## Romans Et Nouvelles I 1896 1903:

**La lyre, la plume et le temps** Aude Locatelli,2011-05-02 Un double intérêt pour les rapports musique littérature et pour le concept de Bildung à destination la comparaison dans le cadre de cet ouvrage de dix romans de formation de langues française et allemande qui se partagent symétriquement du milieu du XIXème siècle nos jours Der arme Spielmann de Franz Grillparzer et Consuelo de George Sand Gertrud de Hermann Hesse et Jean Christophe de Romain Rolland Doktor Faustus de Thomas Mann et La Prophétie miraculeuse de Guy de Pourtalès Der Untergang de Thomas Bernhard Porporino de Dominique Fernandez Die Klavierspielerin de Elfriede Jelinek et Tous les matins du monde de Pascal Quignard Cette étude de synthèse tend à égager au regard des œuvres qui présentent une réelle densité musicale littéraire l'évolution et la spécificité du roman de la formation musicale cataloguée littéraire qui est définie par référence aux notions allemandes de Bildungsroman et de Künstlerroman La culture musicale de romanciers dont la formation en ce domaine a servi pour certains de prototypes de la littérature est en effet l'objet d'une transposition littéraire qui confronte le lecteur la problématique fondamentale des rapports de la musique et du langage La revendication du statut d'érivain musicien laquelle s'ajoute l'intertextualité particulière que créent dans ces romans le jeu des références et des citations musicales invitent à refléchir notamment au rapprochement analogique des structures musicales et des structures littéraires

*Souveraineté et impuissance dans l'œuvre de Robert Walser* Konrad Harrer,2008 L'œuvre de Robert Walser 1878-1956 a déjà suscité nombre d'analyses critiques et la résistance que les personnages opposent au monde qui les entoure a maintes fois souligné Pour autant le sujet est-il puis l'auteur de ce livre ne le pense pas S'inspirant essentiellement de la théorie systémique développée par le sociologue allemand Niklas Luhmann il se interroge sur les spécificités de cette souveraineté que la critique croit pouvoir discerner chez l'auteur suisse Cette attitude qui se manifeste dans l'univers du travail et dans les relations amoureuses mais aussi dans le rapport de l'érivain à la littérature ne se heurte-t-elle pas cependant des limites et cet individualisme intransigeant ne fait-il pas surgir les risques de la solitude et du non-sens La théorie luhmannienne qui conceptualise les rapports entre système psychique et système social et accorde une place privilégiée à l'examen des conditions nécessaires une communication réussie se révèle particulièrement apte à servir d'outil dans l'étude d'une œuvre prise entre deux extrêmes de refus de dire le monde et le moi

Barnes, 2006-09-01 In 1914 a remarkable poetic work appeared in Sydney Australia written in the form of a Symbolist livre compos by one of Stéphane Mallarmé's earliest admirers Christopher Brennan The book simply titled Poems shows that Brennan was exploring pressing religious issues of his time He melded Western esoteric currents such as alchemy and Rosicrucianism with Romantic literature and philosophy and French Symbolist theory This book argues that the focus of Poems is the notion of a higher self It is the first major study of Brennan's work in this broad religious philosophical and literary context Its argument is supported by evidence from Brennan's own library and the holdings of the Sydney library in which he worked [MLN](#), 1910 [The National Union Catalog, Pre-1956 Imprints](#) Library of Congress,American Library Association. **Pierre Loti and the Theatricality of Desire** Peter James Turberfield, 2008-01-01 Pierre Loti and the Theatricality of Desire offers an original analysis of patterns of unconscious desire

observable in the life and work of the French orientalist writer Pierre Loti It aims to reconcile attitudes and conduct that have been regarded as contradictory and not amenable to analysis by locating the unconscious urges that motivate them It looks at the ambiguous feelings Loti expresses towards his mother the conflicting desires inherent in his bisexuality and his deeply ambiguous sense of a cultural identity as expressed through his cross cultural transvestism The political implications of this reappraisal are also considered offering a potential reassessment of the apparently exploitative nature of much of Loti's writing This new reading in terms of the unconscious not only serves as a way of understanding inconsistencies but also suggests how such new interpretations can offer an alternative way of viewing the hierarchies of power his work portrays on both a sexual and political level This volume is consequently of interest to those interested in gender studies and sexual politics and offers a way of appreciating writing that might otherwise appear dated and embarrassingly sexist and colonialist in content to twenty first century readers
