

ROUSSEAU AS AUTHOR

CONSECRATING ONE'S LIFE TO THE TRUTH

Christopher Kelly

Rousseau As Author Consecrating Ones Life To The Truth

Christopher Kelly

Rousseau As Author Consecrating Ones Life To The Truth:

Rousseau as Author Christopher Kelly, 2003-02-15 For Rousseau consecrating one's life to the truth his personal credo meant publicly taking responsibility for what one publishes and only publishing what would be of public benefit Christopher Kelly argues that this commitment is central to understanding the relationship between Rousseau's writings and his political philosophy Unlike many other writers of his day Rousseau refused to publish anonymously even though he risked persecution for his writings But Rousseau felt that authors must be self-restrained as well as bold and must carefully consider the potential political effects of what they might publish sometimes seeking the good conflicts with writing the truth Kelly shows how this understanding of public authorship played a crucial role in Rousseau's conception and practice of citizenship and political action *Rousseau as Author* will be a groundbreaking book not just for Rousseau scholars but for anyone studying Enlightenment ideas about authorship and responsibility

Rousseau's Ethics of Truth Jason Neidleman, 2016-07-01 In 1758 Rousseau announced that he had adopted *vitam impendere vero* dedicate life to truth as a personal pledge Despite the dramatic nature of this declaration no scholar has yet approached Rousseau's work through the lens of truth or truthseeking What did it mean for Rousseau to lead a life dedicated to truth This book presents Rousseau's normative account of truthseeking his account of what human beings must do if they hope to discover the truths essential to human happiness Rousseau's writings constitute a practical guide to these truths they describe how he arrived at them and how others might as well In reading Rousseau through the lens of truth Neidleman traverses the entirety of Rousseau's corpus and in the process reveals a series of symmetries among the disparate themes treated in those texts The first section of the book lays out Rousseau's general philosophy of truth and truthseeking The second section follows Rousseau down four distinct pathways to truth reverie republicanism religion and reason With a strong grounding in both the Anglophone and Francophone scholarship on Rousseau this book will appeal to scholars across a broad range of disciplines

The Life of Wisdom in Rousseau's "Reveries of the Solitary Walker" Thomas L. Pangle, 2023-04-15 *The Life of Wisdom in Rousseau's Reveries of the Solitary Walker* is the first complete exegesis and interpretation of Rousseau's final and culminating work showing its full philosophic and moral teaching The *Reveries* has been celebrated as a work of literature that is an acknowledged acme of French prose writing Thomas L. Pangle argues that this aesthetic appreciation necessitates an in-depth interpretation of the writing's complex and multileveled intended teaching about the normatively best way of life and how essential this is for a work that was initially bewildering Rousseau stands out among modern political philosophers in that he restored to political philosophy what Socrates and his students from Plato and Xenophon through Aristotle and the Stoics and Cicero had made central and that the previous modern Enlightenment philosophers had eclipsed the study of the life and soul of the exemplary independent sage as possessor of human wisdom Rousseau made this again the supreme theme and source of norms for political philosophy and for humanity's moral as well as civic existence In his analysis of The

Reveries Pangle uncovers Rousseau's most profound exploration and articulation of his own life, personality, soul, and thought as the man of nature enlightened by reason. He describes in Rousseau's final work the fullest embodiment of the experiential wisdom from which flows and to which points Rousseau's political and moral philosophy, his theology, and his musical and literary art. A Reinterpretation of Rousseau J. Alberg, 2007-10-01 In this radical reinterpretation of Rousseau, Jeremiah

Alberg argues that the philosopher's system of thought is founded on theological scandal and on Rousseau's inability to accept forgiveness. Alberg explores his views in relation to alternative forms of Christianity. **Rousseau's Rejuvenation of**

Political Philosophy Nelson Lund, 2016-09-17 This book reads Jean Jacques Rousseau with a view toward deepening our understanding of many political issues alive today, including the place of women in society, the viability of traditional family structures, the role of religion and religious freedom in nations that are becoming ever more secular, and the proper conduct of American constitutional government. Rousseau has been among the most influential modern philosophers, and among the most misunderstood. The first great philosophic critic of the Enlightenment, he sought to revive political philosophy as it was practiced by Plato and to make it useful in the modern world. His understanding of politics rests on deep and often prescient reflections about the nature of the human soul and the relationship between our animal origins and the achievements of civilization. This book demonstrates that the implications Rousseau drew from those reflections continue to deserve serious attention. **The Palgrave Handbook of Leisure Theory** Karl Spracklen, Brett Lashua, Erin Sharpe, Spencer

