## **Routledge Historical Atlas Of Presidential Elections:**

**The Routledge Historical Atlas of Presidential Elections** Yanek Mieczkowski, 2020-12-29 Now in its second edition The Routledge Historical Atlas of Presidential Elections covers each race for the presidency with brisk lively narratives up to the election of 2016 Filled with more than 100 full color maps and illustrations this updated volume is an indispensable resource for learning about the suspense filled races to gain America's highest office Distinguished presidential historian Yanek Mieczkowski captures intriguing details about candidates issues and campaigns allowing readers to experience the drama of every contest The colorful maps that put state by state results at readers fingertips show geographic voting trends during the country's history The presidency is America's greatest political prize and this book describes how candidates have won it including changes in electoral strategies and campaign practices over the years This text offers a treasure trove of historical information such as The early tradition of the mute candidate The period where just one effective political party existed nationwide One race that witnessed an astounding 80 percent voter turnout A popular vote victory of 39.9 percent that triggered secession The emergence of the front porch campaign A third party candidate who got more votes than the incumbent president The impact of radio television and the Internet on the election process This book is essential reading for students of American history and the U.S. presidency

**The Routledge Historical Atlas of Presidential Elections** Yanek Mieczkowski, 2013-12-16 First Published in 2001 Routledge is an imprint of Taylor Francis an informa company

**Presidential Elections, 1789-2008** Donald Richard Deskins, Hanes Walton, Sherman C. Puckett, 2010 Hanes Walton Donald Deskins and Sherman Puckett have produced a highly impressive collection and valuable contribution to the literature on American electoral politics This work is indispensable for academic libraries political scientists historians and serious students of American government Immanuel Ness Professor Department of Political Science Brooklyn College City University of New York Massive amounts of information about presidential elections which are not readily available elsewhere Unprecedented coverage in one volume of every single American presidential election James Gimpel Professor of Government University of Maryland This is an extraordinary research endeavor the most comprehensive set of aggregate election data ever assembled Painstakingly researched this color coded volume presents data for every presidential election from 1789 to 2008 Unlike most the wide ranging narrative for this atlas identifies racial patterns in the vote Everyone who studies or is interested in presidential elections should have this impressive collection of statistical data in their libraries A visual gem for the digital age Robert Smith Professor of Political Science San Francisco State University Presidential Elections 1789-2008 is a genuine tour de force that captures in an extremely accessible and comprehensive way the electoral geography of America's presidential elections from Washington to Obama An invaluable addition to the library of all those interested in presidential elections and U.S. politics Marion Orr Frederick Lippitt Professor of Public Policy and Professor of Political Science Brown University This volume sets an extraordinarily high standard in scholarship completeness description

and explanation of our political process It has been said that all politics are local but never before has this been demonstrated with such clarity and panache using the simple method of standardized tables summarizing voting then showing state and county breakdowns of the numbers greatly strengthened by beautiful full color maps and cartograms Every scholar of politics and democracy will benefit from the work laid out in this volume Keith Clarke Professor of Geography University of California Santa Barbara Presidential Elections is an almanac of the popular vote in every presidential election in American history analyzed at the county level with histories of each campaign graphs and stunning four color maps Most Americans are familiar with the crude red state blue state maps used by commentators and campaign strategists and even for want of an alternative by many academics In providing a higher resolution view of voting behavior the authors of this new volume enable examination of local and regional political trends that are invisible in state level aggregations Presidential Elections will enable scholars to more subtly analyze voting behavior campaigns and presidential politics commentators will use it to analyze trends and trace the historical evolution of new coalitions and voting blocs strategists will use it to plan campaigns and mobilize constituencies Presidential Elections will become the standard almanac on the subject a required resource for academic and public libraries as well as for scholars consultants and pundits nationwide Donald R Deskins Jr is a political geographer and Emeritus Professor of Sociology and a former Associate Dean of the Horace H Rackham School of Graduate Studies at the University of Michigan Hanes Walton Jr is Professor of Political Science at the University of Michigan He also holds positions as Senior Research Scientist at the Center for Political Studies and as a faculty member in the Center for Afroamerican and African Studies Sherman C Puckett is a Ph D graduate of the University of Michigan in urban and regional planning He was a mayoral appointee in the data processing department of the Coleman A Young administration in the City of Detroit and recently retired from Wayne County government as manager of technology geographic information systems and development of maintenance management systems

