Romania Revisited:

Romania Revisited Alan Ogden, 2022-08-01 *Romania Revisited* is the definitive story of the journeys made by English travelers to Romania between 1602 and 1941. The author Alan Ogden interweaves the impressions of previous generations into the witty account of his own journeys made in the summer and winter of 1998. Starting with the Transylvanian adventures of Captain John Smith in 1602, the bibliography is the most detailed inventory yet published of English travel writing on Romania. The author's own journey is a comprehensive and perspicacious review of today's Romania. Ogden focuses on the heritage and art of the country while providing a delightful account of his own experiences en route. The book is illustrated with the author's own photographs based on the work of Kurt Hielscher in 1933 and with helpful maps drawn by the author. *Romania Revisited* makes a valuable contribution to the study of the external perception of Romania over the centuries and is the perfect travel companion for today's visitor.

Romania: Transylvania Lucy Mallows, Paul

Brummell, 2024-03-15 This new fourth edition of Bradt's *Romania Transylvania* remains the only standalone full-length English language travel guidebook to Transylvania, the legendary enchanting and increasingly popular region of Romania. Co-authored by former British Ambassador to Romania Paul Brummell, *Romania Transylvania* has been thoroughly updated by prolific travel writer Tim Burford, who wrote his first Romania guide in 1991. Transylvania, the land beyond the forest, is a wild, wooded, intensely romantic region filled with mountains and gorges, myths and legends, dragons, bears, wolves, and vampires. Bram Stoker called it one of the wildest and least known parts of Europe, a description that remains true today. Comprehensive chapter-per-county coverage caters for a diverse range of interests, from city breaks to rural escapes, skiing to wildlife watching. One of the most beautiful regions in central Europe and home to three UNESCO World Heritage sites, Transylvania preserves its cultural and artistic treasures in a landscape bordered on three sides by the Carpathian Mountains, which provide Romania's finest skiing and hiking destinations. Hay meadows in the Lower Carpathians form a grassland ecosystem of extraordinary diversity, offering beautiful wildflower displays. The Carpathians are home too to lynx, wild boar, and one of Europe's largest populations of brown bear. Other natural phenomena include the Scarisoara Ice Cave in the Apuseni Mountains and the Sfanta Ana volcanic crater lake in Harghita County. Transylvania's cultural riches include the Dacian fortresses of the Orastie Mountains, including Sarmizegetusa Regia, conquered by Roman Emperor Trajan in AD 106. Historic Sighisoara is a picture-perfect medieval hill town. The fortified churches of southern Transylvania are testament to the perils of life in medieval Saxon communities, subject to frequent attacks from Ottoman raiders. The historic cities of Cluj, Sibiu, and Brasov are rightly feted and host internationally renowned film, electronic music, and theatre festivals. At Turda's salt mine, you can ride the big wheel in an underground amusement park. And if you're inspired by the *Hotel Transylvania* or *Twilight* films, why not follow the Dracula trail, visiting sites linked to Bram Stoker's novel? Whatever your interests with Bradt's *Romania Transylvania*, you can discover the region's many and varied attractions.

Church Reckoning with Communism in Post-1989 Romania Lavinia Stan, Lucian Turcescu, 2021-07-07 The present volume focuses on the relationship with Communism of Romania's most important religious denominations and their attempt to cope with that difficult past which continues to cast an important shadow over their present For the first time ever this volume considers both the majority Romanian Orthodox Church and significant minority denominations such as the Roman and Greek Catholic Churches the Reformed Church the Hungarian Unitarian Church and the Pentecostal Christian Denomination It argues that no religious group escaped collaboration with the Communists After 1989 however most denominations had little desire to tackle their tainted past and make a clean start In part this situation was facilitated by the country's deficient legislation that did not encourage the pursuit of lustration which in turn did not lead to a serious movement of elite renewal in the religious realm Instead a strong process of reproduction of the old elites and their adaptation to democracy has been the dominant characteristic of the post Communist period The Rough Guide to Romania (Travel Guide eBook) Rough Guides, 2019-06-01 World renowned tell it like it is guidebook Discover Romania with this comprehensive entertaining tell it like it is Rough Guide packed with comprehensive practical information and our experts honest and independent recommendations Whether you plan to explore the discover the great outdoors wander the streets of Bucharest or visit Dracula country The Rough Guide to Romania will help you discover the best places to explore sleep eat drink and shop along the way Features of The Rough Guide to Romania Detailed regional coverage provides in depth practical information for each step of all kinds of trip from intrepid off the beaten track adventures to chilled out breaks in popular tourist areas Regions covered include Bucharest Cluj Bran Sibiu Brasov Transylvania and more Honest independent reviews written with Rough Guides trademark blend of humour honesty and expertise and recommendations you can truly trust our writers will help you get the most from your trip to Romania Meticulous mapping always full colour with clearly numbered colour coded keys Find your way around Bucharest Cluj Sibiu Brasov and many more locations without

