Bill, John Alden Williams, 2002-05-09 i This timely work explores two influential religious traditions that might seem to have little in common Twelver Shi'i Islam and Roman Catholicism With the worldwide rise of religious fundamentalism it is imperative that religious movements such as Christianity and Islam begin working harder to understand one another's history and beliefs Myths and misunderstandings continue to prevail and observers tend to focus on the differences between the two faith systems Without denying these differences the authors of this book reveal a number of interesting linkages between Roman Catholicism and Twelver Shi'ism They compare the histories of the two faiths consider parallels between important figures in each and highlight the doctrinal structural and sociopolitical similarities they share Balanced in tone and carefully researched the book helps explain the essence of both traditions while enriching our understanding of each There are an estimated 140 million Twelver Shi'is in the world today The highest percentages live in Persian Gulf countries including Iran and Iraq and in Azerbaijan Lebanon and Afghanistan Sizable numbers also inhabit Pakistan India and Turkey The largest Christian denomination Roman Catholicism is present across the globe though its population of more than one billion people is concentrated in North and South America and in Europe

**The Making of Martyrdom in Modern Twelver Shi'ism** Adel Hashemi, 2022-02-24 In Twelver Shi'a Islam the wait for the return of the Twelfth Imam Muhammad ibn al Hasan al Mahdi at the end of time overshadowed the value of actively seeking martyrdom However what is the place of martyrdom in Twelver Shi'ism today This book shows that the Islamic revolution in Iran resulted in the marriage of Shi'i messianism and extreme political activism changing the mindset of the Shi'a worldwide Suddenly each drop of martyrs blood brought the return of al Mahdi one step closer and the Islamic Republic of Iran supposedly became the prelude to the foretold world revolution of al Mahdi Adel Hashemi traces the unexplored area of Shi'i discourse on martyrdom from the 1979 revolution when the Islamic Republic's leaders cultivated the culture of martyrdom to topple the Shah's regime to the dramatic shift in the understanding of martyrdom today Also included are the reaction to the Syrian crisis the region's war with ISIS and other Salafi groups and the renewed commitment to the defense of shrines This book shows the striking shifts in the meaning of martyrdom in Shi'ism revealing the real relevance of the concept to the present day Muslim world

*Christianity* Mark Bradley, 2011-10-27 In this enlightening study Mark Bradley looks at the growing underground church in Iran. Given the hostility of the regime it is often assumed that Christianity is withering in Iran but in fact more Iranian Muslims have become Christians in the last 25 years than since the seventh century when Islam first came to Iran. Beginning with an in-depth look at the historical identity of Iran religiously, culturally and politically, Bradley shows how this identity makes Iranians inclined towards Christianity. He goes on to look at the impact of the 1979 revolution, an event which has brought war, economic chaos and totalitarianism to Iran and its implications for Iranian faith. The study concludes with an analysis of church growth since 1979 and an examination of the emerging underground church. This is a fascinating work guaranteed to improve any reader's knowledge of not only Iranian faith and church growth but of Iranian culture and history as a whole thanks to the thorough treatment given to the country's background. David Pinault, 2018-08-22 This book on Islam has an unusual perspective. It argues that a critically minded examination of Islam can help Christians achieve a deeper appreciation of the unique truths of their own faith. It draws on the author's personal experiences living in Islamic countries and his fieldwork with persecuted Christian minority communities especially in Pakistan, Yemen, Egypt and Indonesia. It includes the author's own original translations of Islamic texts in Arabic, Persian and Urdu as well as primary source materials in Latin that were written by Christian participants in the Crusades. The author focuses on Muslim interactions with the Christian tradition. He examines and takes issue with the misguided approach of those Christians and Muslims who in the interests of Christian-Muslim rapprochement minimize theological differences between the two faiths especially in the area of Christology. Such attempts at rapport, he writes, do a profound disservice to both religions. Illustrating the Muslim view of Christ with Islamic polemical texts from the eleventh to the twenty-first centuries, the author draws on Hans Urs von Balthasar and other theologians of kenotic Christology to show how Islamic condemnations of divine weakness and neediness can deepen our appreciation of what is most uniquely Christian in our vision of Jesus as God-made-man who voluntarily experiences weakness, suffering and death in solidarity with all human beings. Both timely and urgently needed, *The Crucifix on Mecca's Front Porch* invites readers to reflect on the stark differences between Christianity and Islam and to appreciate the uniqueness of the Christian faith. Richard Sudworth, 2017-10-30 What do Christian Churches say Islam is? What does the Church of England say Islam is? And in the end, what space is there for genuine engagement with Islam? Richard Sudworth's unique study takes as its cue the question of political theology and brings this burgeoning area of debate into dialogue with Christian-Muslim relations and Anglican ecclesiology. The vexed subject of Christian-Muslim Relations provides the presenting arena to explore what political theologies enable the Church of England to engage with the diverse public square of the twenty-first century. Each chapter concludes with an Anecdotes from the Field section setting themes from the chapter in the context of Richard Sudworth's own ministry within a Muslim majority parish. **The Caliph and the Imam** Toby Matthiesen,2023 The authoritative account of the sectarian division that for centuries has shaped events in the Middle East and the Islamic world In 632 soon after the prophet Muhammad died a struggle broke out among his followers as to who would succeed him The majority argued that the new leader of Islam should be elected by the community s elite Others believed only members of Muhammad s family could lead This dispute over who should guide Muslims the appointed Caliph or the bloodline Imam marks the origin of the Sunni Shii split in Islam Toby Matthiesen explores this hugely significant division from its origins to the present day Moving chronologically his book sheds light on the many ways that it has shaped the Islamic world outlining how over the centuries Sunnism and Shiism became Islams two main branches particularly after the Muslim Empires embraced sectarian identity It reveals how colonial rule institutionalised divisions between Sunnism and Shiism both on the Indian subcontinent and in the greater Middle East giving rise to pan Islamic resistance and Sunni and Shii revivalism It then focuses on the fall out from the 1979 revolution in Iran and the US led military intervention in Iraq As Matthiesen shows however though Sunnism and Shiism have had a long and antagonistic history most Muslims have led lives characterised by confessional ambiguity and peaceful co existence Tensions arise when sectarian identity becomes linked to politics Based on a synthesis of decades of scholarship in numerous languages *The Caliph and the Imam* will become the standard text for readers looking for a deeper understanding of contemporary sectarian conflict and its historical roots

**Revolution Beyond the Event** Charlotte Al-Khalili,Narges Ansari,Myriam Lamrani,Kaya Uzel,2023-05-02 Revolution Beyond the Event brings together leading international anthropologists alongside emerging scholars to examine revolutionary legacies from the MENA region Latin America and the Caribbean It explores the idea that revolutions have varied afterlives that complicate the assumptions about their duration pace and progression and argues that a renewed focus on the temporality of radical politics is essential to our understanding of revolution Approaching revolution through its relationship to time the book is a critical intervention into attempts to define revolutions as bounded events that act as sequential transitions from one political system to another It pursues an ethnographically driven rethinking of the temporal horizons that are at stake in revolutionary processes arguing that linear views of revolution are inextricably tied to notions of progress and modernity Through a careful selection of case studies the book provides a critical perspective on the lived realities of revolutionary afterlives challenging the liberal humanist assumptions implicit in the modern idea of revolution and reappraising the political agency of people caught up in revolutionary situations across a variety of ethnographic contexts
