Dave Vander Meer was just eighteen years old when he set out on his own to explore the northern wilderness of Ontario
Winter would start in just a week and there was a camp to build traps to set and food and furs to collect To survive he needed
to call upon all his knowledge because the closest point of civilization was more than twenty miles away Now years later he
still looks back upon his time as a teenager in the woods with wonder He had the chance to walk the trails and paddle the
lakes as he experienced the excitement of eluding several brushes with death Jump into a dream and experience the beauty
danger and excitement that a trapper enjoys during his daily routines in The Call of the Wilderness Authors note Thank you
