images and iconography that made the medieval church a riot of colour this book brings together many of the best surviving examples of medieval church wall paintings It uses new technologies to allow us to visualise these works as the artists first intended Rosewell s text accompanies the images *Hastening Toward Prague* Lisa Wolverton,2012-10-09 This is the first comprehensive study in English of Czech society and politics in the High Middle Ages It paints a vivid portrait of a flourishing Christian community in the decades between 1050 and 1200 Bohemia s social and political landscape remained remarkably cohesive centered on a throne in Prague the Premyslid duke who occupied it a society of property owning freemen and the ascendant Catholic church In decades fraught with political violence these provided a focal point for Czech identity and political order In this the Czechs heavenly patron Saint Vaclav and the German emperor beyond their borders too had a role to play An impressive systematic dissection of a medieval polity *Hastening Toward Prague* is based on a close rereading of written and material artifacts from the eleventh and twelfth centuries Arguing against a view that puts state or nation formation at heart Wolverton examines interactions among dukes emperors freemen and the church on their own terms asking what powers the dukes of Bohemia possessed and how they were exercised within a broader political community Evaluating not only the foundations and practice of ducal lordship but also the form and progress of resistance to it she argues in particular that violence was not a sign of political instability but should be interpreted as reflecting a dynamic economy of checks and balances in a fluid mature political system This also reveals the values and strategies that sustained the Czech Lands as a community The study honors the complexity and dynamism of the medieval exercise of power
