In the Holy Kingdom the saints and saintesses who could communicate with God belonged to the high ranking occupation group It was evident that Lina who was blessed by the god of love in the Holy Kingdom where various gods coexisted lived in rituals even though Lina was not from noble family Of course although Lina was strongly blessed with her how people looked at her did not change She is the saintess who follows the god of love but she s an idiot Hey what are you looking at Lina Oh no I m sorry Okay So you laid your eyes like that Your are not the right saintess You haven t been recognized as a priestess yet How long was it about ten years It was everyday that she heard those insults when she went around the several temples An idiot For Lina it was an expression that could not be rebutted Many gods in the Holy Kingdom had the area of their own In the case of Lina s Narham she was a goddess who was in charge of love And the saints and saintesses who followed the gods were recognized as a proper general priest and priestess when they experienced the area of the god In other words even though her classmates were promoted to a general priest and priestess this was why Lina still stayed as her apprentice She was twenty one years old but she didn t get a marriage proposal Even the gods are married early But what is she Also That s because she is not from noble family Even though she apologized the priests next to her was raising their voice and talking about her It was as they said It was common for a girl to be married in her mid teens or when she became an adult Only then did she enjoy the blessing of Narham the god of love But Lina had no marriage proposal even though she was twenty one years old When she was young they said She was famous for being able to use her greatest power among the young priests Genius Genius from serf It s an old saying She couldn t even get married so she can t use it right Still Lina who bowed her head quickly moved her steps Most of the people here were ridiculous that Lina who was not a noble woman became a priestess So they despised her and her family background When she went around them they routinely frowned upon her Lina are you going to return her book Ah Sir Sitana hello I forgot saying hello to you However Eric Sitana the vice president of the 2nd Holy Knights was different As the second son of a Sitana s family he was the youngest in Holy Knights and soon afterwards he became only a deputy commandant There was a rumor that he received a suggestion for the commandant He had a dark blue eyes that resembled the sea and he was quite famous here He looked like god s perfect appearance but most of all his character was excellent

played an essential role in the shaping of European spirituality and culture. Combining in a unique way a sensual and deeply lyrical celebration of love with a well established tradition of Christian allegorical interpretation, this text, crucial to both the Middle Ages and the early modern period, held a particular appeal for poets devoted not only to religious verse but also to love poetry. *The Song of Songs and Its Tradition in Renaissance Love Lyric* is the first systematic and wide ranging investigation of the multifaceted use of the Song of Songs in Renaissance love lyric poetry, with specific attention to Italian, French and especially English poetic production. At the same time, this investigation is embedded into a narrative that, comprising two initial chapters devoted to medieval poetry and to Francesco Petrarca, represents an unprecedented attempt to trace the role of the Song of Songs in the rise and development of the European love lyric, following its path or rather one of its paths from the medieval origins of this tradition to the end of the sixteenth century. The picture of the general impact of the Song of Songs in the development of the European love lyric is combined with in depth analysis of key works by specific authors, including Dante Alighieri, Francesco Petrarca, Torquato Tasso, Marguerite de Navarre, Anne de Marquets, Clément Marot, Richard Barnfield, Edmund Spenser, William Shakespeare, John Donne, Elizabeth Melville and Aemilia Lanyer, promoting a contextualization of their significance within a new interpretative framework. While the comparative standpoint characterizing this study fosters a deeper comprehension of the evolution of the European love lyric, its multidisciplinary approach, which considers the Song of Songs as the centre of a web of dynamics pertaining to the fields of literature, philosophy, theology and religious and cultural history, contributes to the understanding of the thought and spirit of ages crucial to the shaping of European culture.