Art, Religion and Resistance in (Post-)Communist Romania Maria Alina Asavei, 2020-10-22 This book illuminates the interconnections between politics and religion through the lens of artistic production exploring how art inspired by religion functioned as a form of resistance directed against both Romanian national communism 1960-1989 and latterly consumerist society and its global market It investigates the critical tactical and subversive employments of religious motifs and themes in contemporary art pieces that confront the religious affair in post communist Romania In doing so it addresses a key gap in previous scholarship which has paid little attention to the relationship between religious art and political resistance in communist Central and South East Europe

Romania under Communism Dennis Deletant, 2018-10-11 Communism has cast a

long shadow over Romania The passage of little over a quarter of a century since the overthrow in December 1989 of Romania's last Communist leader Nicolae Ceaușescu offers a symbolic standpoint from which to penetrate that shadow and to throw light upon the entire period of Communist rule in the country An appropriate point of departure is the observation that Romania's trajectory as a Communist state within the Soviet bloc was unlike that of any other That trajectory has its origins in the social structures attitudes and policies in the pre Communist period The course of that trajectory is the subject of this inquiry

Romania and the Quest for European Identity Cristian Cercel, 2019-03-15 Exploring the largely positive representations of Romanian Germans predominating in post 1989 Romanian society this book shows that the underlying reasons for German prestige are strongly connected with Romania's endeavors to become European The election in 2014 of Klaus Iohannis as Romania's president was hailed as evidence that the country chose a European future that Iohannis belonged to Romania's tiny German minority was also considered to have played a part in his success Cercel argues that representations of Germans in Romania descendants of twelfth century and eighteenth century colonists become actually a symbolic resource for asserting but also questioning Romania's European identity Such representations link Romania's much desired European belonging with German presence whilst German absence is interpreted as a sign of veering away from Europe Investigating this case of discursive self colonization and this apparent symbolic embrace of the German Other in Romania the book offers a critical study of the discourses associated with Romania's postcommunist Europeanization to contribute a better understanding of contemporary West East relationships in the European context This fresh and insightful approach will interest postgraduates and scholars interested in Central Eastern and Southeastern Europe and in German minorities outside Germany It should also appeal to scholars of memory studies and those interested in the study of otherness in general

Integrating Paleoclimate, Stratigraphy, Sedimentology & Paleontology in Human Evolution and Dispersal Studies - from Early Hominins to the Holocene Verena E. Foerster, Christian Zeeden, Annett Junginger, 2022-05-25

Stalin's Legacy in Romania Stefano Bottoni, 2018-05-29 This study explores the little known history of the Hungarian Autonomous Region HAR a Soviet style territorial autonomy that was granted in Romania on Stalin's personal advice to the Hungarian Székely community in the summer of 1952 Since 1945 a complex mechanism of ethnic balance and power sharing helped the Romanian Communist Party RCP to strengthen with Soviet assistance its political legitimacy among different

national and social groups The communist national policy followed an integrative approach toward most minority communities with the relevant exception of Germans who were declared collectively responsible for the German occupation and were denied political and even civil rights until 1948 The Hungarians of Transylvania were provided with full civil political cultural and linguistic rights to encourage political integration The ideological premises of the Hungarian Autonomous Region followed the Bolshevik pattern of territorial autonomy elaborated by Lenin and Stalin in the early 1920s The Hungarians of Székely Land would become a titular nationality provided with extensive cultural rights Yet on the other hand the Romanian central power used the region as an instrument of political and social integration for the Hungarian minority into the communist state The management of ethnic conflicts increased the ability of the PCR to control the territory and at the same time provided the ruling party with a useful precedent for the far larger nationalization of the Romanian communist regime which starting from the late 1950s resulted in ethnicized communism an aim achieved without making use of pre war nationalist discourse After the Hungarian revolution of 1956 repression affected a great number of Hungarian individuals accused of nationalism and irredentism In 1960 the HAR also suffered territorial reshaping its Hungarian born political leadership being replaced by ethnic Romanian cadres The decisive shift from a class dictatorship toward an ethnicized totalitarian regime was the product of the Gheorghiu Dej era and as such it represented the logical outcome of a long standing ideological fouling of Romanian communism and more traditional state building ideologies
