a story of the Ecology of Law to the exploration of sustainability in accounting and finance via contemporary cinema Practical advice in each chapter ensures that ideas may be put into practice with ease In addition to examples from the classroom the book also explores wider uses of storytelling for communication and sense making and ways of assessing student storytelling work It also offers fascinating research insights for example in addressing the question of whether positive utopian stories relating to climate change will have a stronger impact on changing the behaviour of readers than will dystopian stories Everyone working as an educator should find some inspiration here for their own practice on using storytelling and stories to co design positive futures together with our students

Narratives of Storytelling across Cultures Tony R. DeMars, Gabriel B. Tait, 2019-09-18 Narratives of Storytelling Across Cultures demonstrates how meaning found within interpersonal communication is not universal across all cultures Miscommunication can occur when the foundations of cultural meaning within stories as told socially and within media vary among different cultures Positioned within the communication and media field this book connects issues of societal tension and political battles to media portrayals social communication events and power dynamics that result when people with different meanings systems attempt to negotiate truth among their competing

narratives After establishing the theoretical foundation of the book contributors provide specific case studies that demonstrate underlying cultural components and complexities that lead to these issues Tony R DeMars and Gabriel Tait have assembled contributors with research experience and understanding of intercultural communication challenges in different social groups allowing the book to take on a broader scope of intercultural communication Scholars of communication conflict resolution political science sociology and media studies will find this book particularly useful

Archetypes in Dalit Literature Chandna Singh Nirwan, 2025-03-28 *Archetypes in Dalit Literature* examines the role of the multitudinous archetypes and myths in understanding the evolution of the psyche and consciousness of the Parayar Dalit community based out of Tamil Nadu India This book also examines the other Dalit communities like Bhangis Chuhras and Madigas through the lens of Archetypal criticism This is a nuanced take on Dalit Studies where Western thought and theory have been applied to the colossal work of a Tamil Dalit writer Bama and others Mulk Raj Anand Omprakash Valmiki Sharankumar Limbale and Perumal Murugan to comprehend the community archetypal characters setting myths rituals and language A detailed analysis of the Jungian archetypes of Rebirth Mother Spirit and Trickster has helped in acquiring an understanding of the so called lower caste their circumstances their life and experiences Among the seminal works on myth criticism are Joseph Campbell's *Monomyth* and Vladimir Propp's *Functions* One of Bama's works *Vanmam* 2008 largely adheres to these structures which makes it a good example of fiction based on reality and thereby also making it at par with the mainstream Indian Writing in English Chandna has also analyzed the significance of community myths stories and folklore using the concept of implicit mythology This book also studies the Dalit language as a special case and unfolds various meanings about the culture community and people in context An important finding is that the language of marginalization is very much a reality Bama's narratives are true representations of the journey of the Parayar Dalit identity formation and the changes it has undergone over time The study of the different aspects of the lives ideologies and culture of the marginalized section of Indian society as represented by these writers in their works has enhanced the understanding of their significant role and contribution to Indian society which may not have over time been acknowledged yet undeniably needs to be appreciated and celebrated

Ritual and Belief David Hicks, 2010-03-15 *Ritual and Belief* Readings in the Anthropology of Religion is a collection of 41 readings in religion magic and witchcraft The choice of readings is eclectic no single anthropological approach or theoretical perspective dominates the text Theoretical significance scholarly eminence of the author and inherent interest provide the principal criteria and each reading complements its companion chapters which are pedagogically coherent rather than ad hoc assemblages Included among the theoretical perspectives are structural functionalism structuralism Malinowskian functionalism cultural materialism and cultural evolutionism also included are the synchronic and diachronic approaches The book offers a mixture of classic readings and more recent contributions and the world religions are included along with examples from the religions of traditionally non literate cultures As diverse a range of

religious traditions as possible has been embraced from various ethnic groups traditions and places **Understanding**

