John Cornwell

Rome 44 The Battle For The Eternal City:

Rome '44 Raleigh Trevelyan, 1981 The Battle for Rome Robert Katz, 2003 This landmark work draws on newly released documents and firsthand accounts to tell the dramatic story of Rome's dark days during the German occupation 8 pages of photos 2 maps **Claretta** R. J. B. Bosworth, 2017-01-01 A master historian illuminates the tumultuous relationship of Il Duce and his young lover Claretta whose extraordinarily intimate diaries only recently have become available Few deaths are as gruesome and infamous as those of Benito Mussolini Italy's fascist dictator and Claretta or Clara Petacci his much younger lover Shot dead by Italian partisans after attempting to flee the country in 1945 the couple's bodies were then hanged upside down in Milan's main square in ignominious public display This provocative book is the first to mine Clara's extensive diaries family correspondence and other sources to discover how the last in Mussolini's long line of lovers became his intimate and how she came to her violent fate at his side R J B Bosworth explores the social climbing of Claretta's family her naive and self-interested commitment to fascism her diary's graphically detailed accounts of sexual life with Mussolini and much more Brimful of new and arresting information the book sheds intimate light not only on an ordinary extraordinary woman living at the heart of Italy's totalitarian fascist state but also on Mussolini himself **The Vatican Pimpernel** Brian Fleming, 2012-08-01 During the German occupation of Rome from 1942-1944 Irishman Monsignor Hugh O'Flaherty ran an escape organization for Allied POWs and civilians including Jews Safe within the Vatican state he regularly ventured out in disguise to continue his mission which earned him the nickname the Pimpernel of the Vatican When the Allies entered Rome he and his collaborators priests nuns and laypeople of numerous nationalities and religious beliefs had saved the lives of over 6 500 people The first new telling of this extraordinary story in decades this book also addresses the fascinating dichotomy between O'Flaherty and Herbert Kappler the Gestapo chief in Rome who ordered him killed and who after the war reconciled with the monsignor and even asked him to perform his baptism For his heroic efforts O'Flaherty was awarded the highest honors including a Congressional Medal and was the first Irishman named the Notary of the Holy Office His story was immortalized in the 1983 film *The Scarlet and the Black* which starred Gregory Peck as O'Flaherty **Myths, Amnesia and Reality in Military Conflicts, 1935-1945** Pier Paolo Battistelli, Andrew Sangster, 2017-01-06 Stalin fabricated the myth that the Germans carried out the Katy massacre and the West accepted it while always suspecting the reality In the same way each country tried to forget the more painful memories of its past and construct its own mythology The Germans were never taken to task at Nuremberg for bombing because the Anglo-Americans virtually carried out a war of annihilation The French Gaullist myth was that it was decadent politicians who caused the defeat and that fighting France freed itself In a similar vein the Italian resistance was fostered as a myth and used postwar to cover the fascist period of their history British and American popular history tends to portray their countries as the main victors often ignoring the massive Russian contribution and generally concentrates on the barbarity of the Eastern war Much is forgotten and much enhanced both incidents and

leaders The Italian military historian of this book writes in depth about the Italian war so often ignored in western history and tackles the myth of Italian cowardice while the British author takes a cold calculated look at Anglo American leaders such as Montgomery Mountbatten Clark Patton and questions the myth of the special relationship between Great Britain and the USA as well as the official and unofficial amnesia relating to self inflicted gas wounds in Italy [Hitler's Pope](#) John Cornwell,2000-10-01 The explosive The New York Times bestseller that redefined the history of the twentieth century The Washington Post This shocking book was the first account to tell the whole truth about Pope Pius XII s actions during World War II and it remains the definitive account of that era It sparked a firestorm of controversy both inside and outside the Catholic Church Award winning journalist John Cornwell has also included in this seminal work of history an introduction that both answers his critics and reaffirms his overall thesis that Pius XII fatally weakened the Catholic Church with his endorsement of Hitler and sealed the fate of the Jews in Europe **World War II** Spencer C. Tucker,2016-09-06 With more than 1 700 cross referenced entries covering every aspect of World War II the events and developments of the era and myriad related subjects as well as a documents volume this is the most comprehensive reference work available on the war This encyclopedia represents a single source of authoritative information on World War II that provides accessible coverage of the causes course and consequences of the war Its introductory overview essays and cross referenced A Z entries explain how various sources of friction culminated in a second worldwide conflict document the events of the war and why individual battles were won and lost and identify numerous ways the war has permanently changed the world The coverage addresses the individuals campaigns battles key weapons systems strategic decisions and technological developments of the conflict as well as the diplomatic economic and cultural aspects of World War II The five volume set provides comprehensive information that gives readers insight into the reasons for the war s direction and outcome Readers will understand the motivations behind Japan s decision to attack the United States appreciate how the concentration of German military resources on the Eastern Front affected the war s outcome understand the major strategic decisions of the war and the factors behind them grasp how the Second Sino Japanese War contributed to the start of World War II and see the direct impact of new military technology on the outcomes of the battles during the conflict The lengthy documents volume represents a valuable repository of additional information for student research [Alan Brooke—Churchill's Right-Hand Critic](#) Andrew Sangster,2021-04-05 This new biography of Churchill s top WWII advisor is an excellent book for anyone interested in military leadership The NYMAS Review Voted the greatest Briton of the twentieth century Winston Churchill has long been credited with almost single handedly leading his country to victory in World War II But without Alan Brooke a skilled tactician at his side the outcome might well have been disastrous Brooke Chief of the Imperial General Staff more often than not served as a brake on some of Churchill s more impetuous ideas However while Brooke s diaries reveal his fury with some of Churchill s decisions they also reveal his respect and admiration for the wartime prime minister In return

