Romance Of Italy And The English Political Imagination:

The Romance of Italy and the English Imagination Maura O'Connor, 1998-10-14 In blurring the boundaries between fact and fiction diplomats and travellers English nation and Italian nation Maura O'Connor shows us the extent to which imagination pleasure and politics were intimately interwoven in her story of the English middle class fascination with the Italian peninsula from the early 1800s through to the 1860s O'Connor uses a variety of sources ranging from travel writings and the popular press to diplomatic dispatches and official correspondence to illustrate how influential the romance of Italy was to the bourgeois liberal and above all English social order during a time when class society was undergoing reconfiguration Her use of the collective imagination as a crucial historical tool and her emphasis on narrative as a means not only to read texts but also to understand political sources such as diplomatic documents as reflections of culture ensures that this book breaks new ground and defies conventional categorization Also included are the unique assertions that the concepts of Englishness and England were conceived in anything but isolation and that neither high politics nor foreign policy may be viewed as domains separate from the forces of cultural imagination and production **Italian Politics and**

Helstosky brings historical perspective to the study of art forgery and art fraud She reveals how historical circumstances and structural imbalances of cultural power shaped the market for art and antiquities and amplified incidents of art deception and forgery scandals Intimacy and Italian Migration Loretta Baldassar, Donna R. Refugees and Cultural Transfer to Britain Stefan Manz, Panikos Panayi, 2013-10-18 This book is the first to focus specifically upon the relationship between refugees and intercultural transfer over an extensive period of time. Since circa 1830 a series of groups have made their way to Britain beginning with exiles from the failed European revolutions of the mid nineteenth century and ending with refugees who have increasingly come from beyond Europe. The book addresses four specific questions: First, what roles have individuals or groups of refugees played in cultural and political transfers to Britain since 1830? Second, can we identify a novel form of cultural production which differs from that in the homeland? Third, to what extent has dissemination within and transformation of the receiving culture occurred? Fourth, to what extent do refugee groups themselves undergo a process of cultural restructuring? The coverage of the individual essays ranges from high culture through politics and everyday practices. The volume moves away from general perceptions of refugees as problem groups and rather focuses on the way they have shaped and indeed enriched British cultural and political life. This book was previously published as a special issue of *Immigrants and Minorities*.
