Romance and the Erotics of Property Jan Cohn, 1988 *Romance and the Erotics of Property* examines contemporary popular romance from a number of different points of view probing for codes and subtexts that sometimes exploit and sometimes contradict its surface tale of romantic attraction frustration longing and fulfillment Cohn argues that a full understanding of the contemporary romance requires an investigation of its literary and historical sources and analogues Three principal sources are examined in the context of women's history in bourgeois society *Pride and Prejudice* Jane Eyre and *Gone With the Wind* demonstrate the development of romance fiction's themes yet in all three the central love story is complicated by issues of property the sign of male power Jan Cohn further considers the development of the genre in the fictions of Harriet Lewis and May Agnes Fleming prolific and popular American romance writers of the late nineteenth century who developed the role of the villain thereby bringing into focus the sexual and economic struggles faced by the heroine *Romance and the Erotics of Property* sets romance fiction against a historic and literary background arguing that contemporary romance disguises as tales of love the subversive fantasies of female appropriation and male property and power

Modern Love David Shumway, 2003-08 My ideas of romance came from the movies said Woody Allen and it is to the movies as well as to novels advice columns and self help books that David Shumway turns for his history of modern love *Modern Love* argues that a crisis in the meaning and experience of marriage emerged when it lost its institutional function of controlling the distribution of property and instead came to be seen as a locus for feelings of desire togetherness and loss Over the course of the twentieth century partly in response to this crisis a new language of love intimacy emerged not so much replacing but rather coexisting with the earlier language of romance Reading a wide range of texts from early twentieth century advice columns and their late twentieth century antecedent the relationship self help book to Hollywood screwball comedies and from the relationship films of Woody Allen and his successors to contemporary realist novels about marriages Shumway argues that the kinds of stories the culture has told itself have changed Part layperson's history of marriage and romance part meditation on intimacy itself *Modern Love* will be both amusing and interesting to almost anyone who thinks about relationships and who doesn't

Paul Gifford,2016-12-05 European literature and theory of the twentieth century have been intensely preoccupied with questions of Desire whereas love has increasingly represented a fractured and strange if not actually suspect proposal this is a prime symptom of an age of deep cultural mutation and uncertainty Paul Gifford s book allows this considerable contemporary phenomenon to be observed steadily and whole with strategic understanding of its origins nature and meaning Gifford paints a clear and coherent picture of the evolution of erotic ideas and their imaginary and formal expressions in modern French writing He first retraces the formative matrix of French tradition by engaging with five classic sources Plato s Symposium the Song of Songs the myth of Genesis the tension between Greek Eros and Christian Agape and the repercussions of Nietzsche s declaration of the death of God Modern variations on these perennial problematics are then pursued in ten chapters devoted to Proust Val ry Claudel Breton Bataille Duras Barthes Irigaray Emmanuel Kristeva Literary and theoretical perspectives are perfectly blended in his study of these attempts at deciphering Eros The book will appeal not only to students of French literature but to all those interested in the cultural upheavals of the twentieth century **A**

Romance Revisited Lynne Pearce, Jackie Stacey, 1995-10 After decades of feminism and deconstruction romance remains firmly in place as a central preoccupation in the lives of most women Divorce rates skyrocket the traditional family is challenged from all sides and yet romance seems indestructible In terms of its cultural representation the popularity of romance also appears unchallenged Popular fiction Hollywood cinema television soap operas and the media in general all display a seemingly bottomless appetite for romantic subjects The trappings of classic romance white weddings love songs Valentine s Day are as commercially viable as ever In this anthology of original essays romance is revisited from a wide spectrum of perspectives not just in fiction and film but in a whole range of cultural phenomena Essays range over such issues as Valentine s Day interracial relationships medieval erotic visions and modern romance fiction the relationship between the lesbian poet H D and Bryher the pervasive whiteness of romantic desire lesbian erotica in the age of AIDS and the public romance of Charles and Diana

Love, Sex and Teenage Sexual Cultures in South Africa Deevia Bhana, 2017-10-25 Love Sex and Teenage Sexual Cultures in South Africa interrupts the relative silence around teenage constructions of love in South Africa Against the backdrop of gender inequalities HIV and violence the book situates teenage constructions of love and romance within the wider social and cultural context underwritten by the histories of apartheid chronic unemployment poverty and the endless struggle to survive By drawing on focus group discussions with African teenage men and women the book addresses teenage Africans as active agents providing a more nuanced picture of their desires and their dilemmas through which sexuality and love are experienced The chapters in the book conceptualise desiring love material love pure love forced love and fearing love It argues that love is intrinsically linked to cultural practices and material realities which mold particular formations of teenage masculinities and femininities This book will be of interest to academics undergraduates postgraduates and researchers in sociology HIV health and gender studies development and postcolonial studies and African studies

The Death-ego and the Vital Self Gavriel Reisner, 2003 This volume presents original views of the relationship between desire and romance It begins by looking anew at the nature of desire citing its central theoretical text as Freud s Beyond the Pleasure Principle It traces the struggle between myth and romance between the ego on its way to death and the self in search of life through close readings of poems and letters of John Keats and in detailed considerations of a series of novels including *Frankenstein* *Wuthering Heights* *Jane Eyre* and *Sons and Lovers*

