Heon Stevenson,2015-03-27 During the 1960s the automobile finally secured its position as an indispensable component of daily life in Britain Car ownership more than doubled from approximately one car for every 10 people in 1960 to one car for every 4.8 people by 1970 Consumers no longer asked Do we need a car but What car shall we have This well illustrated history analyzes how both domestic car manufacturers and importers advertised their products in this growing market identifying trends and themes Over 180 advertisement illustrations are included **Fashion, Design and Events** Kim Williams,Jennifer Laing,Warwick Frost,2013-12-17 The importance of fashion and design in an events context remains under researched despite their ubiquity and significance from a societal and economic perspective Fashion themed events for example appeal to broad audiences and may tour the globe Staging these events might help to brand destinations boost visitor numbers and trigger popular debates about the contributions that fashion and design can make to identity They may also tell us something about our culture and wider society This edited volume for the first time examines fashion and design events from a social perspective including the meanings they bestow and their potential economic cultural and personal impacts It explores the reasons for their popularity and influence and provides a critique of their growth in different markets Events examined include fashion weeks fashion or design themed exhibitions historical re enactments extreme alternative fashion and design events and large scale public events such as royal weddings and horse races International examples and case studies are drawn from countries as diverse as the USA UK Germany Bhutan New Zealand and Australia These are used to develop and critique various thematic concepts linked to fashion and design events such as identity gender aspirations and self image commodification authenticity destination development and marketing business strategy and protection infringement of intellectual property Fashion Design and Events also provides a futurist view of these types of events and sets out a future research agenda This book has a unique focus on events associated with fashion and design and features a swathe of disciplinary backgrounds It will appeal to a broad academic audience such as students of art and design cultural studies tourism events studies sociology and marketing *The Autocar* ,1973 *Designing with Smell* Victoria Henshaw,Kate McLean,Dominic Medway,Chris Perkins,Gary Warnaby,2017-10-05 Designing with Smell aims to inspire readers to actively consider smell in their work through the inclusion of case studies from around the world highlighting the current use of smell in different cutting edge design and artistic practices This book provides practical guidance regarding different equipment techniques stages and challenges which might be encountered as part of this process Throughout the text there is an emphasis on spatial design in numerous forms and interpretations in the street the studio the theatre or exhibition space as well as the representation of spatial relationships with smell Contributions originate across different geographical areas academic disciplines and professions This is crucial reading for students academics and practitioners working in olfactory design [Bentley MkVI](#) Martyn Nutland,2007-08-15 The Bentley MkVI introduced in 1946 fairly bristled with new ideas and marked a bold change of direction for a company as conservative as Rolls Royce owner of the

Bentley marque The most radical departure from pre war practice was the fact that the MkVI could be bought with a standard body Other major new features were the engine cruciform chassis and hydraulically operated front brakes However none of this indicates the true historical importance of the MkVI or why the model is at the heart of this book quite simply the MkVI s design was the well spring from which all the mainstream Rolls Royce and Bentley models flowed until the advent of the Silver Shadow and Bentley T Series in 1965 Here is the complete story of the Rolls Royce Silver Wraith Silver Dawn and Silver Cloud and the Bentley MkVI R Type and S Type Covering concept design and development production promotion publicity and the coachbuilt cars There is also helpful practical advice on buying and running these cars today together with appendices of chassis number sequences and dates build numbers and modifications and development by chassis number Illustrated with over 160 black and white and color photos this book is a must have for anyone interested in automotive history

Dark Side Of Healthcare, The: Issues, Cases, And Lessons For The Future Brian Edwards,2021-05-28 The Dark Side of Healthcare draws uncomfortable lessons from over 300 case studies of events that occurred in the healthcare sector Health services have many skilled and dedicated professionals but there is a dark side that cannot be ignored The unthinkable has happened and might have been prevented The case studies from many countries include serial killers with a health background drugs and medical devices that proved to be dangerous negligent and poor clinical practices as well as incompetent and weak management that led to failing hospitals and harm to patients There are also corruption cases accidents at work and cases involving the sexual exploitation of children Politicians early responses to COVID 19 and the subsequent missteps are also scrutinised Many of the errors and omissions that led to patient harm have been repeated This book is not an attack on health services or health professionals Instead it is a search for ways of making health delivery safer for patients and staff who deliver care often in challenging circumstances Its focus is learning rather than blame
