to science and man's deeper understanding of animals through research and investigation. It is now possible to read both the recorded 4000 year history of animal disease and veterinary development together with the story of the animal human relationships and welfare as one cohesive text with extensive backup. The book is organized so that it can be read in a linear manner or for those researching a particular topic by direct access to specific content. The species covered in detail are equine, bovine, ovine, caprine, porcine, canine, feline, avian, and aquatic on every continent. The History of Veterinary Medicine and the Animal Human Relationship is both an informative read and a definitive reference text for veterinary historians, veterinary history societies, veterinary librarians, and archivists. The Jesus Mysteries Timothy Freke, Peter

Gandy, 2001-12-18 Drawing on the cutting edge of modern scholarship, this astonishing book completely undermines the traditional history of Christianity that has been perpetuated for centuries by the Church and presents overwhelming evidence that the Jesus of the New Testament is a mythical figure. Whether you conclude that this book is the most alarming heresy of the millennium or the mother of all revelations, *The Jesus Mysteries* deserves to be read. Fort Worth Star Telegram. Far from being eyewitness accounts as is traditionally held, the Gospels are actually Jewish adaptations of ancient Pagan myths of the dying and resurrecting godman, Osiris, Dionysus. The supernatural story of Jesus is not the history of a miraculous Messiah but a carefully crafted spiritual allegory designed to guide initiates on a journey of mystical discovery. A little more than a century ago, most people believed that the strange story of Adam and Eve was history; today it is understood to be a myth. Within a few decades, authors Timothy Freke and Peter Gandy argue, we will likewise be amazed that the fabulous story of God incarnate, who was born of a virgin, who turned water into wine, and who rose from the dead, could have been interpreted as anything but a profound parable. *Encyclopedia of Fairies in World Folklore and Mythology* Theresa Bane, 2013-08-28 Fairies have been revered and feared, sometimes simultaneously throughout recorded history. This encyclopedia of concise entries from the A senee ki waku of northeastern North America to the Zips of Central America and Mexico includes more than 2,500

individual beings and species of fairy and nature spirits from a wide range of mythologies and religions from all over the globe. **Louisiana Legends & Lore** Alan Brown, 2021-02-08 Lean back into Louisiana lore with an earful of New Orleans jazz and a bellyful of Cajun cuisine. But when the music dies down and the lights flicker out, hushed conversations bleed into the darker mysteries of the Pelican State. Storied outlaws like John Murrell, Eugene Bunch, and Leather Britches Smith steal into the room. Voodoo priestesses Marie Laveau and Julia Brown are already there, along with the Phantom Whistler and the Axeman of New Orleans. Folklorist Alan Brown educates and entertains with tales of the unseemly, bizarre, and otherworldly like the legends of the Rougarou, the Lutin, and the Honey Island Swamp Monster. *Embroidered Histories* Barbara Karl, 2016-03-08 Early modern India was an economic core region producing manifold textiles for export. During the sixteenth century, a new customer entered the stage and expanded its influence from the city of Goa, Portugal. From early times, the Portuguese had bought and commissioned textiles among them large embroideries from Bengal and Gujarat, which are the

focus of this study By providing European prints as models for the professional local embroiderers they created a novel product that was successful in Portugal and beyond throughout the seventeenth century The textiles were deemed valuable and rare enough to be included in different travel accounts letters and inventories enabling us to trace their place of production their transportation to Europe and their reception Their intricate iconographies reflect political problematics of the time and shed light onto the intercultural circumstances of Portuguese colonial life Barbara Karl is Curator of Textiles and Carpets at the MAK Museum f r Angewandte Kunst Gegenwartskunst in Vienna *Christian IV and his Navy* Martin Bellamy,2006-11-30 This book provides a detailed survey of the Danish navy during the highly influential reign of Christian IV He created a large and powerful navy with impressive ships and one of Europe s finest dockyards It was relatively advanced in the design and construction of its warships and the administration of its seamen and dockyard workforce However its political and military leadership were highly flawed reflecting the power struggle between the king and his council at both an international and domestic level which ultimately led to its crushing defeat at the hands of Sweden This work offers for the first time a valuable insight into the workings of one of the most significant but frequently ignored navies in early modern Europe **Biology and Human Affairs** ,1975 **The Watkins Dictionary of Symbols** Jack Tresidder,2012-01-01 Traditional symbols form a visual shorthand for ideas yet their functions and meaning extend far beyond that for thousands of years they have enabled artists and craftsmen to embody and reinforce beliefs about human life in immediate and powerful images This accessible and comprehensive guide features more than 2 000 major themes from Absinthe to the Zodiac figures and symbols found in myth literature and art as well as those that have entered into the mainstream of everyday life Covering classical and other mythologies Biblical themes and traditional symbols from cultures across the world this wonderful dictionary has thorough yet concise entries on individual animals plants objects supernatural creatures mythical episodes miracles and many other topics Chambers's encyclopædia Chambers W. and R., ltd,1874 Encyclopedia of Ancient Deities Charles Russell Coulter,Patricia Turner,2021-12-06 Throughout history humans have pondered the question of their existence In nearly every society part of the answer has included some form of god or goddess For the Mayans one such deity was Ajtzak who tried to create humans from wood for the Yorubas of Africa Shango controlled the thunder and lightning The Chinese of the Shang dynasty era worshipped Shang Ti Evil deities were also part of the answer as in the case of the Kuvera the Hindu chief of evil in the Vedic period and Tu the Persian or Islamic demon of fatal accidents All of the known ancient gods many heretofore obscure or known only from mythological literature are included in this exhaustive reference work The focus is on their origins histories and functions The people who believed in each deity are identified along with alternate names or spellings both old and modern The descriptions that follow are of the functions origins and physical nature of the deities Extensive cross references are provided for alternate spellings and names The Pelican Guide to Gardens of Louisiana Leblanc, Joyce YelDell,1974 The book includes histories and descriptions of such splendid gardens as Longue Vue

and Rosedown Hodges When the Golden Bough Breaks Peter Munz,2016-03-02 This original provocative study first published in 1973 presents a new method of interpretation of mythology and reveals the wide ranging implications of this universal phenomenon for many disciplines The volume begins with a sympathetic but critical examination of L vi Strauss s interpretation of mythology Professor Munz points out the deficiencies in structuralist interpretations and takes L vi Strauss s neglect of the historicity of all myths as a starting point for an alternative approach to mythology Myths he argues come in typological series If the whole series is read forward to the most specific version the myths will reveal their inherent meaning typologically **Hamlet Manual** Jonnie Patricia Mobley,2010-09-01 Make Shakespeare s Hamlet come alive for your students This manual is filled with background information on Shakespeare and his theatre suggestions for teaching and producing the play summaries of every scene and questions and answers for every act You ll also find an annotated bibliography a guide to pronouncing proper names a Shakespearean time line and a glossary of terms For the best experience use this manual alongside the Access to Shakespeare edition of Hamlet