Swain, 2017-04-18 This is the first handbook devoted entirely to leisure theory, charting the history and philosophy of leisure theories in religion and culture and rational theories of leisure in the Western philosophical tradition, as well as a range of socio-cultural theories from thinkers such as Adorno, Bauman, Weber, and Marx. Drawing on contributions from experts in leisure studies from around the world, the four sections cover traditional theories of leisure, rational theories of leisure, structural theories of leisure, and post-structural theories of leisure. The Palgrave Handbook of Leisure Theory is essential reading for students and scholars working in leisure studies, social theory, as well as those working on the problem of leisure in the wider humanities and social sciences. The Rousseauian Mind Eve Grace, Christopher Kelly, 2019-01-17 Jean Jacques

Rousseau 1712-1778 is a major figure in Western Philosophy and is one of the most widely read and studied political philosophers of all time. His writings range from abstract works such as *On the Social Contract* to literary masterpieces such as *The Reveries of the Solitary Walker*, as well as immensely popular novels and operas. *The Rousseauian Mind* provides a comprehensive survey of his work, not only placing it in its historical context but also exploring its contemporary significance. Comprising over forty chapters by a team of international contributors, the Handbook covers the predecessors and contemporaries to Rousseau's work. The major texts of the system: autobiographical texts including *Confessions*, *Reveries of the Solitary Walker*, and *Dialogues*; Rousseau's political science; the successors to Rousseau's work. Rousseau applied today. Essential reading for students and researchers in philosophy. Rousseau's work is central to the study of political philosophy.

the Enlightenment French studies the history of philosophy and political theory The Terror of Natural Right Dan Edelstein,2024-05-31 Natural right the idea that there is a collection of laws and rights based not on custom or belief but that are natural in origin is typically associated with liberal politics and freedom In The Terror of Natural Right Dan Edelstein argues that the revolutionaries used the natural right concept of the enemy of the human race an individual who has transgressed the laws of nature and must be executed without judicial formalities to authorize three quarters of the deaths during the Terror Edelstein further contends that the Jacobins shared a political philosophy that he calls natural republicanism which assumed that the natural state of society was a republic and that natural right provided its only acceptable laws Ultimately he proves that what we call the Terror was in fact only one facet of the republican theory that prevailed from Louis's trial until the fall of Robespierre A highly original work of historical analysis political theory literary criticism and intellectual history The Terror of Natural Right challenges prevailing assumptions of the Terror to offer a new perspective on the Revolutionary period The Literary Market Geoffrey Turnovsky,2011-07-07 A central theme in the history of Old Regime authorship highlights the opportunities offered by a growing book trade to writers seeking to free themselves from patrons and live by the pen Accounts of this passage from patronage to market have explored in far greater detail the opportunities themselves the rising sums paid by publishers and the progression of laws protecting literary property than how and why writers would have seized on them no doubt because the choice to do so has seemed an obvious or natural one for writers assumed to prefer economic self sufficiency over elite protection In The Literary Market Geoffrey Turnovsky claims that there was nothing obvious or natural about the choice Writers had been involved in commercial book publication since the earliest days of the printing press yet had not necessarily linked these activities with their freedom to think and write The association of autonomy and professionalism was forged not given Analyzing the literary market as a key articulation of the association Turnovsky explores how in eighteenth century polemics a rhetoric of commercial authorship came to signify independence for intellectuals He finds the roots of the connection not in the claims of entrepreneurial writers to rights and income but in a world to which that of the modern author has been contrasted the aristocratic culture of the seventeenth century Aristocratic culture he argues generated a disparaging view of the professional author as one defined by activities tainting him or her as greedy and arrogant and therefore unworthy of protection and socially isolated The Literary Market examines the story of the birth of the author in terms of the revalorization of this negative trope in Enlightenment era debates about the radically changing role of writers in society *Rousseau's Critique of Science* Jeff J. S. Black,2009-01-01 Rousseau's *Critique of Science* is the first book length treatment of Rousseau's first philosophic work It argues that the *Discourse* is indispensable both for those interested in the genesis and meaning of Rousseau's philosophic system and for those interested in the moral consequences of our liberal democratic commitment to scientific progress