New Desires, New Selves Gul Ozyegin, 2015-08-21 As Turkey pushes for its place in the global pecking order and embraces neoliberal capitalism the nation has seen a period of unprecedented shifts in political religious and gender and sexual identities for its citizens In *New Desires New Selves* Gul Ozyegin shows

how this social transformation in Turkey is felt most strongly among its young people eager to surrender to the seduction of sexual modernity but also longing to remain attached to traditional social relations identities and histories Engaging a wide array of upwardly mobile young adults at a major Turkish university Ozyegin links the biographies of individuals with the biography of a nation revealing their creation of conflicted identities in a country which has existed uneasily between West and East modern and traditional and secular and Islamic For these young people sexuality gender expression and intimate relationships in particular serve as key sites for reproducing and challenging patriarchy and paternalism that was hallmark of earlier generations As Ozyegin evocatively shows the quest for sexual freedom and an escape from patriarchal constructions of selfless femininity and protective masculinity promise both personal transformations and profound sexual guilt and anxiety A poignant and original study *New Desires New Selves* presents a snapshot of cultural change on the eve of rapid globalization in the Muslim world

Twenty-First-Century Children's Gothic Chloe Germaine Buckley, 2018-01-09 Brings Ben Jonson to the twenty first century by reading *Volpone* through psychoanalysis poststructuralism and Marxism

Ennobling Love C. Stephen Jaeger, 2010-08-03 Richard Duke of Aquitaine son of the King of England remained with Philip the King of France who so honored him for so long that they ate every day at the same table and from the same dish and at night their beds did not separate them And the King of France loved him as his own soul and they loved each other so much that the King of England was absolutely astonished at the vehement love between them and marveled at what it could mean Public avowals of love between men were common from antiquity through the Middle Ages What do these expressions leave to interpretation An extraordinary amount as Stephen Jaeger demonstrates Unlike current efforts to read medieval culture through modern mores Stephen Jaeger contends that love and sex in the Middle Ages relate to each other very differently than in the postmedieval period Love was not only a mode of feeling and desiring or an exclusively private sentiment but a way of behaving and a social ideal It was a form of aristocratic self representation its social function to show forth virtue in lovers to raise their inner worth to increase their honor and enhance their reputation To judge from the number of royal love relationships documented it seems normal rather than exceptional that a king loved his favorites and the courtiers and advisors clerical and lay loved their superiors and each other Jaeger makes an elaborate accessible and certain to be controversial case for the centrality of friendship and love as aristocratic lay clerical and monastic ideals *Ennobling Love* is a magisterial work a book that charts the social constructions of passion and sexuality in our own times no less than in the Middle Ages

Dirty Love Tim Whitmarsh, 2018-04-02 Some of the world's earliest large form fictional narratives what would today be called novels are found in ancient Greece Dating back to the first century CE these narratives contain many of the elements common to the novelistic genre for instance the joining separation and reunion of two lovers These ancient works have often been heralded as the ancestors of the modern novel but what can we say of the origins of the Greek novel itself This book argues that whereas much of Greek literature was committed to a form of cultural purism presenting itself as part of a continuous tradition reaching back to the founding fathers within the tradition the novel reveled in cultural hybridity The earliest Greek novelistic literature combined Greek and non Greek traditions More than this however it also often self consciously explored its own hybridity by focusing on stories of cultural hybridization or what we would now call mixed race relations This book is thus not a conventional account of the origins of the Greek novel it is not an attempt to pinpoint the moment of invention and to trace its subsequent development in a straight line Rather it makes a virtue of the murkiness or dirtiness of the origins of the novel there is no single point of creation no pure tradition only transgression and transformation The novel thus emerges as an outlier within the Greek literary corpus a form of literature written in Greek but not always committing to Greek cultural identity *Dirty Love* focuses particularly on the relationship between Persian Egyptian Jewish and Greek literature and explores such texts as Ctesias Persica Joseph and Aseneth the Alexander Romance and the tale of Ninus and Semiramis It will appeal not only to those interested in Greek literary history but also to readers of near eastern and biblical literature

Lawyers at Play Jessica Winston, 2016 Many early modern poets and playwrights were also members of the legal societies the Inns of Court and these authors shaped the development of key genres of the English Renaissance especially lyric poetry dramatic tragedy satire and masque But how did the Inns come to be literary centers in the first place and why were they especially vibrant at particular times Early modernists have long understood that urban setting and institutional environment were central to this phenomenon in the vibrant world of London educated men with time on their hands turned to literary pastimes for something to do *Lawyers at Play* proposes an additional more essential dynamic the literary culture of the Inns intensified in decades of profound transformation in the legal profession Focusing on the first decade of Elizabeth's reign the period when a large literary network first developed around the societies this study demonstrates that the literary surge at this time developed out of and responded to a period of rapid expansion in the legal profession and in the career prospects of members Poetry translation and performance were recreational pastimes however these activities also defined and elevated the status of inns of court men as qualified learned and ethical participants in England's legal magistracy those lawyers judges justices of the peace civic office holders town recorders and gentleman landholders who managed and administered local and national governance of England *Lawyers at Play* maps the literary terrain of a formative but understudied period in the English Renaissance but it also provides the

foundation for an argument that goes beyond the 1560s to provide a framework for understanding the connections between the literary and legal cultures of the Inns over the whole of the early modern period