Churchill must surely have considered Brooke one of his most difficult subordinates but later wrote that he was fearless formidable articulate and in the end convincing As CIGS Brooke was integral to coordination between the Allied forces and so had to wrestle with the cultural strategy clash between the British and Americans Comments in his diaries offer up his opinions of both his British and American military colleagues his negative assessments of Mountbatten's ability and acerbic comments on the difficult character of de Gaulle and the weaknesses of Eisenhower Conversely he was clearly overindulgent in the face of Montgomery's foibles Brooke was often seen as a stern and humorless figure but a study of his private life reveals a little seen lighter side a lifelong passion for birdwatching and abiding love for his family The two tragedies that befell his immediate family were a critical influence on his life Andrew Sangster completes this new biography with a survey of the way various historians have assessed Brooke explaining how he has lapsed into seeming obscurity in the years since his crucial part in the Allied victory in World War II **Professional Journal of the United States Army** ,1982

Quarterly Review of Military Literature ,1982 Military Review ,1982 *Hide & Seek* Stephen Walker,2012-05-01 *Hide & Seek* chronicles the intensely personal war between wartime Rome's Nazi SS Chief Herbert Kappler and the Vatican's Monsignor Hugh O Flaherty a fiercely fought rivalry that culminated in Kappler attempting to kidnap and murder his Irish opponent who was determined to fight Rome's Nazi rulers Called Ireland's Oscar Schindler O Flaherty masterminded a large scale operation from inside the neutral Vatican to hide and help Jews downed airmen and escaped Allied prisoners Using safe houses and church buildings the priest sheltered around five hundred Jews in the Holy See and many thousands more Jews and Allied escapees in and around Rome After a Resistance bomb killed thirty two German soldiers an enraged Hitler ordered revenge Kappler planned and oversaw the firing squad execution of 335 people in the Ardeatine Caves outside Rome The massacre became the worst atrocity committed on Italian soil during the war After the war the Nazi colonel was found guilty on all the charges relating to the massacre and sentenced to life Amazingly O Flaherty began visiting his former rival in prison engaging in a long run conversation that led to Kappler's conversion and baptism by the Irish Monsignor

Anatomy of Perjury Richard Raiber,2008 Careful review of microfilmed German operational records led the author to solve a World War II mystery involving Field Marshall Albert Kesselring and the Italian campaign he directed Facts about two events in March 1944 the Ardeatine Cave Massacre and the failed GINNY II mission were manipulated Kesselring's 1947 defense was accepted without challenge until 1997 when Dr Raiber found irrefutable evidence that Kesselring had misled the court in order to hide his involvement in the murder of fifteen U S soldiers who had been captured in uniform behind enemy lines Kesselring claimed he was present in his Monte Soratte headquarters north of Rome on 23 March 1944 when he received and passed on Hitler's 10 for 1 retaliatory order against the Via Rasella partisan resulting in the massacre at the Ardeatine Cave A day earlier on the Ligurian coast members of an OSS operational group GINNY II landed north of La Spezia Captured behind German lines these U S soldiers were interrogated and summarily shot on 26 March Thereafter Kesselring

