Roulette 12 Dialogues:

Roulette Raimondo Cortese, 2005 These twelve plays set in twelve different locations are based on themes drawn from an ancient Chinese cosmology called the 12 Branches of Life The plays focus on the chance meetings of two people in varying situations and provide a revealing mosaic of human interaction across a range of emotional landscapes From a chance meeting between a man and a woman in a caf to the aggression of the prodigal son returning home to enslave a helpless older man Cortese s fiercely intelligent writing illuminates the moments of cruelty or beauty that are inherent in any encounter between two people

Law and Judicial Dialogue on the Return of Irregular Migrants from the European Union Madalina Moraru, Galina Cornelisse, Philippe De Bruycker, 2020-08-06 This volume examines the implementation of the Return Directive from the perspective of judicial dialogue While the role of judges has been widely addressed in European asylum law and EU law more generally their role in EU return policy has hitherto remained under explored This volume addresses the interaction and dialogue between domestic judiciaries and European courts in the implementation of European return policy The book brings together leading authors from various backgrounds including legal scholars judges and practitioners This allows the collection to offer theoretical and practical perspectives on important questions regarding the regulation of irregular migration in Europe such as what constitutes inadequate implementation of the Directive and under which conditions can judicial dialogue solve it How can judges ensure that the right balance is struck between effective return procedures and fundamental rights Why do we see different patterns of judicial dialogue in the Member States when it comes to particular questions of return policy for example regarding the use of detention These questions are more timely than ever given the shifting public discourse on immigration and the growing political backlash against immigration courts This book will be essential reading for all scholars and practitioners in the fields of immigration law and policy EU law and public law

Philosophy, Dialogue, and Education Alexandre Guilherme, W. John Morgan, 2017-10-19 Philosophy Dialogue and Education is an advanced introduction to nine key European social philosophers Martin Buber Mikhail Bakhtin Lev Vygotsky Hannah Arendt Emmanuel Levinas Maurice Merleau Ponty Simone Weil Michael Oakeshott and J rgen Habermas This detailed yet highly readable work positions the socio political views of each philosopher within a European tradition of dialogical philosophy and reflects on the continuing theoretical relevance of the work of each to education generally and to critical pedagogy The discussion in each chapter is informed by materials drawn from various scholarly sources in English and is enriched by materials from other languages particularly French German and Russian This enhances the comparative European cultural perspective of the book

and connects the work of each philosopher to wider intellectual political and social debates The book will appeal to academics postgraduates and researchers working in philosophy philosophy of education and in educational cultural and social studies more generally Advanced undergraduate students would also benefit from the book's discussion of primary sources and the authors suggestions for further reading *Modeling Instruction Using Computer Generated Dialogue*

Roulette William Smith,1973 *The Heathen Woman's Friend* ,1890 **Language as Dialogue** Edda Weigand,2009-12-17

With her theory of Language as Dialogue Edda Weigand has opened up a new and promising perspective in linguistic research and its neighbouring disciplines Her model of competence in performance solved the problem of how to bridge the gap between competence and performance and thus substantially shaped the way in which people look at language today This book traces Weigand's linguistic career from its beginning to today and comprises a selection of articles which take the reader on a vivid and fascinating journey through the most important stages of her theorizing The initial stage when a model of communicative competence was developed is followed by a gradual transition period which finally resulted in the theory of the dialogic action game as a mixed game or the Mixed Game Model The articles cover a wide range of linguistic topics including among others speech act theory lexical semantics utterance grammar emotions the media rhetoric and institutional communication Editorial introductions give further information on the origin and theoretical background of the articles included

Disrupted Dialogue Robert M. Veatch,2005 Medical ethics changed dramatically in the past 30 years because physicians and humanists actively engaged each other in discussions that sometimes led to confrontation and controversy but usually have improved the quality of medical decision making Before then medical ethics had been isolated for almost two centuries from the larger philosophical social and religious controversies of the time Only in the past three decades has the dialogue resumed as physicians turned to humanists for help just when humanists wanted their work to be relevant to real life social problems The book tells the critical story of how the breakdown in communication between physicians and humanists occurred and how it was repaired when new developments in medicine together with a social revolution forced the leaders of these two fields to resume their dialogue *A Continuing Dialogue* United States. Congress. House. Committee on Armed Services. Oversight and Investigations Subcommittee,2008

(Inter)Cultural Dialogue and Identity in Lithuanian Literature Irena Ragaišienė,Adelheid Rundholz,2023-10-09 This book illustrates that the idea of a national literature is profoundly problematic Chapters on boundaries and crisscrossing show how a nation and its writers works do not exist in isolation from their history Stressing migration and inter cultural dialogue authors explore how the characters in the texts establish a sense of belonging both within the context of migrations and within the context of Lithuania since its independence The final series of essays in this book discusses Lithuanian literature abroad that is in translation