[A Research Guide to Cartographic Resources](#) Eva H. Dodsworth, 2018-09-22 The interdisciplinary uses of traditional cartographic resources and modern GIS tools allow for the analysis and discovery of information across a wide spectrum of fields A Research Guide to Cartographic Resources navigates the numerous American and Canadian cartographic resources available in print and online offering researchers academics and students with information on how to locate and access the large variety of resources new and old Dozens of different cartographic materials are highlighted and summarized along with lists of map libraries and geospatial centers and related professional associations A Research Guide to Cartographic Resources consists of 18 chapters two appendices and a detailed index that includes place names and libraries structured in a manner consistent with most reference guides including cartographic categories such as atlases dictionaries gazetteers handbooks maps plans GIS data and other related material Almost all of the resources listed in this guide are categorized by geography down to the county level making efficient work of the type of material required to meet the information needs of those interested in researching

place specific cartographic related resources Additionally this guide will help those interested in not only developing a comprehensive collection in these subject areas but get an understanding of what materials are being collected and housed in specific map libraries geospatial centers and their related websites Of particular value are the sections that offer directories of cartographic and GIS libraries as well as comprehensive lists of geospatial datasets down to the county level This volume combines the traditional and historical collections of cartography with the modern applications of GIS based maps and geospatial datasets      *Presidential Elections in Nigeria's Fourth Republic* Babayo Sule, Usman Sambo, 2024-03-07 This book provides a uniquely detailed analysis of presidential elections in Nigeria's Fourth Republic The authors explore the changing dynamics of voting patterns religious politics politicians behaviour and the broader political system to offer new insights into presidential systems in Africa and beyond In doing so they address an often neglected area of political science and cast light on the political challenges facing one of the world's largest democracies The book's comprehensive coverage of Nigerian presidential elections and the lessons they hold for developing countries across the globe is a valuable resource for researchers students international institutions and non governmental organisations      *Presidents and Place* Olga Maria May Akroyd, Thomas Cobb, 2023-03-20 *Presidents and Place* America's Favorite Sons highlights the interrelationship between America's leading political icons and various facets of space and place including places of birth and death as well as regional allegiances among others The chapters examine the legacy of relationships between presidents and place in a variety of social and cultural forms ranging from famous political campaigns to television series to developments in tourism Beginning with the political iconography of New York's Federal Hall in early eighteenth century America and ending with a focus on the Republican Party's electoral relationship with the South the interdisciplinary and methodologically diverse nature of the chapters reveals that place has more than a biographical significance in relation to US presidents      *Bush v. Gore: The Florida Recounts of the 2000 Presidential Election* Christine Heppermann, 2012-09-01 The US Supreme Court is the head of the judicial branch of the federal government It is the highest court in the land with thousands of cases appealed to it every year One of those history making cases was Bush v Gore which addressed the Florida vote recounts in the 2000 presidential election Readers will follow this case from beginning to end including the social and political climates that led up to it and the effects it had after the court made its ruling Major players and key events are discussed including George W Bush Albert Gore Junior Dick Cheney Joseph Lieberman Karl Rove William Daley Katherine Harris and William H Rehnquist Compelling chapters and informative sidebars also cover the Electoral College presidential debates hanging chads third party candidates and protests Bush v Gore forever influenced laws on voting procedures absentee ballots ballot design and voting equipment This landmark Supreme Court case changed the course of US history and shaped the country we live in Aligned to Common Core Standards and correlated to state standards Essential Library is an imprint of Abdo Publishing a division of ABDO