The General Will in the Modern Constitutional State Joseph R. Reisert,2025-09-12 In The General Will in the

Modern Constitutional State Joseph R Reiser challenges standard interpretations of Rousseau according to which his political theory either has nothing to offer the present but a radical critique or commends an illiberal plebiscitary democracy Reiser argues that the principles of political right Rousseau sets forth in *The Social Contract* are correct and that the political institutions of modern constitutional and democratic states substantially satisfy them Rousseau's central normative commitments to popular sovereignty constitutional law representative government the rule of law periodic elections universal suffrage and equal basic rights for all correspond closely to our contemporary understanding of what political legitimacy requires Taking seriously Rousseau's claim that a sort of contract lies at the foundation of every political society Reiser offers a novel interpretation of willing a general will arguing that the experience of formulating and acting upon a general will is as common as are the experiences of membership in a civic association and of undertaking any collective activity as a member of such an organization Reiser expertly demonstrates that when we recognize that a nation's true constitution is the content of the people's general will we will be able to see how our political institutions mostly satisfy Rousseau's normative principles of political right and we will also discover new perspectives on constitutional politics and constitutional interpretation *The General Will in the Modern Constitutional State* will be of interest to those who study Rousseau's political thought history of political thought constitutionalism and constitutional theory

Machiavelli on Liberty and Conflict David Johnston, Nadia Urbinati, Camila Vergara (Political scientist), 2017-03-15 Papers from a conference held 6-7 December 2013 at the Italian Academy for Advanced Studies at Columbia University to mark the five hundredth anniversary of the publication of *The Prince*

Christianity and Confucianism Christopher Hancock, 2020-12-10 *Christianity and Confucianism* Culture Faith and Politics sets comparative textual analysis against the backdrop of 2000 years of cultural political and religious interaction between China and the West As the world responds to China's rise and China positions herself for global engagement this major new study reawakens and revises an ancient conversation As a generous introduction to biblical Christianity and the Confucian Classics *Christianity and Confucianism* tells a remarkable story of mutual formation and cultural indebtedness East and West are shown to have shaped the mind heart culture philosophy and politics of the other and far more perhaps than either knows or would want to admit Christopher Hancock has provided a rich and stimulating resource for scholars and students diplomats and social scientists devotees of culture and those who pursue wisdom and peace today

Perfection and Disharmony in the Thought of Jean-Jacques Rousseau Jonathan Marks, 2005-10-06 In *Perfection and Disharmony in the Thought of Jean Jacques Rousseau* Jonathan Marks offers an interpretation of the philosopher's thought and its place in the contemporary debate between liberals and communitarians Against prevailing views he argues that Rousseau's thought revolves around the natural perfection of a naturally disharmonious being At the foundation of Rousseau's thought he finds a natural teleology that takes account of and seeks to harmonize conflicting ends The Rousseau who emerges from this interpretation is a radical critic of

liberalism who is nonetheless more cautious about protecting individual freedom than his milder communitarian successors Marks elaborates on the challenge that Rousseau poses to liberals and communitarians alike by setting up a dialogue between him and Charles Taylor one of the most distinguished ethical and political theorists at work today

Short Stories and Political Philosophy Erin A. Dolgoy, Kimberly Hurd Hale, Bruce Peabody, 2018-11-01 Short Stories and Political Philosophy Power Prose and Persuasion explores the relationship between fictional short stories and the classic works of political philosophy This edited volume addresses the innovative ways that short stories grapple with the same complex political and moral questions concerns and problems studied in the fields of political philosophy and ethics The volume is designed to highlight the ways in which short stories may be used as an access point for the challenging works of political philosophy encountered in higher education Each chapter analyzes a single story through the lens of thinkers ranging from Plato and Aristotle to Max Weber and Hannah Arendt The contributors to this volume do not adhere to a single theme or intellectual tradition Rather this volume is a celebration of the intellectual and literary diversity available to students and teachers of political philosophy It is a resource for scholars as well as educators who seek to incorporate short stories into their teaching practice

