Secretum Rita Monaldi,Francesco Sorti,2017-06-29 A papal conspiracy is revealed in the midst of a plague in this Italian historical thriller that sparked controversy with the Vatican Rome 1683 The citizens anxiously await new of the battle for Vienna as Ottoman forces lay siege to the defenders of Catholic Europe Meanwhile a suspected outbreak of plague causes a famous Roman tavern to be placed under quarantine One of its detainees Atto Melani a spy in the service of France discovers a secret passage leading deep into the Roman underworld But what he uncovers there is even more astonishing a plot to assassinate Pope Innocent XI and plans to use the plague as a weapon of mass destruction against the Islamic world Meticulously researched and brilliantly conceived Imprimatur is based on startling historical revelations that have been concealed for centuries drawing on original papers discovered in the Vatican archives A thriller in the vein of Umberto Eco's *The Name of the Rose* this novel sheds new light on the power struggles of 17th century Europe First published to great controversy in Italy in 2002 Imprimatur was boycotted by the Italian press before being translated into 20 languages with editions published in 45 countries **Hodges' New Bank Note Safe-guard** John Tyler Hodges,1859 *Professional*

Journal of the United States Army ,1959 **Journal of the Assembly of the State of New York** New York (State). Legislature. Assembly,1856 Includes special sessions **History of Herkimer County, N.Y.** ,1879 **The Arms Trade and International Criminal Law** Tomas Hamilton,2025-01-22 Despite the establishment of UN embargoes the Arms Trade Treaty ATT and the EU Common Position arms export regulation suffers from significant legal and practical limitations This

book critically evaluates the existing body of Arms Trade Law highlighting its inadequacies in preventing weapons from reaching perpetrators of mass violence Drawing on interviews participant observation and empirical research to assess the perspectives of judges and lawyers it also explores the International Criminal Court's narrow focus on prosecuting political and military leaders Arguing that institutional attitudes and commitments contribute to a legal culture that obscures the potential for an arms trader case the book illustrates these dynamics through a case study of the UN Security Council's response to the Second Congo War and the ICC's investigations in the DRC Situation elucidating missed opportunities to enforce accountability against the entire spectrum of actors responsible for international crimes Through detailed examination of the arms trade's complexities The Arms Trade and International Criminal Law foregrounds the structural causes of atrocity and argues for broader accountability It investigates how individuals including corporate executives state officials and arms traffickers can be held directly accountable for atrocities under international law even when their actions are geographically or causally distant from the violence itself Furthermore by advancing a specific interpretation of the *actus reus* and *mens rea* elements of accomplice liability under Article 25 of the Rome Statute this book argues for a robust legal basis upon which the ICC can prosecute arms traders It therefore underscores how international criminal law can complement existing regulations by leveraging its expressive function to condemn all those who profit from atrocity

Cascade of Arms Andrew J. Pierre, 1997-11-01 With the post cold war emphasis on the proliferation of weapons of mass destruction the neglected dimension has been the spread of advanced conventional arms Yet these are the arms most likely to be used in conflict They present the greatest diversion from economic and social development and are the centerpiece of regional security balances This book examines the policies and practices of the major arms supplying nations looks at the impact of weapons purchases on the principal recipient regions and the possibilities for regional arms control and dissects the economics of arms exports for the producer nations in both the developing and industrialized worlds The book thoroughly discusses the opportunities for and obstacles to achieving multilateral restraint on arms In addition to the editor contributors are Ian Anthony Stockholm International Peace Research Institute Nicole Ball Overseas Development Council Julian Cooper University of Birmingham Lawrence Freedman and Martin Navias King's College London Rodney Jones Policy Architects International Ethan Kapstein University of Minnesota Michael Klare Five College Program in Peace and World Security Studies Andrew Mack Australian National University Abdel Monem Said Aly Center for Political and Strategic Studies Cairo Janne Nolan Brookings Institution Andrew Ross Naval War College Gerald Segal International Institute for Strategic Studies and Gerald Steinberg Bar Ilan University Israel Copublished with the World Peace Foundation [The Papers of Jefferson Davis](#) Jefferson Davis, 1992-01-01 Lynda Lasswell Crist Editor Mary Seaton Dix Coeditor Introduction by Frank E Vandiver Volume 7 of The Papers of Jefferson Davis offers a unique view of 1861 the first year of the Confederacy Davis presidency and the Civil War On January 21 Davis made his affecting farewell speech before a hushed Senate then left for

Mississippi His uncertainty over a military or political course vanished when he received news of his unanimous election as president of the Confederate States of America Inaugurated at Montgomery Alabama on February 18 Davis quickly set to work to forge a government in a race with events to select a cabinet establish departments and plan for the common defense Hopes for a peaceful separation from the North ended with the firing on Fort Sumter subsequent documents reveal a president absorbed by the problems of waging a war that soon stretched from the Atlantic Coast to the Gulf of Mexico Victory at Manassas produced euphoria among southerners but plunged the president into the first of several unfortunate controversies with his generals this one over the failure to pursue the enemy and capitalize on success Throughout 1861 the Confederate commissioners in Europe reported to Davis on their expectations of recognition convinced that the demand for cotton would induce Great Britain and France to break the North s blockade of southern ports and help supply arms for the defense of the fledgling nation Volume 7 provides a rare opportunity to assess anew Davis strengths and weaknesses as executive to reexamine his relationship with generals governors congressmen cabinet officers the press and the public Davis ended the year as he begun aware of the difficulties of the course the South had adopted and confident that its cause would ultimately triumph Containing illustrations maps and more than 2 500 documents drawn from numerous printed sources and more than seventy repositories and private collections Volume 7 covers a year of paramount importance in our country s history **New York Times Current History** ,1915 **Bank Note Descriptive List** ,1859