**Real Americans** Jared A. Goldstein, 2022-02-05 On January 6 2021 white supremacists Christian nationalists and other

supporters of President Donald Trump stormed the US Capitol in an attempt to overturn the results of the 2020 presidential election. The insurrection was widely denounced as an attack on the Constitution and the subsequent impeachment trial was framed as a defense of constitutional government. What received little attention is that the January 6 insurrectionists themselves justified the violence they perpetrated as a defense of the Constitution after battling the Capitol police and breaking doors and windows the mob marched inside chanting "Defend your liberty defend the Constitution In Real Americans National Identity Violence and the Constitution". Jared A. Goldstein boldly challenges the conventional wisdom that a shared devotion to the Constitution is the essence of what it means to be American. In his careful analysis of US history Goldstein demonstrates the well established pattern of movements devoted to defending the power of dominant racial ethnic and religious groups that deploy the rhetoric of constitutional devotion to express their national visions and justify their violence. Goldstein describes this as constitutional nationalism an ideology that defines being an American as standing with and by the Constitution. This history includes the Ku Klux Klan's self declared mission to protect and defend the Constitution of the United States which served to justify its campaign of violence in the 1860s and 1870s to prevent Black people from exercising the right to vote. Protestant Americans who felt threatened by the growing population of Catholics and Jews and organized mass movements to defend their status and power by declaring that the Constitution was made for a Protestant nation native born Americans who resisted the rising population of immigrants and who mobilized to exclude the newcomers and their alien ideas corporate leaders arguing that regulation is unconstitutional and un American and Timothy McVeigh who believed he was defending the Constitution by killing 168 people with a truck bomb. Real Americans National Identity Violence and the Constitution reveals how the Constitution as the central embodiment and common ground of American identity has long been used to promote conflicting versions of American identity and to justify hatred violence and exclusion.

*Encyclopedia of U.S. Campaigns, Elections, and Electoral Behavior* Kenneth F. Warren, 2008-04-04 Overall a first rate resource and yes pleasantly readable. School Library Journal. The Encyclopedia of U S Campaigns Elections and Electoral Behavior covers virtually everything one would want to know about American political campaigns. With more than 450 entries these two comprehensive volumes present a significant array of topics of campaigns elections and electoral behavior. The encyclopedia's diverse content shows that although the subject matter of campaigns elections and electoral behavior is inherently related each topic has a distinct focus. Key Features Presents topics in a straightforward easy to understand manner intentionally avoiding unnecessary technical language. Includes entries written by electoral behavior scholars from around the country. Focuses on American campaigns elections and electoral behavior but also provides a culturally and politically diverse perspective of American democratic practices and institutions. Offers a rich campaign history by looking at many colorful candidates corrupt yet intriguing political machines rapidly changing technologies campaign organizations and strategies. Provides a description and scholarly analysis for all presidential elections including state and general elections.

Presents and simplifies complicated election laws that govern federal state and local elections Examines various efforts throughout the decades to reform elections especially from social upheaval and the resulting political realignments Includes extensive electoral research into the development of political opinions attitudes and ideologies in American voters Key Themes Ballot Issue Campaigns Elections and the Law Corruption in American Campaigns and Elections Electoral Behavior of Various Groups Local Campaigns and Elections Media s Role in American Campaigns and Elections People Political Parties Interest Groups and American Campaigns and Elections Political Theory and Democratic Elections in America Polls Public Opinion and Campaigns and Elections Presidential Campaigns and Elections Reforming American Campaigns and Elections Running Political Campaigns Management Organization and Strategies Social and Psychological Dynamics of Electoral Behavior State and Congressional Campaigns and Elections History and State Profiles The Encyclopedia of U S Campaigns Elections and Electoral Behavior is an especially useful reference published to coincide with the 2008 presidential election This informative yet intriguing resource is a welcome addition to any academic or public library

