Pure Kingdom Jesus Vision Of God:

Pure Kingdom Bruce Chilton, 1996 In this book Chilton sets out to discover what Jesus meant by the Kingdom of God on earth Starting with a critique of how others have tried to interpret the kingdom of God he argues that the Gospel texts themselves reveal the truth about Jesus central message Pure Kingdom Bruce Chilton, 1996 Bruce Chilton focuses on Jesus teaching of the kingdom in this volume part of the Studying the Historical Jesus series a series devoted to exploring key questions concerning the historical Jesus within recent scholarly discussion **Jesus the God-Man** Darrell L. Bock, Benjamin I. Simpson, 2016-06-21 What the Gospels Tell Us about Who Jesus Is This clear compact introduction surveys what the Gospels tell us about who Jesus is by exploring his teachings and actions in their contexts Darrell Bock a leading evangelical New Testament scholar who speaks and teaches around the world and Benjamin Simpson treat the Gospels as reliable sources for a plausible portrait of Jesus Condensing years of extensive study on the topic this handy readable textbook presents fresh ways to understand the Gospels especially the Synoptics in comparison with John **The Bible and the Pursuit of Happiness** Brent A. Strawn, 2012-11-15 Scholars of the social sciences have devoted more and more attention of late to the concept of human happiness mainly from sociological and psychological perspectives This volume which includes essays from scholars of the New Testament the Old Testament systematic theology practical theology and counseling psychology poses a new and exciting question what is happiness according to the Bible Informed by developments in positive psychology *The Bible and the Pursuit of Happiness* explores representations of happiness throughout the Bible and demonstrates the ways in which these representations affect both religious and secular understandings of happiness In addition to the twelve essays the book contains a framing introduction and epilogue as well as an appendix of all the terms used in reference to happiness in the Bible The resulting volume the first of its kind is a highly useful and remarkably comprehensive resource for the study of happiness in the Bible and beyond God's Rule Suzanne Neusner, 2003-05-06 Resisting the tendency to separate the study of religion and politics editor Jacob Neusner pulls together a collection of ten essays in which various authors explain and explore the relationship between the world's major religions and political power As William Scott Green writes in the introduction Because religion is so comprehensive it is fundamentally about power it therefore cannot avoid politics Beginning with the classical sources and texts of Judaism Christianity Buddhism Islam Confucianism and Hinduism *God's Rule* begins to explore the complex nature of how each religion shapes political power and how religion shapes itself in relation to that power The corresponding attention to differing theories of politics and views towards non believers are important not only to studies in comparative religion but to foreign policy history and governance as well From early Christianity's relationship to the Roman Empire to Hinduism's relationship to Gandhi and the caste system *God's Rule* provides a basis of understanding from which undergraduates seminarians and others can begin asking questions of relationships both unavoidable and systematically uneasy Jewish and Christian Doctrines Bruce Chilton, Jacob

Neusner,2002-01-22 Jewish and Christian Doctrines presents a concise and lucid introduction to the foundations of Judaism and Christianity The authors explore key documents of Judaism and Christianity to elucidate and illuminate the doctrinal issues which the documents raise and to examine the similarities and differences between the two faiths **Criteria for Authenticity in Historical-Jesus Research** Stanley E. Porter,2004-12-10 Historical Jesus research continues to captivate the interests of scholars Recently there has been renewed discussion of the criteria for authenticity This study traces the history of this type of research especially in terms of authenticity criteria **Subversive Meals** Streett R Alan,2016-11-24 In Subversive Meals Alan Streett follows on from James C Scott s idea of a hidden transcript to argue that the Lord s Supper was a subversive non violent act against the Roman Empire Primarily through exegesis of the writings of Luke and Paul Streett examines the political nature of the meal in the context of first century Roman domination In his widely researched argument Streett illuminates for the reader why understanding the Lord s Supper as a purely symbolic act overlooks the political significance it would have had in the first century CE Subversive Meals analyses how the structure of the Lord s Supper followed that of a Roman banquet by having a deipon and a symposium the latter being the time when anti resistance discussions would take place Streett examines several aspects of the history context and theological significance of the Lord s Supper He discusses such topics as the identification of Passover as an anti imperial meal against the Pharaoh s rule the Roman domination system the meal practices of Jesus the eschatological meaning of the Last Supper the practice of this anti imperial work ethic in the early church and the gift of prophecy as a symposium activity By seeing the Lord s Supper as a political act readers will be able to study Scriptural passages more closely and precisely **The Multinational Kingdom in Isaiah** Andrew H. Kim,2020-09-24 The kingdom of God functions as a key theme that clarifies the direction of redemptive history The canonical narrative portrays God s dealing with humanity on both individual and corporate levels Throughout the history of the church many have claimed that national Israel is best read as a type of an eschatological consummation of individuals drawn from all nations However does the direction of redemptive history consummate with a redemption of individuals or does it include national entities Do the promises to national Israel become fulfilled typologically through a singular corporate reality or in a multinational kingdom which includes national Israel In The Multinational Kingdom in Isaiah Andrew H Kim addresses arguments from those who claim that Isaiah serves as a turning point in which national distinctions are erased in the eschatological kingdom Kim argues that Isaiah envisions a multinational kingdom comprised of Israelites and gentiles with national and territorial distinctions Types of Authority in Formative Christianity and Judaism Bruce Chilton,Jacob Neusner,2002-01-22 Bruce Chilton and Jacob Neusner study the points of comparisons and contrast between formative Christianity and Judaism By identifying three categories of authority in each of the two religious worlds they show how they have both worked in compelling or failing to get someone to do a given action The arguments are introduced by a general discussion of the founding figures of the two religions Moses and Jesus and how their inherent

