Romantic Presences Living Images From:

Active Romanticism Julie Carr, Jeffrey C. Robinson, 2015-03-31 Essays that highlight the pervasive role of Romantic poetry and poetics on modern and contemporary innovative poetry *Unfettering Poetry* J. Robinson, 2006-04-29 This book calls attention to the pervasive but largely unacknowledged poetics of the Fancy evident in poetry written during the British Romantic period These poetics Robinson demonstrates are an early nineteenth century version of what will become the visionary experimental open form poetics of the twentieth century [Romantic Presences](#) Jeffrey Cane Robinson, 1995 Casting brilliant new light on some of the most beloved poetry in the Western tradition *Romantic Presences* is a set of meditations in prose and poetry on a wide range of images from early 19th century English writing Some of the images are familiar Romantic symbols the skylark the nightingale the sigh Others are literary personages of the Romantic period from Robert Burns to Coleridge who have become legends and images Still others are almost entirely new because they come from the little explored realm of women s writing Together they help recover the power of Romantic poetry for a new generation of devoted readers *Leigh Hunt* Nicholas Roe, 2003-09-02 Recent critical and scholarly interest in John Keats has encouraged a resurgence of interest in his friend and mentor the poet and journalist Leigh Hunt This timely collection of essays by leading British and North America romanticists explores Hunt s life writings and cultural significance over the full length of his career arguing for the recognition of Hunt s importance to British intellectual and literary culture in the Romantic period **Image and Presence** Natalie Carnes, 2017-12-12 Images increasingly saturate our world making present to us what is distant or obscure Yet the power of images also arises from what they do not make present from a type of absence they do not dispel Joining a growing multidisciplinary conversation that rejects an understanding of images as lifeless objects this book offers a theological meditation on the ways images convey presence into our world Just as Christ negates himself in order to manifest the invisible God images Natalie Carnes contends negate themselves to give more than they literally or materially are Her Christological reflections bring iconoclasm and iconophilia into productive relation suggesting that they need not oppose one another Investigating such images as the biblical golden calf and paintings of the Virgin Mary Carnes explores how to distinguish between iconoclasm that maintain fidelity to their theological intentions and those that lead to visual temptation Offering ecumenical reflections on issues that have long divided Protestant Catholic and Orthodox traditions *Image and Presence* provokes a fundamental reconsideration of images and of the global image crises of our time [Living in the Presence](#) Herman Rednick, 2000-09 *Reader's Guide to Literature in English* Mark Hawkins-Dady, 2012-12-06 *Reader s Guide Literature in English* provides expert guidance to and critical analysis of the vast number of books available within the subject of English literature from Anglo Saxon times to the current American British and Commonwealth scene It is designed to help students teachers and librarians choose the most appropriate books for research and study *Peace, Power, and Presence [Wisdom for a Life of Freedom Series]* Jonathan Evatt, 2008-04 Why is

your life the way it is How do your thoughts emotions and beliefs affect your perception of the world around you How does this perception influence your power and therefore affect your state of Inner Peace Most importantly how can you approach your life as it is right now in such a way so as to liberate yourself from suffering and become established in a lasting state of Peace in the Power to fulfil your purpose and in absolute Presence to the perfection that you are In this groundbreaking new book Peace Power and Presence Jonathan Evatt brings clarity to key principles and perspectives on these and other challenging questions The result is nothing short of your becoming empowered to recognize the ultimate answers already emerging from the essence within you You will pierce through the many veils of deception so prevalent in the world today and step into a Life of Freedom defined not by some external source of knowledge but by the immaculate wisdom of your own Being Peace Power and Presence are the fulfilment of what each of us is striving to discover through all our many endeavours Those people familiar with Jonathan s liberating approach to Life have been empowered by the realization that the fulfilment of Peace Power and Presence within them requires no beliefs no dogma no institutions and no blind adherence to the many outdated religions and spiritual teachings in the world today In what is set to become a key point of reference for those individuals interested in spiritual and human freedom Jonathan makes no attempt to show you how to live your life Instead he shares with you a new way to approach the life you are already living an approach that will bring into actualization your innate qualities of Enlightenment for a Life of Freedom

