## **Romania Under Communist Rule:**

*Romania Under Communist Rule* Dennis Deletant, 1999 This book is the first synthesis of the history of communism in Romania from the founding of the Romanian Communist Party in 1921 to the revolution that led to the downfall of Communist dictator Nicolae Ceau escu in December 1989 This book is essential reading for anyone wishing to understand the development of communism in Romania and the impact of four decades of Communist rule on Romanian society The introduction discusses the early history of the Romanian Communist Party and its rise to power in the aftermath of the coup of 23 August 1944 that overthrew the regime of Marshal Ion Antonescu The book is divided into three parts The first presents the period of Soviet domination and the consolidation of the Communist regime in Romania during the period from 1947 to 1955 The second discusses the Romanian Communist Party s efforts for autonomy in the period from 1956 to 1969 including the withdrawal of Soviet troops from Romania in 1958 and the coming to power of Nicolae Ceau escu after the death of Gheorghe Gheorghiu Dej in 1965 The third and final section of the books analyzes the neo Stalinist dictatorship of Nicolae Ceau escu culminating in the overthrow of the Communist regime in Romania as a result of the December 1989 Revolution Reviews Once again the indefatigable Professor Deletant has blazed the scholarly way this time with a history of Romania during the forty five years of Communist chicanery and mendacity Deletant has written a book which will bring to the English speaking world important new information and has assembled in one place some important information otherwise only available in some remote books and articles Whether as a university textbook or a political history for the interested reader *Romania under Communist Rule* is strongly recommended Ernest H Latham Jr *Romanian Civilization* Deletant s brief summary of Romanian history from 1947 to 1989 is a very useful overview Essentially [Romania under Communism](#) Dennis Deletant, 2018-10-11 Communism has cast a long shadow over Romania The passage of little over a quarter of a century since the overthrow in December 1989 of Romania s last Communist leader Nicolae Ceau escu offers a symbolic standpoint from which to penetrate that shadow and to throw light upon the entire period of Communist rule in the country An appropriate point of departure is the observation that Romania s trajectory as a Communist state within the Soviet bloc was unlike that of any other That trajectory has its origins in the social structures attitudes and policies in the pre Communist period The course of that trajectory is the subject of this inquiry [Spy Artist Prisoner: My Life in Romania Under Fascist and Communist Rule](#) Tomaziu, George, 2024-09-11 Romanian artist George Tomaziu expected to be imprisoned for monitoring German troop movements during the Second World War He also expected that after the war and his release he might be honoured for fighting Fascism Instead the new Communist government sent him back to prison and stranded him there for 13 years This is his memoir *Marginal Spaces and Cultures of Dissent in Socialist Romania's Black Sea* Ruxandra-Iuliana Canache, 2023-09-05 This book analyzes two Romanian villages 2 Mai and Vama Veche as spaces of relative freedom during the last decades of socialist rule This microhistorical study refutes simplistic views of the communist past

which focus on political figures and events and instead explores ordinary people and everyday life Taking a multidisciplinary approach it considers a broad range of sources including official Communist Party documents secret police files personal memoirs oral history interviews ethnographic films songs and artistic performances This book intertwines three narrative threads that of the visitors mainly members of the Romanian intelligentsia young people and hippies that of the local inhabitants and that of authority local and central state agents actively engaged in surveillance and supervision In doing so it interrogates the spectrum of consent dissent and resistance collaboration hitherto neglected in scholarship

*Romania's Holy War* Grant T. Harward, 2021-11-15 Romania's Holy War rights the widespread myth that Romania was a reluctant member of the Axis during World War II In correcting this fallacy Grant T Harward shows that of an estimated 300 000 Jews who perished in Romania and Romanian occupied Ukraine more than 64 000 were in fact killed by Romanian soldiers Moreover the Romanian Army conducted a brutal campaign in German occupied Ukraine resulting in the deaths of thousands of Soviet prisoners of war partisans and civilians Investigating why Romanian soldiers fought and committed such atrocities Harward argues that strong ideology a cocktail of nationalism religion antisemitism and anticommunism undergirded their motivation Romania's Holy War draws on official military records wartime periodicals soldiers diaries and memoirs subsequent war crimes investigations and recent interviews with veterans to tell the full story Harward integrates the Holocaust into the narrative of military operations to show that most

soldiers fully supported the wartime dictator General Ion Antonescu and his regime's holy war against Judeo Bolshevism. The army perpetrated mass reprisals targeting Jews in liberated Romanian territory, supported the deportation and concentration of Jews in camps or ghettos in Romanian occupied Soviet territory and played a key supporting role in SS efforts to exterminate Jews in German occupied Soviet territory. Harward proves that Romania became Nazi Germany's most important ally in the war against the USSR because its soldiers were highly motivated thus overturning much of what we thought we knew about this theater of war. Romania's Holy War provides the first complete history of why Romanian soldiers fought on the Eastern Front.

