Omigbule, 2021-05-11 This book showcases six prominent ritual festivals of Ile If Nigeria namely r n f t p r s l s O bares r s kir and O w l r It reveals the hidden and enduring beauties of If ritual festivals providing rare information about the region the acclaimed origin place and spiritual capital of Yoruba people Through profound analysis of each of the festivals it affords information that is unusual in both depth and breadth The text also provides space for the views of the practitioners of culture specific literary ethnographic scholarship It however pushes the critical edges of its engagement with the ritual festivals and represents an important

record of enduring cultural legacies with the unusual capacity to inform about If rituals in a way that serves the interest of Yoruba cultural studies in general **International Folkloristics** Alan Dundes,1999 International folkloristics is a worldwide discipline in which scholars study various forms of folklore ranging from myth folktale and legend to custom and belief Twenty classic essays beginning with a piece by Jacob Grimm reveal the evolving theoretical underpinnings of folkloristics from its nineteenth century origins to its academic coming of age in the twentieth century Each piece is prefaced by extensive editorial introductions placing them in a historical and intellectual context The twenty essays presented here including several never published previously in English will be required reading for any serious student of folklore

The Bible Without Theology Robert A. Oden, 2000 In this thought provoking volume Robert A Oden Jr advocates stripping away the theological and historiographic biases that underlie modern biblical scholarship in order to arrive at a nontheological historical reading of the Bible Oden calls into question a scholarly tradition that accepts biblical writers views of themselves and their neighbors at face value and reproduces a view of Israelite religion as divinely guided and inherently superior Using cross cultural and interdisciplinary methodology Oden investigates three biblical issues the clothing of Adam and Eve Jacob's name change to Israel and ritual prostitution and Deuteronomy in light of extra biblical evidence He also challenges scholars assumptions of Scripture as monotheistic and proposes treating biblical narrative as myth rather than as historical fact