AUTHOR SHORT BIO Jonathan Evatt is a contemporary mystic yogi and spiritual pragmatist residing primarily in Aotearoa New Zealand He travels extensively journeys that have taken him to more than 22 countries on all major continents of the world whilst remembering living and sharing what he refers to as Wisdom for a Life of Freedom He has been exploring testing and applying a wide array of spiritual scientific philosophical aboriginal and Inner knowledge since childhood At this crucial turning point in human history he now feels moved to share a timely message

AWARDS Award Winning Finalist in the Spirituality category of the USA National Best Books 2008 Awards sponsored by USA Book News Winner of a Shortlisting Award in the Mind Body Spirit genre 2006 Ashton Wylie Charitable Trust Unpublished Manuscript Award

On Solitude, Conscience, Love and Our Inner and Outer Lives Ron Hafidson, 2019-07-25 Ron Hafidson places the theology of Augustine in conversation with contemporary authors who warn of the dangers of abandoning solitude for constant often technological connection Hafidson addresses an essential question that has previously been neglected What difference does it make to the practice of solitude if one believes that even in the absence of any human company God is always intimately present For Augustine solitude is a moral necessity he recommends that we regularly retreat from the crowd into the depths of our conscience where we can dwell alone in the company of God and enter into dialogue before and with God about who we are and how we love Throughout this book Hafidson pairs close readings of Augustine with those of noted cartographers of our inner lives literary greats including Jane Austen George Eliot Marilynne Robinson and George Saunders This book explores what undiscovered

possibilities may lie in solitude **The Presence of God in the Christian Life** Henry H. Knight III,1992-11-01 While the most standard treatments of John Wesley's theology focus their attention on his distinctive way of salvation they fail to provide a thorough examination of Wesley's means of grace This book offers the first detailed discussion of the means of grace as the liturgical communal and devotional context within which growth in the Christian life actually occurred Knight shows how the means of grace together form an interrelated pattern that enables a growing relationship with God

Holiness, Truth, and the Presence of God Francis Frangipane,2011 Frangipane describes the path toward true holiness with these words It is a path full of both life and death perils and blessings It is a path upon which you will be challenged empowered provoked and crucified But you will not be disappointed If it is God you seek it is God you will find

Christian Ethical Implications of the Presence of the Kingdom as God's Performative Action in the Light of Speech Act Theory Anna Cho ,2019 This book presents a novel Biblical ethical hermeneutic approach that emerges from an understanding of the presence of the kingdom of God in the Biblical text The approach is predicated upon the use of speech act theory abbreviated as SAT in relation to kingdom language in the Biblical text The approach shows how the notion of kingdom language as God's divine activity is elicited in the contemporary Christian's life by allowing it to operate beyond the world of the Biblical text In other words this approach establishes a Biblical ethical hermeneutic bridge between the text and its context and the context of contemporary readers of the text The alternative linguistic epistemology in SAT considers the principle of the kingdom of God in the past locution level the present illocutionary level and the future perlocutionary level The dynamic equivalences of the past present and future of the kingdom of God based on an SAT approach to the Biblical text can inform Christian ethical theory and moral action in the present world It can also provide a new moral sensibility in relation to God's sovereignty and the responsibility of Christians in contemporary society *Romantic Presences in the Twentieth Century* Mark Sandy,2016-04-08 Concerned with the intermingled thematic and formal preoccupations of Romantic thought and literary practice in works by twentieth century British Irish and American artists this collection examines the complicated legacy of Romanticism in twentieth century novels poetry and film Even as key twentieth century cultural movements have tried to subvert or debunk Romantic narratives of redemptive nature individualism perfectibility and the transcendence of art the forms and modes of feeling associated with the Romantic period continue to exert a signal influence on the modern moment both as a source of tension and as creative stimulus As the essays here show the exact meaning of the Romantic bequest may be bitterly contested but it has been difficult to leave behind The contributors take up a wide range of authors including Virginia Woolf F Scott Fitzgerald W H Auden Doris Lessing Seamus Heaney Hart Crane William Faulkner Don DeLillo and Jonathan Franzen What emerges from this lively volume is a fuller picture of the persistence and variety of the Romantic period's influence on the twentieth century **On the Edge of the Panel** Julio Cañero,Esther Claudio,2015-09-04 To create a comic is not to illustrate words but to create narrative diagrams and

