Christianity and the Roman Empire Ralph Martin Novak, 2001-02-01 The rise of Christianity during the first four centuries of the common era was the pivotal development in Western history and profoundly influenced the later direction of all world history Yet for all that has been written on early Christian history the primary sources for this history are widely scattered difficult to find and generally unknown to lay persons and to historians not specially trained in the field In *Christianity and the Roman Empire* Ralph Novak interweaves these primary sources with a narrative text and constructs a single continuous account of these crucial centuries The primary sources are selected to emphasize the manner in which the government and the people of the Roman Empire perceived Christians socially and politically the ways in which these perceptions influenced the treatment of Christians within the Roman Empire and the manner in which Christians established their political and religious dominance of the Roman Empire after Constantine the Great came to power in the early fourth century CE Ralph Martin Novak holds a Masters Degree in Roman History from the University of Chicago For

In *The Complete History of the Christian Church*, Philip Schaff intricately weaves the narrative of Christian faith from its nascent beginnings to the complexities of modern denominations. This extensive work is characterized by Schaff's erudite prose, integrating rigorous scholarship with accessible language. The narrative is meticulously organized into distinct eras, illustrating the multifaceted developments and doctrinal shifts within Christianity. His contextualization of historical events, such as the Reformation and the Great Schism, enriches the reader's understanding of the interplay between faith and culture throughout the ages.

Philip Schaff (1819-1893) was a prominent theologian and historian whose deep-rooted interest in Christian doctrine and ecclesiastical history stemmed from his own experiences as a Swiss immigrant in America. His commitment to ecumenicism and historical accuracy motivated him to chronicle the evolution of the Church, providing insights into theological debates and their impact on society. Schaff's scholarly endeavors were also shaped by his role as a professor and editor, positioning him uniquely to address the diverse perspectives within Christianity. I wholeheartedly recommend Schaff's work to anyone with an interest in Christian history or theology. disciplines in the humanities Re Envisioning Christian Humanism recovers a Christian humanist ethos for our time The volume offers a chronological overview from patristic humanism to the Reformation and beyond and individual examples Jewell Calvin of past Christian humanisms The chapters are connected through the theme of Christian paideia as the foundation for liberal arts education     *Learning and Discerning Christian History* A. Iconoclast, 2022-09-24 Christian history in this present age is not taught in schools or even churches It has been twisted by pagans and priests alike This book was born out of darkness to shine forth as a light History is a vast subject that teaches us the ways of man and his depravity toward his fellow men It shows us the ways in which man has been led astray and lied to It instructs us in the way the Father works throughout time He reveals the common enemy of man in His story It teaches us that there is hope and love in the remnant of mankind We war daily against unseen and evil forces His word is for battle Arm yourselves Learning and Discerning Christian History is a light in the darkness and a textbook for the last days Combined with the Holy Bible this book is a weapon of war in the hands of the children of the most high God Prepare study be vigilant be watchful be bold and hold on to his words while learning and discerning Christian history The LORD is a man of war the LORD is his name Exodus 15 3 Seek ye the LORD while he may be found call ye upon him while he is near Isaiah 55 6