authority distilled itself through the structure of their religious institutions and intellectual thoughts **Interpreting the Parables** Craig L. Blomberg, 2012-07-16 Craig Blomberg surveys the contemporary critical approaches to the parables including those that have emerged in the twenty years since the first edition This widely used text has taken a minority perspective and made it mainstream with Blomberg ably defending a limited allegorical approach and offering brief interpretations of all the major parables **I Pledge Allegiance** David Crump, 2018-02-01 What does it really mean for Christians to live as faithful kingdom citizens in today's world Bitter partisan conflict State sanctioned torture Economic injustice Ethical corruption Even a cursory glance over daily news headlines shows a stark contrast between the American political state and the kingdom of heaven Where then does the Christian's ultimate allegiance lie In *I Pledge Allegiance* David Crump issues a clarion call to Jesus's twenty first century disciples stirring them up to heed God's word and live out their kingdom citizenship here on earth Closely examining the ethical teachings of Jesus and his apostles in the New Testament and using real world examples to illustrate the vital issues at stake Crump challenges Christians to embrace the radical counterintuitive upside down way of Jesus a way of living and thinking that turns the world's values on their head smashes through stale political and cultural conventions and welcomes God's kingdom into the very heart of our shared society

Classical Christianity and Rabbinic Judaism Bruce D. Chilton, Jacob Neusner, 2012-02-01 Among the world's religions Christianity and Judaism are the most symmetrical But in our day of religious tolerance a tendency to overlook the vital differences between the two religions in the name of good will can undermine constructive Jewish Christian dialogue In this book Bruce D Chilton describes early Christian thought and Jacob Neusner describes early Judaic thought on fundamental issues such as creation and human nature Christ and Torah sin and atonement and eschatology At the end of each chapter each assesses the other's perspective and a final chapter explains why the authors believe theological confrontation not just comparison defines the task of interfaith dialogue today Jesus and Purity Halakhah Thomas Kazen, 2021-12-03 This study traces Jesus attitude to impurity within the historical context at the end of the Second Temple period when practices of ritual purity came to play an increasing role in Jewish society and an expansionist trend gained in influence and support The traditional focus on sayings material and criteria of authenticity in historical Jesus research is modified narrative traditions with implicit purity issues are appealed to and extra canonical traditions are included The main areas examined are the most important fathers of impurity leprosy skin diseases genital discharges and corpse contamination Jesus is found to have acted in ways that could have been understood by some of his contemporaries as indifference to these types of impurity His behaviour is shown on several points to clash with current purity halakhah and dominant expansionist ideals In an attempt to interpret his actions within the Jewish context and culture of the Second Temple period three explanatory models are provided Jesus attitude can be seen as part of a moral trajectory in Judaism It can be understood as a response to a regional Galilean dilemma It can be viewed in a power perspective as an expression of Jesus eschatological struggle against demonic

evil The result is that Jesus may be understood as operating within the purity paradigm of his time yet seemingly indifferent in the eyes of some pushing it to the breaking point Such a reconstruction makes subsequent developments intelligible in which various Christian currents drew conflicting conclusions Those looking to Jesus behaviour for some sort of guidance today may perhaps find contemporary analogies