ordered the destruction of all records bearing on GINNY II to conceal his presence in La Spezia and his confirmation of the execution order but surviving documents clearly place him there at noon on 24 March Publisher **Wings of Judgment** Ronald Schaffer,1988-09-29 World War II the good war is here viewed from a new angle of vision one that sheds fresh light on how major decisions were reached More than just a book on the strategy and outcome of American bombing in World War II Wings of Judgment tells about choices in war decisions that determined whether hundreds of thousands of people lived or died and whether famous cities and great monuments of civilization survived or were destroyed It is about the bombing of Dresden and Berlin and of dozens of cities and towns all over Germany and about the preservation of Rome and Florence It is about the incineration of Tokyo the bombing of Hiroshima and the sparing of one of Japan s most beautiful and holy places the city of Kyoto Describing U S air raids that terrified inhabitants of enemy nations and citizens of enemy occupied countries it raises serious questions about the military and moral effects of American bombing It also tells of American efforts to avoid killing civilians needlessly Taking us behind the scenes at military headquarters Schaffer shows that even the toughest warriors occasionally found themselves offering moral arguments for their actions arguing that they were made right by enemy atrocities by the justness of the Allied cause and by the numbers of lives of American servicemen that Allied bombing might save Britain and the Vatican During the Second World War Owen Chadwick,1988-06-24 The book studies the use made by the British government of its envoy immured inside the Vatican from 1940 to 1944 and what the envoy made of such opportunities during the Second World War to help the Allied cause We see the Vatican the Fascist Italy from inside and so gain a new and rare perspective into the predicament of the papacy Owen Chadwick gives insight into the workings of the Vatican including such questions as the struggle to keep Italy out of the war the relations between the Vatican and the Fascist government the use which the British sought to make of Vatican radio the question of condemning atrocities the bombing of Rome the fall of Fascism the armistice between the Allies and Italy the German occupation of Rome and the escape line for British prisoners of war The author has used several groups of hitherto unexplored archives and makes a fresh contribution both to the history of the Second World War and to the modern history of the papacy **Battles that Changed History** Spencer C. Tucker,2010-11-11 This encyclopedic collection of more than 200 of the most decisive and important battles throughout world history gets a fresh interpretation by a noted military historian The mythic and doomed stand of the 300 Spartans at Thermopylae the siege of Carthage in 149 146 BCE which ended with Rome destroying the city and enslaving the entire remaining Carthaginian population the Battle of Hastings in 1066 arguably the most important battle ever on English soil the Battle of Trenton that saved the American Revolutionary cause and established the military reputation of General Washington the firebombing of Tokyo on the night of March 9 10 1945 that destroyed one quarter of the city All of these conflicts and hundreds more played a crucial role in defining the direction of history and the evolution of human society This text provides high school level readers with detailed descriptions of the battlefield actions that have

played the greatest parts in shaping military history and human existence Special attention is paid to the greater historical context and significance of each battle especially in relation to other events The Star in the Window Louis C.

Langone,2011-06-21 When a service banner adorned with stars was displayed in a homes window during World War II it meant a family member was involved in the war Some of the soldiers never returned but those who did come home carried memories and war stories In The Star in the Window author Louis C Langone tells the stories of more than seventy five WWII veterans who lived in Waterville and Central New York Langone personally interviewed and listened to more than 100 men and women telling their wartime storiesfrom bombing missions over Europe to the island hopping campaigns of the Pacific to suffering as prisoners of war The narratives are supplemented with material from books periodicals the Internet press releases unit histories and letters providing a mix of memories and facts Photographs and community honor rolls are also included The Star in the Window not only preserves special WWII memories but also gives insight into the hardships endured and sacrifices made by the veterans of the Central New York area It provides an opportunity to experience history through the eyes and ears of veterans from the various military branches of service revealing shocking and obscure incidents of the war The German War Machine in World War II David T. Zabecki,2019-12-02 This invaluable resource offers students a

comprehensive overview of the German war machine that overran much of Europe during World War II with close to 300 entries on a variety of topics and a number of key primary source documents This book provides everything the reader needs to know about the German war machine that developed into the potent armed force under Adolf Hitler This expansive encyclopedia covers the period of the German Third Reich from January 1933 to the end of World War II in Europe in May 1945 Dozens of entries on key battles and military campaigns military and political leaders military and intelligence organizations and social and political topics that shaped German military conduct during World War II are followed by an illuminating epilogue that outlines why Germany lost World War II A documents section includes more than a dozen fascinating primary sources on such significant events as the Tripartite Pact among Germany Italy and Japan the Battle of Stalingrad the Normandy Invasion the Ardennes Offensive and Germany s surrender In addition six appendices provide detailed information on a variety of topics such as German aces military commanders and military medals and decorations

The book ends with a chronology and a bibliography of print resources **One of the Boys** Paul Jackson,2010-03-15 A new edition of a book that has changed the way we think about sexual conduct and combat Almanac of American Military

History Spencer C. Tucker,2012-11-21 This almanac provides a comprehensive chronological overview of all American military history serving as the standard reference work of its type Almanac of American Military History is yet another reference work from acclaimed historian Dr Spencer C Tucker and ABC CLIO offering an unprecedented resource for a wide range of students and researchers A comprehensive four volume title this almanac traces all of American military history from the European voyages of discovery through 2011 chronicling the pivotal moments that have shaped the United States

into the country it is today In addition to documenting key events this title presents biographies of more than 250 key individuals and provides information on more than 250 historically significant technologies and weapons systems A detailed glossary is included as are discussions of ranks and military awards and decorations Divided into conflict periods each chapter includes a detailed chronology reference entry sidebars statistical information primary source documents and a bibliography
