Walker,2003-12-08 Gold Gold on the American River This declaration shouted in the streets of San Francisco in the spring of 1848 electrified the nation and its echo was heard in the farthest corners of the globe In the five years that followed tens of thousands of hopeful argonauts made their way to the vast territory on the Pacific conquered by the United States in its recent war with Mexico They traveled overland from the Missouri River their ox drawn wagons crossing the Rocky Mountains vast plains and deserts and the formidable peaks of the Sierra Nevada They journeyed by boat and on foot across the fever ridden jungles of the Isthmus of Panama They took ship from eastern seaports and sailed sixteen thousand miles via Cape Horn to the gateway of the goldfields the new city of San Francisco In Eldorado award winning historian Dale L Walker presents the complete often gaudy always fascinating story of the California Gold Rush the greatest mining bonanza in all of American history The story ranges from the discovery by a New Jersey carpenter at a sawmill north of Sutter s Fort to the advent of large scale hydraulic mining that spelled the ruination of the land and the end of the boom days when a Forty niner with a pick and a pan found colors in a stream and earned his wages an ounce of raw gold a day Walker s narrative of this pivotal event of American history is drawn from the lives and experiences of those on the ground in the rush those who blazed the trails and settled the West in their search for the riches at the rainbow s end At the Publisher s request this title is being sold without Digital Rights Management Software DRM applied **Children's Books in Print** R R Bowker Publishing,Bowker,1999-12 **The Colorado Law Reporter** James A. the ingenuity and hard work of the town's miners and ditch builders highlighting in detail the history and origins of various local neighborhoods including Nevada City itself Hirschman's Pond Sugar Loaf Mountain Deer Creek Scotts Flat Manzanita Diggings Gold Flat and various mining camps along Washington Ridge This vivid portrayal follows the area's evolution from the chaos of thousands of miners scratching out a living in clusters of muddy tents to a genteel town with hotels stores banks theaters and libraries What began as a search to uncover a sprawling network of old ditches turned into a collection of never before told stories of the gold miners the ruthless and greedy ditch company and the rivals that it crushed The domineering ditch company later enabled the next generation of monopoly to provide electrical power The story of PG E also started in Nevada City This in turn led to the now more forward looking stewardship of the Nevada Irrigation District The unique format of this book blends beautiful archival images with more than 35 in depth biographies of key figures in Nevada City This 884 page hardcover book includes over 600 photos and illustrations including 200 historic photographs and 75 hand crafted maps based on modern lidar technology that reveal the locations of the old mining ditches flumes mines and tunnels
