Romania The Entangled Revolution:

Romania Nestor Ratesh, 1991-09-20 This volume offers a full account of the December 1989 revolution that toppled the Communist dictatorship of Nicolae Ceausescu in Romania Based on Ratesh's personal investigation and interviews it offers a full and objective analysis of a complex often puzzling series of events Copyright Libri GmbH All rights reserved [Romania Facts On File, Incorporated, 2004](#) This revised work on Romania looks at the country in light of the abandonment of the centrist coalition under Constantinescu It discusses Romania's relationship with Hungary its support for NATO action against Serbia in 1999 and its struggles to conform to a market based economy [Romania under Communism](#) Dennis Deletant, 2018-10-11 Communism has cast a long shadow over Romania The passage of little over a quarter of a century since the overthrow in December 1989 of Romania's last Communist leader Nicolae Ceau escu offers a symbolic standpoint from which to penetrate that shadow and to throw light upon the entire period of Communist rule in the country An appropriate point of departure is the observation that Romania's trajectory as a Communist state within the Soviet bloc was unlike that of any other That trajectory has its origins in the social structures attitudes and policies in the pre Communist period The course of that trajectory is the subject of this inquiry **Human Rights and Democratization in Romania** United States. Comrades No More Renee De Nevers, 2003-06-20 In 1989 Soviet control over Eastern Europe ended when the communist regimes of the Warsaw Pact collapsed These momentous and largely bloodless events set the stage for the end of

the Cold War and ushered in a new era in international politics Why did communism collapse relatively peacefully in Eastern Europe Why did these changes occur in 1989 after more than four decades of communist rule Why did this upheaval happen almost simultaneously in most of the Warsaw Pact In *Comrades No More* Renee de Nevers examines how internal and external factors interacted in the collapse of East European communism She argues that Gorbachev's reforms in the Soviet Union were necessary to start the process of political change in Eastern Europe but domestic factors in each communist state determined when and how each country abandoned communism A demonstration effect emerged as Hungary and Poland introduced reforms and showed that Moscow would not intervene to prevent political and economic changes De Nevers analyzes the process of change in Hungary Poland Bulgaria the German Democratic Republic Czechoslovakia and Romania She traces the pattern of reform in each country and shows how these patterns influenced their postcommunist political evolution

Problems of Democratic Transition and Consolidation Juan J. Linz, Alfred Stepan, 1996-08-22 Since their classic volume The Breakdown of Democratic Regimes was published in 1978 Juan J Linz and Alfred Stepan have increasingly focused on the questions of how in the modern world nondemocratic regimes can be eroded and democratic regimes crafted In Problems of Democratic Transition and Consolidation they break new ground in numerous areas They reconceptualize the major types of modern nondemocratic regimes and point out for each type the available paths to democratic transition and the tasks of democratic consolidation They argue that although nation state and democracy often have conflicting logics multiple and complementary political identities are feasible under a common roof of state guaranteed rights They also illustrate how without an effective state there can be neither effective citizenship nor successful privatization Further they provide criteria and evidence for politicians and scholars alike to distinguish between democratic consolidation and pseudo democratization and they present conceptually driven survey data for the fourteen countries studied Problems of Democratic Transition and Consolidation contains the first systematic comparative analysis of the process of democratic consolidation in southern Europe and the southern cone of South America and it is the first book to ground post Communist Europe within the literature of comparative politics and democratic theory This is an important volume by two major scholars on a central topic one of broad interest to people in comparative politics to those interested in democracy and to regional specialists on Southern Latin America and on Central and Eastern Europe The book will unquestionably be a major contribution to the literature on constructing democratic governance