transform strokes into imaging words The infinite array of possibilities that the merging of text and pictures provides is a garden of forking paths that critics have just started to explore This is an art that operates as the crossroads of various disciplines but whose specifications require a thorough understanding of its unique mechanisms The explosion of experimental works and the incorporation of previously marginal or nonexistent genres and themes in comics have enriched an already fruitful art in ways that continue to surprise both readers and critics This collection of essays offers a space of reflection on the cultural social historical and ideological dimensions of comics With this in the background the book focuses on three main areas the origins and definitions of comics the formal tools of the medium and authors and their works The historical and formal approach to comics as shown here is still essential and the debate about the origins and definition is still present but two thirds of this collection formulate other treatments that scholars had not started to tackle until recently Does this mean that the study of comics has finally reached the necessary confidence to abandon the artistic legitimization of the medium Or are they just new self defense mechanisms through alliances with other fields of academic interest This book will add to the debate on comics as did the international conference that led to it It provides a channel of communication with an art a two headed medium that like the god Janus operates as a hinge as a meeting point as a bridge between pictorial and literary expression

Performances of Authorial Presence and Absence Silvija Jestrovic, 2020-06-22 This book takes Roland Barthes's famous proclamation of The Death of the Author as a starting point to investigate concepts of authorial presence and absence on various levels of text and performance By offering a new understanding of the author as neither a source of unquestioned authority nor an obsolete construct but rather as a performative figure the book illuminates wide ranging aesthetic and political aspects of authorial death by asking how is the author constructed through cultural and political imaginaries and erasures intertextual and intertheatrical references re performances and self referentiality And what are the politics and ethics of these constructions

Space, Time, and Presence in the Icon Clemena Antonova, 2016-03-09 This book contributes to the re emerging field of theology through the arts by proposing a way of approaching one of the most challenging theological concepts divine timelessness through the principle of construction of space in the icon One of the main objectives of this book is to discuss critically the implications of reverse perspective which is especially characteristic of Byzantine and Byzantining art Drawing on the work of Pavel Florensky one of the foremost Russian religious philosophers at the beginning of the 20th century Antonova shows that Florensky's concept of supplementary planes can be used productively within a new approach to the question Antonova works up new criteria for the understanding of how space and time can be handled in a way that does not reverse standard linear perspective as conventionally claimed but acts in its own way to create eternalised images which are not involved with perspective at all Arguing that the structure of the icon is determined by a conception of God who exists in past present and future simultaneously Antonova develops an iconography of images done in the Byzantine style both in the East and in the West which is truer to their own cultural context than is

generally provided for by western interpretations This book draws upon philosophy theology and liturgy to see how relatively abstract notions of a deity beyond time and space enter images made by painters

