The Shadow of Isolation Pasquale De Marco,2025-05-07 The Shadow of Isolation examines the rise of isolationism and the erosion of democratic values two of the most pressing challenges facing the world today Drawing on history political science and other disciplines Pasquale De Marco argues that these two trends are interconnected and pose a serious threat to global peace and security Isolationism a

foreign policy stance that advocates for a nation to avoid entanglements in the affairs of other countries is often motivated by fear and ignorance. It can lead to a decline in international cooperation, the erosion of human rights, and increased conflict. The erosion of democratic values such as the rule of law, freedom of speech, and the right to vote is another dangerous trend that is taking place in many parts of the world. This erosion can be caused by a variety of factors, including the rise of populism, authoritarianism, and the spread of misinformation. *The Shadow of Isolation* explores the causes and consequences of these two trends and offers a hopeful message about the possibility of resisting them. Pasquale De Marco argues that it is essential to defend democracy and human rights and to promote international cooperation. He also emphasizes the importance of education, dialogue, and critical thinking in combating the forces of isolationism and intolerance. Ultimately, the goal of *The Shadow of Isolation* is to inspire readers to take action to defend democracy and human rights. Pasquale De Marco believes that we all have a role to play in shaping the future of our world and that by working together, we can create a more just and equitable society for all.
