Kentucky's Covered Bridges Robert W. M. Laughlin, Melissa C. Jurgensen, 2007 Kentucky is well recognized for bourbon bluegrass and the Kentucky Derby When thinking of covered bridges the commonwealth is not the state that readily comes to mind Many of Kentucky's covered bridges were built by such men as Wernwag Bower Carothers Day Stone and Long but many of the names were never recorded or have been lost to time Kentucky once was home to the longest single span wooden bridge in the world and to a covered bridge through which a Civil War battle was fought Time arson progress neglect and misguided maintenance have spelled the demise of the majority of these structures Readers of this volume might be surprised to learn that Kentucky once claimed more than 700 timbered tunnels and that over 50 of these survived well into the 1950s Equally surprising the commonwealth is still home to 13 of these structures

Palestrina and the German Romantic Imagination James Garratt,2002-07-18 Focusing on the reception of Palestrina this bold interdisciplinary study explains how and why the works of a sixteenth century composer came to be viewed as a paradigm for modern church music It explores the diverse ways in which later composers responded to his works and style and expounds a provocative model for interpreting compositional historicism In addition to presenting insights into the works of Bruckner Mendelssohn and Liszt the book offers fresh perspectives on the institutional aesthetic and ideological frameworks sustaining the cultivation of choral music in this period This publication provides an overview and analysis of the relation between the Palestrina revival and nineteenth century composition and it demonstrates that the Palestrina revival was just as significant for nineteenth century culture as parallel movements in the other arts such as the Gothic revival