The Poetics of Shadows: The Double in Literature and Philosophy Andrew Hock Soon Ng, 2012-02-24 The essays in this collection attest to the richness of the double motif in literature and philosophy Veering away from predominantly psychoanalytical readings of narratives which foreground the double or doppelganger which have formed the basis of much scholarly discussions of this motif the contributions in this volume privilege divergent philosophical leanings ranging from Rousseau to Kierkegaard from Christian philosophy to Eastern mysticism to elicit the layered nuances and signifiers of this elusive motif Narratives interrogated in this collection include the works of Dickens Blanchot Edmund Jab s Orhan Pamuk Chuck Palahniuk and Don Delillo among others

The Poetics of Unremembered Acts Brian McGrath, 2013 Poems specifically romantic poems such as those by Thomas Gray William Wordsworth and John Keats link what goes unremembered in our reading to ethics In Tintern Abbey for example Wordsworth finds in little unremembered acts the chance to hear the still sad music of humanity In The Poetics of Unremembered Acts Brian McGrath shows that poetry s capacity to address its reader stages an ethical dilemma of continued importance Situating romantic poems in relation to Enlightenment debate over how to teach reading specifically debate about the role of poetry in the process of learning to read The Poetics of Unremembered Acts develops an alternative understanding of poetry s role in education McGrath also explores the ways poetry makes ethics possible through its capacity to pass along what we do not remember and cannot know about our reading

Reading Jean-Jacques Rousseau through the Prism of Chess Florian Vauleon, 2019-11-25 Over a period of forty years Rousseau combined his devotion to writing with his enthusiasm for chess and these two passions necessarily intertwined Rousseau was able to transfer his power of concentration and the strict dialectics of his literary writings to his chess strategy If Rousseau s analytical skills influenced his attitude toward the game

then the game of chess inspired his logic and affected his discourse Interpreted as a form of rationality as a conceptual paradigm the rules and strategies of chess accurately describe Rousseau s ideas for social management political power and organization Reading Jean Jacques Rousseau through the Prism of Chess shows that Rousseau s political theory though allegedly inspired by Nature found a perfect model in a game created by mankind chess thus became a reference for his philosophical discourse and practice as well as a method to systematize Nature and organize society

Encyclopedia of Business Ethics and Society Robert W. Kolb,2007-08-21 2008 Best Reference Library Journal As a field of study business ethics aims to specify the principles under which businesses must operate to behave ethically Thus business ethics focuses on such issues as those that have recently attracted so much public scrutiny executive compensation honesty in accounting transparency treatment of stakeholders and respect for the environment These are in fact perennial questions that accompany the long history of human economic activity and that will also be present through an indeterminate future The five volumes of this ultimate resource recognize the inherent unity between business ethics and business and society that stems from their shared primary concern with value in commerce This Encyclopedia spans the relationships among business ethics and society by including more than 800 entries that feature broad coverage of corporate social responsibility the obligation of companies to various stakeholder groups the contribution of business to society and culture and the relationship between organizations and the quality of the environment Key Features Embraces commerce in all of its ethical and social dimensions Offers comprehensive and fairly lengthy essays on such crucial topics as justice freedom stakeholder theory and regulation Provides very brief essays that introduce important personages in the field while other similarly brief entries explain the nature and function of various organizations Includes contributions from respected authorities in the fields of management psychology sociology communication political science philosophy and other related fields Cross references to other entries in the Encyclopedia and includes a list of references and suggested readings for each article Key Themes Accounting Applied Ethics Corporate Management and the Environment Corporate Powers Organization and Governance Corporations in the Social Sphere Customers and Consumers Economics and Business Employee Issues Environmental Thought Theory Regulation and Legislation Ethical Thought and Theory Finance Gender Age Ethnicity Diversity and Sexual Preference Information Systems International Social and Ethical Issues Justice Legislation and Regulation Management Marketing Organizations Political Theory Thought and Policy Problematic Practices Rights The Encyclopedia of Business Ethics and Society is the premier reference tool for students scholars practitioners and others interested in gaining knowledge of the role business plays with regard to the environment in which it exists making it a must have resource for all academic libraries