I Believe in the Historical Jesus I. Howard Marshall, 2004 Few would deny that a person named Jesus lived and died during the first century of this era Yet opinions differ widely as to the reliability of the New Testament record of his life In *I Believe in the Historical Jesus* Marshall surveys the quest for the historical Jesus from the 19th century to the present examines the methods used to extract historical information from the gospels and investigates the role faith plays in a study of the life of Jesus The gospel accounts of Jesus are reliable historically not merely literary productions impossible to penetrate from an historical perspective and Marshall's work is a ringing affirmation of belief in the historical Jesus This edition includes a new epilogue and updated bibliography I. Howard Marshall is Emeritus Professor of New Testament Exegesis and Honorary Research Professor at the University of Aberdeen Scotland where he supervises postgraduate students in their theological studies Professor Marshall's area of research has been Luke Acts the Pastoral Epistles and the theology of New Testament writers

Commonwealth and Covenant Marcia Pally, 2016-03-02 In *Commonwealth and Covenant* Marcia Pally argues that in order to address current socioeconomic problems we need not more economic formulas but rather a better understanding of how the world is set up an ontology of how we and the world work Without this good proposals that arise lack political will and go unimplemented Pally describes our basic setup as separability amid situatedness or distinction amid relation Though we are all unique individuals we become our singular selves through our relations and responsibilities to the people and environments around us Pally argues that our culture's overemphasis on separability individualism run amok results in greed adversarial and deceitful political discourse and chicanery resource grabbing broken relationships and anomie Maintaining that separability and situatedness can and must be considered together in public policy Pally draws on intellectual history philosophy and especially historic Christian and Jewish theologies of relationality to construct a new framework for addressing present economic and political ills

The Biblical World John Barton, 2004 This book is a comprehensive guide to the contents historical setting and social context of the Bible

God in the World Jacob Neusner, Bruce D. Chilton, 2004-04-08 The authors address the issue of God in this world which in the classical documents of formative Judaism encompasses the diverse ways in which we meet God in the here and now The counterpart in Christianity is meeting God in the incarnation of Jesus Christ As heirs to the common scripture of ancient Israel both Judaism and Christianity identify humanity as the worldly image of God The two traditions concur that since we are made in God's image we see God in the face of one another The conception of incarnation is therefore as Judaic as it is Christian The point of difference between the two becomes clear when we ask how incarnation is realized This book is the final volume in a trilogy Previously published volumes include *Revelation The Torah and the Bible*

and The Body of Faith Israel and the Church **The Gospels and Jesus** Graham Stanton, 2002-03-08 Jesus of Nazareth and the four New Testament gospels continue to fascinate people from many cultural and religious backgrounds Who was Jesus Are Christian claims about him supported by solid historical evidence How reliable are the evangelists portraits of Jesus which were written some fifty years after his crucifixion These questions can be explored only on the basis of a sound grasp of the intentions and methods of the four evangelists Professor Stanton insists that the evangelists are concerned with both the story and the significance of Jesus of Nazareth Part I of this book examines the distinctive emphases of all four evangelists and discusses the apocryphal gospels with special reference to the Gospel of Thomas Part II deals with the ways of assessing the evidence for Jesus and explores his teaching intentions and the reasons for his downfall This book pays particular attention to appropriate methods for careful study of the gospels and the historical Jesus to provide an excellent textbook and a penetrating study for the general reader NEW TO THIS EDITION Every chapter updated to take account of recent scholarly developments Fuller discussion of literary criticism chapter 2 the Gospel of Thomas chapter 7 archaeological evidence chapter 8 and methods for reconstructing the teaching of Jesus chapter 9 Bibliography is extended updated and partly annotated New cross references added to increase usability Map now included Material within some chapters and sub sections has been reorganised to increase accessibility Biblical quotations are now taken from the NRSV text New larger format and text design *Death and the Afterlife* Jacob Neusner, 2010-04-01 Why does one die How should one die What happens after death How do resurrection and reincarnation fit within various religious traditions These are the four fundamental questions posed in *Death and the Afterlife* The answers from acknowledged authorities give insights into the beliefs and traditions of these faiths and will help readers understand the similarities and differences among them In this volume Charles Hallisey presents the viewpoint of Buddhism Jacob Neusner offers the perspective of Judaism Jonathan Brockopp writes from the standpoint of Islam Bruce Chilton discusses Christianity and Brian K Smith writes on Hinduism