Media Semiotics Marcel Danesi, 2018-11-15 Media semiotics is a valuable method of focusing on the hidden meanings within media texts This new edition brings Understanding Media Semiotics fully up to date and is written for students of the media of linguistics and those interested in studying the ever changing media in more detail Offering an in depth guide to help students investigate and understand the media using semiotic theory this book assumes little previous knowledge of semiotics or linguistics avoiding jargon and explaining the issues step by step With in depth case studies practical accounts and directed further reading Understanding Media Semiotics provides students with all the tools they need to understand semiotic analysis in the context of the media Semiotic analysis is sometimes seen as complicated and difficult to understand Marcel Danesi shows that on the contrary it can be readily understood and can greatly enrich students understanding of media texts from print media right through to the internet and apps Misinformation and Fake News in Education

Panayiota Kendeou, Daniel H. Robinson, Matthew T. McCrudden, 2019-09-01 Today like no other time in our history the threat of misinformation and disinformation is at an all time high This is also true in the field of Education Misinformation refers to false information shared by a source who intends to inform but is unaware that the information is false such as when an educator who recommends the use of a learning strategy that is not actually beneficial Disinformation is false information shared by a source who has the intent to deceive and is aware that the information is false such as when a politician claim that high stakes testing will fix K 12 education when in fact there is no evidence to support this practice This book provides recent examples of how misinformation and disinformation manifest in the field of education and remedies Section One Susceptibility to Misinformation focuses on factors that influence the endorsement and persistence of misinformation This section will include chapters on the appeal and persistence of zombie concepts in education learner and message factors that underlie the adoption of misinformation in the context of the newly proposed Likelihood of Adoption Model cognitive and motivational factors that contribute to misinformation revision failure cognitive biases and bias transfer in criminal justice training the influence of conspiratorial and political ideation on the use of misinformation and how educational culture and policy has historically given rise to quackery in education Section Two Practices in the Service of Reducing Misinformation in Education focuses on practices aimed at reducing the impact of misinformation and includes chapters on misinformation in the education of children with ASD and its influence on educational and intervention practices the promise of using dynamical systems and computational linguistics to model the spread of misinformation systematic attempts to reduce misinformation in psychology and education both in and out of the classroom and the potential perils of constructivism in the classroom as well as the teaching of critical thinking Each section has a discussion chapter that explicates emerging themes and lessons learned and fruitful avenues for future research **The Cinematic Boogeyman** Kevin McGuinness, 2024-09-19

In the 1978 horror film classic Halloween little Tommy Doyle asks his babysitter Laurie Strode what is the Boogeyman This

book answers this question by assessing the qualities that create the Boogeyman persona in Western popular culture particularly in the fairytale and the modern horror film Using an archetypal approach derived from the work of Carl Jung and his successors Erich Neumann and Edgar Herzog the book assesses the figure of the Boogeyman through an interdisciplinary lens that incorporates research from the fields of psychology philosophy and film studies The book begins with an examination of the key traits associated with Bluebeard a quintessential example of the folkloric Boogeyman featured in Charles Perrault s 1697 collection of fairytales Through an intense comparative analysis it highlights the presence of similar qualities in the popular villains from the contemporary American slasher movies of the 1970s and 80s Specifically these characters include Michael Myers from Halloween 1978 Jason Voorhees of Friday the 13th 1980 and Freddy Krueger featured in A Nightmare on Elm Street 1984 This examination situates these terrifying antagonists within a larger context of monstrosity and simultaneously establishes their role as cinematic manifestations of the folkloric Boogeyman

Trump and Putin in Media Mythologies Olena Leipnik, 2025-07-02 Trump and Putin in Media Mythologies provides an account of the media portrayal of two presidents Donald Trump of the United States and Vladimir Putin of the Russian Federation as mythologized figures The book delineates the mythologizing strategies media employ to build these two leaders narratives and the logic of mythologization of the overall political process It addresses the construction of the two presidential imageries and the political and cultural needs fulfilled by the archetypes they embody The volume provides a comparative analysis of two culture specific narrating strategies that resonate with the two American and Russian electorates This interdisciplinary account combines the areas of media studies myth studies political anthropology and cultural studies It will also be an essential read for scholars and graduate students interested in political communication public relations and cognitive marketing