I LOVE GOD, NOW WHAT? Book I Days 1 - 91 Steve Haines, 2025-08-21 Like any professional Pastors can be busy people Often the demands upon their time are myriad The time when I first came to accept Christ as my Lord was wonderful beyond measure Although my Pastor was eager to introduce me to Christ he was not as intimately available to guide me in the aftermath of that wonderful moment You see having accepted Christ as Savior guarantees the blessing of eternity with Christ but the new believer still has the rest of his or her life to negotiate There are lots of things to learn but in big churches people can get lost in the crowd and fall through the cracks and in small churches well there is only so much a small staff can do So I stumbled around for a long time very gradually figuring out how to navigate the world and still hold to my faith in Christ I remember thinking There has to be a better way than this These discussions are part commentary part history part blessing and part questioning There s a little bit of everything I ve put considerable thought into writing these things and I want you to get some benefit some blessing from them Think about what you read You might be provoked to irritation or to curiosity or to laughter Try to apply the thoughts to your life But the bottom line is if you don t read you won t benefit This first book that you are holding tries to answer some basic questions Why should I fear God Why should I trust Him Who am I in Christ What is the nature of sin Following books talk about the Jewish Festivals and their profound meaning about God s Constitution Matthew chapters 5 7 about God s manifested love what it means to be Grafted In to God s family how to know Jesus and what it means to abide in Christ I hope you stick around to the end Every life has its ups and downs and after several cycles of this I was fed up and began to look for answers I found this crazy new church which was meeting in a hotel conference room I remember people all around me speaking in these strange indecipherable ways people falling down on the floor and generally acting nuts I remember thinking Why am I here God had a plan but I was not awake to it But I stayed out of curiosity if nothing else and eventually God began to draw me in Since then God has led me on a wonderful journey Where once I had a sort of vague notion of God He used personal struggle to draw me closer to him Where once I looked at everything from a performance oriented point of view He taught me the true value of the love of Christ Where once I had to be doing things for Christ He taught me the value of resting in the presence of Christ I want people to understand these things I want everyone to experience the intimate presence of Christ in their lives I want everyone to see real time answers to prayer as I have I want people to understand that humble submission to God is the answer to every struggle every problem and every stress

Life in God's Presence A Carthusian, 2011 Every soul strives for unity with God Over the centuries spiritual guides have offered myriad methods for achieving such an intimate relationship But those sincerely invested in the spiritual life know there is no shortcut to finding God There is only one true path through Christ This slim volume penned by an anonymous Carthusian monk in the early twentieth century offers a direct and practical way to advance one s personal holiness Set upon a

foundation of Christ's own words in the Gospels Life in God's Presence confesses that God offers every soul the means to unity with Him through the virtues of faith hope and love These virtues coupled with a straightforward childlike approach to prayer can lead a soul to recognize God's presence in every aspect of daily life By constantly and genuinely offering Him all of our time all of our strength our whole soul eternal life need not wait until after death it can begin here and now *Love, Mortality and the Moving Image* E. Wilson, 2012-02-21 In their use of home movies collages of photographs and live footage moving image artists explore the wish to see dead loved ones living This study closely explores emotions and sensations surrounding mortality and longing with new readings of works by Agnès Varda Pedro Almodóvar Ingmar Bergman Sophie Calle and many others

Industrial Poetics Joe Amato, 2006-04 Through a dizzying array of references to subjects ranging from engineering to poetry on the job experiences in academia and industry conflicts between working class and intellectual labor the privatization of universities and the contradictions of the modern environment Joe Amato's *Industrial Poetics* mounts a boisterous call for poetry communities to be less invested in artistic self absorption and more concerned about social responsibility's Amato focuses on the challenges faced by American poets in creating a poetry that speaks to a public engineered into complacency by those industrial technologies practices and patterns of thought that we cannot seem to do without he brings readers face to face with the conflicting realities of U.S. intellectual academic and poetic culture Formally adventurous and rhetorically lively *Industrial Poetics* is best compared with the intellectually exploratory speculative risky polemical work of other contemporary poet critics including Kathleen Fraser Joan Retallack Bruce Andrews Susan Howe and Allen Grossman Amato uses an exhilarating range of structural and rhetorical strategies conventionally developed argument abruptly juxtaposed aphorisms personal narrative manifesto like polemic and documentary reportage With a critic's sharply analytical mind a poet's verve and a working class intellectual's sense of social justice Amato addresses the many nonliterary institutions and environments in which poetry is inextricably embedded By connecting poetry to industry in a lively demonstration against the platitudes and habitudes of the twentieth century Amato argues for a reenergized and socially forceful poetics an industrial poetics rough edges and all Jed Rasula writes I can't say I pay much attention to talk radio but this is what I imagine it might be like if the deejay were really smart enviably well read yet somehow retained the snarling moxie of the am format
