The pagoda's tiers are represented by a series of overlapping, slightly curved lines, giving it a sense of depth and architectural detail. The overall style is graphic and modern.

[Culture in the American Southwest](#) Keith L. Bryant, 2014-09-01 If the Southwest is known for its distinctive regional culture it is not only the indigenous influences that make it so As Anglo Americans moved into the territories of the greater Southwest they brought with them a desire to reestablish the highest culture of their former homes opera painting sculpture architecture and literature But their inherited culture was altered challenged and reshaped by Native American and Hispanic peoples and a new vibrant cultural life resulted From Houston to Los Angeles from Tulsa to Tucson Keith L Bryant traces the development of high culture in the Southwest Humans create culture but in the Southwest Bryant argues the land itself has also influenced that creation Incredible light natural grandeur and a geography at once beautiful and yet brutal molded societies that sprang from unique cultural sources The peoples of the American Southwest share a regional consciousness an experience of place that has helped to create a unified but not homogenized Southwestern culture Bryant also examines a paradox of Southwestern cultural life Southwesterners take pride in their cultural distinctiveness yet they struggled to win recognition for their achievements in high culture A dynamic tension between those seeking to re create a

Western European culture and those desiring one based on regional themes and resources continues to stimulate creativity. Decade by decade and city by city Bryant charts the growth of cultural institutions and patronage as he describes the contributions of artists and performers and of the elites who support them. Bryant focuses on the significant role women played as leaders in the formation of cultural institutions and as writers, artists, and musicians. The text is enhanced by more than fifty photographs depicting the interplay between the people and the land and the culture that has resulted.