Balkan Strongmen Bernd Jürgen Fischer, 2007. **Church Reckoning with Communism in Post-1989 Romania** Lavinia Stan, Lucian Turcescu, 2021-07-07. The present volume focuses on the relationship with Communism of Romania's most important religious denominations and their attempt to cope with that difficult past which continues to cast an important shadow over their present. For the first time ever, this volume considers both the majority Romanian Orthodox Church and significant minority denominations such as the Roman and Greek Catholic Churches, the Reformed Church, the Hungarian Unitarian Church and the Pentecostal Christian Denomination. It argues that no religious group escaped collaboration with the Communists. After 1989, however, most denominations had little desire to tackle their tainted past and make a clean start. In part, this situation was facilitated by the country's deficient legislation that did not encourage the pursuit of lustration, which in turn did not lead to a serious movement of elite renewal in the religious realm. Instead, a strong process of reproduction of the old elites and their adaptation to democracy has been the dominant characteristic of the post-Communist period.

**Architecture RePerformed: The Politics of Reconstruction** Tino Mager, 2016-03-09. First emerging at the beginning of the twentieth century, architectural reconstruction has increasingly become an instrument to visually revive a long bygone past. This book deals with the phenomenon of meticulous reconstruction in architecture. It argues that the politics of reconstruction go far beyond aesthetic considerations. Taking architecture as a major source of history and regional identity, the impact of large scale reconstruction is deeply intertwined with political and social factors. Furthermore, memories and associations correlated with lost buildings of a bygone era are heavily influenced by their re-appearance, something which often contradicts historical events. Reconstruction has become an established way of building and dealing with the past, yet so far there is no comprehensive scientific study on it. By bringing together eight case studies from Eastern Europe, France, Spain, China, Japan, Israel and Brazil, it provides valuable insights into this topic. The chapters analyse the political background of the reconstructions and identify the protagonists. In doing so, this volume adds to our understanding of the impact of reconstruction on memory and oblivion, as well as the critical power of reconstruction regarding contemporary architecture.

and urbanism      **Romania Confronts its Communist Past** Vladimir Tismaneanu, Marius Stan, 2018-05-17 Reckoning with mass crimes perpetrated by an ideologically driven regime entails engaging in a thorough going exploration of its utopian foundations In the case of Romania such an analysis requires an interpretation of the role of personality in the construction of a uniquely grotesque and unrepentant form of neo Stalinist despotism Of all the revolutions of 1989 the only violent one took place in Romania Confronting its communist past therefore involves addressing the abuses committed by the communist regime up to its very last day its failure to engage in Round Table type agreements with democratic representatives and the repression during the first post communist years a direct legacy of the old regime This book shows how moral justice can contribute to a restoration of truth and a climate of trust in politics in the absence of which any democratic polity remains exposed to authoritarian attack      Orthodoxy and the Cold War L. Leustean, 2008-12-10 Explores the dynamics between Orthodoxy and politics in Romania providing an accessible narrative on church state relations from the establishment of the state in 1859 to the rise of Ceau escu in 1965 The book argues that Romanian national communism had an ally in a strong Church and analyzes religious diplomacy with actors in the West      **Cold War** Spencer C. Peasants under Siege Gail Kligman, Katherine Verdery, 2011-07-25 In 1949 Romania's fledgling communist regime unleashed a radical and brutal campaign to collectivize agriculture in this largely agrarian country following the Soviet model Peasants under Siege provides the first comprehensive look at the far reaching social engineering process that ensued Gail Kligman and Katherine Verdery examine how collectivization assaulted the very foundations of rural life transforming village communities that were organized around kinship and status hierarchies into segments of large bureaucratic organizations forged by the language of class warfare yet saturated with vindictive personal struggles Collectivization not only overturned property relations the authors argue but was crucial in creating the Party state that emerged its mechanisms of rule and the new persons that were its subjects The book explores how ill prepared cadres themselves unconvinced of collectivization's promises implemented technologies and pedagogies imported from the Soviet Union through actions that contributed to the excessive use of force which Party leaders were often unable to control In

addition the authors show how local responses to the Party's initiatives compelled the regime to modify its plans and negotiate outcomes Drawing on archival documents oral histories and ethnographic data Peasants under Siege sheds new light on collectivization in the Soviet era and on the complex tensions underlying and constraining political authority
