

THE ROSICRUCIAN DIGEST

Rosicrucian Digest 1938

Daniel F McAuley

Rosicrucian Digest 1938:

Rosicrucian Digest, 1938 Rosicrucian Editors, 2013-10 This is a new release of the original 1938 edition **Rosicrucian Digest**, 2002 *Antiquarian Bookman*, 1961 The Changing Terrain of Religious Freedom Heather J. Sharkey, Jeffrey Edward Green, 2021-09-24 The Changing Terrain of Religious Freedom offers theoretical historical and legal perspectives on religious freedom while examining its meaning as an experience value and right The volume starts from the premise that the terrain of religious freedom has never been easy and smooth Across societies and throughout history defending or contesting principles of religious freedom has required compromise among multiple interests balancing values and wrangling with the law Drawing on examples from the United States and around the world and approaching the subject from the disciplines of history law sociology philosophy religious studies and political science the essays in this volume illustrate these challenges They sketch the contours of contemporary debates while showing how the landscape of religious freedom has shifted over time They consider various stakeholders that have asserted competing claims among them individuals and groups members of minority and majority communities states and corporations including both religious organizations and businesses and believers and non believers Taken together the studies in this volume suggest that understanding religious freedom means grappling with conflicting and perhaps irreconcilable claims about whose rights should prevail over others what religion is or may be and how religion should relate to other cultural values **Journal of the K.R. Cama Oriental Institute**, 1940

General Catalogue of Printed Books British Museum. Department of Printed Books, 1965 General Catalogue of Printed Books British Museum. Dept. of Printed Books, 1959 **Alternate Currents** Justin B. Stein, 2023 In the second half of the twentieth century Reiki went from an obscure therapy practiced by a few thousand Japanese and Japanese Americans to a global phenomenon By the early twenty first century people in nearly every corner of the world have undergone the initiations that authorize them to channel a cosmic energy known as Reiki to heal body mind and spirit They lay hands on themselves and others use secret symbols and incantations to send Reiki to distant recipients and strive to follow five precepts to cultivate their spiritual growth Reiki s international rise and development is due to the work of Hawayo Takata 1900 1980 a Hawai i born Japanese American woman who brought Reiki out of Japan and adapted it for thousands of students in Hawai i and North America shaping interconnections across the North Pacific region as well as cultural transformations over the transwar period spanning World War II *Alternate Currents* Reiki s Circulation in the Twentieth Century North Pacific analyzes how from her training in Japan in the mid 1930s to her death in Iowa in 1980 Takata built a vast trans Pacific network that connected Japanese American laborers on Hawai i plantations to social elites in Tokyo Hollywood and New York middle class housewives in American suburbs and off the grid tree planters in the mountains of British Columbia Using recently uncovered archival materials and original oral histories Stein examines how these relationships between healer and patient master and disciple became deeply infused with values of their time and place and

how they interplayed with Reiki's circulation performance and meanings along with broader cultural shifts in the twentieth century North Pacific. Highly readable and informative, each chapter is structured around a period in the life of Takata, the charismatic rags to riches architect of the network in which Reiki spread for decades. *Alternate Currents* explores Reiki as an exemplary transnational spiritual therapy demonstrating how lived practices transcend artificial distinctions between religion and medicine and circulate in global systems while maintaining strong connections with the practices homeland.

The Unknown God Martin P. Starr, 2024 *The Unknown God* gives a view into the twentieth century North American occult underground influenced by the English occultist and prophet Aleister Crowley as told through the biography of his disciple in the USA Wilfred Talbot Smith 1885-1957. It draws on accounts from Smith's social network which encompassed Caltech rocket scientist Jack Parsons, the Rosicrucian leader H. Spencer Lewis, the Hollywood actor John Carradine, and gay liberationist Harry Hay. Students of esoteric Freemasonry, the Golden Dawn, the Theosophical Society, and the Crowley-based occult orders will find *The Unknown God* a fascinating resource; this is the book that connects them all.

Akhenaten Dominic Montserrat, 2014-05-01 The pharaoh Akhenaten, who ruled Egypt in the mid-fourteenth century BCE, has been the subject of more speculation than any other character in Egyptian history. This provocative new biography examines both the real Akhenaten and the myths that have been created around him. It scrutinises the history of the pharaoh and his reign, which has been continually written in Eurocentric terms inapplicable to ancient Egypt and the archaeology of Akhenaten's capital city Amarna. It goes on to explore the pharaoh's extraordinary cultural afterlife and the way he has been invoked to validate everything from psychoanalysis to racial equality to Fascism.

Multilingualism in the Middle Ages and Early Modern Age Albrecht Classen, 2016-09-12 Bilingualism and multilingualism are of great interest for contemporary linguists since this phenomenon deeply reflects on language acquisition, language use, and sociolinguistic conditions in many different circumstances all over the world. Multilingualism was, however, certainly rather common already, if not especially in the premodern world. For some time now, research has started to explore this issue through a number of specialized studies. The present volume continues with the investigation of multilingualism through a collection of case studies focusing on important examples in medieval and early modern societies that is in linguistic and cultural contact zones such as England, Spain, the Holy Land, but also the New World. As all contributors confirm, the numerous cases of multilingualism discussed here indicate strongly that the premodern period knew considerably less barriers between people of different social classes, cultural background, and religious orientation. But we also have to acknowledge that already then, human communication could fail because of linguistic hurdles which prevented mutual understanding in religious and cultural terms.

From the Greek Mimes to Marcel Marceau and Beyond Annette Lust, 2000 Annette Bercut Lust has spent a lifetime developing the knowledge to produce this definitive work on mime. One of the few studies covering the historical flow of mime from its beginnings to postmodern movement theatre, this book explores the evolution of mime and pantomime from the Greeks to the

twentieth century depicting the role of mime in dance clowning the cinema and verbal theatre throughout the centuries It is also an in depth study of twentieth century mime masters including Jacques Lecoq Etienne Decroux Jean Louis Barrault and Marcel Marceau In addition to defining and tracing the history of mime Lust documents present day training programs in North America and Europe providing contact addresses and information on mime festivals and centers A filmography listing mime and mime related films and an extensive bibliography contribute to the usefulness of the book There is also a chart tracing the origins of mime to the present and a chart demonstrating exponents of the various styles and schools of mime With over 60 illustrations this worldwide study is indispensable for the student teacher or fan of mime