**Vote Thieves** Orlando J. Rodriguez,2011-02-28 Every ten years political representation in the U S House of Representatives is redistributed reapportioned among the fifty states The process began anew with the 2010 census which is counting the nation s population as the basis for reapportionment The decennial census has a history wrought with failures and inaccurate counts In Vote Thieves geographer Orlando J Rodriguez shows how our current method of apportionment creates an incentive for illegal immigration and polarizes our political system Historically it caused the end of the Federalist Party bolstered slavery disenfranchised African Americans after Reconstruction fostered segregation in the South denied voting rights to women and disenfranchised voters in the presidential election of 2000 Since 1989 six congressional bills have attempted to change the population basis for apportionment none passed Currently under review in Congress House Joint Resolution 53 would amend the Constitution to include only citizens in the apportionment base The 2008 presidential platform of the Republican Party included a similar call to change the apportionment basis This issue affects all U S residents legal and illegal alike Recent history has triggered a growing suspicion among Americans that their political system is flawed Vote Thieves explains a singular flaw that voters suspect but cannot put in plain words and gives them the information they need to petition for a more responsive political system

**High Tide of American Conservatism: Davis, Coolidge, and the 1924 Election** Garland Tucker,2012 Historians have generally failed to understand the significance of the election of 1924 the last time both major political parties nominated a bona fide conservative candidate The High Tide of American Conservatism casts new light on both the election and the two candidates John W Davis and Calvin Coolidge Both nominees articulately expounded a similar philosophy of limited government and maximum individual freedom and both men were exemplary public servants

Remaking the Democratic Party Hanes Walton,Pearl K. Ford,Josephine Allen,2016-08-09 Examining Southern support for Johnson throughout his political career and his transformative leadership of the Democratic

Party     **Presidential Performance** Max J. Skidmore, 2014-06-24 Presidential rankings emerged in 1948 when Life Magazine published an article by the prominent historian Arthur M Schlesinger Sr who had selected 55 experts on the presidency and asked them to rank the presidents He asked his respondents to rank presidents into categories of Great Near Great Average Below Average and Failure The result was a substantial article that attracted wide public attention His work and similar studies have not escaped criticism however Many general works on the presidency have discussed presidential greatness and identified presidents who stood out for good or ill There are likely unavoidable inadequacies in all ranking schemes regardless of the complicated measures that many authors employ in their attempts to be scientific This book provides useful criticism of these presidential rankings It is arranged chronologically and discusses each presidential performance and each ranking study in detail Perhaps it would be sufficient to say that most who held the office were right for their time

**American Energy Policy in the 1970s** Robert Lifset, 2014-04-03 With Middle East blow ups pipeline politics wind farm controversies solar industry scandals and disputes over fracking it s natural to think that the energy policy debate is at its most intense ever But it s easy to forget that energy issues dominated the nation s politics in the 1970s as well Wars were fought political careers made and unmade and fortunes gambled and lost all because of the vagaries of energy production and consumption which held the American public and its politicians in thrall This historical investigation focuses exclusively on American energy policy in the 1970s Revisiting the last time energy issues came to the forefront of national political discourse the essays collected here provide new insight into the energy crisis of that decade insights with clear implications for our present dilemmas Among a new generation of energy historians the authors address questions of political leadership foreign policy supply and demand Chapters examine the politics of energy policymaking efforts by American policymakers to increase supply and reduce demand and the challenge of crafting American foreign policy as the Middle East emerges as the world s leading oil producing region American Energy Policy in the 1970s reminds us of a wide range of policy successes and failures and offers an in depth look at the complicated workings of such issues as caf standards alternative energy supplies nuclear power conservation the strategic petroleum reserve and the Carter Doctrine This book restores historical clarity and context to the complex and politically freighted discussion of energy in America It should inform and enlighten the discussion going forward

**The African American Electorate** Hanes Walton, Sherman C. Puckett, Donald R. Deskins, 2012-05-01 How have African Americans voted over time What types of candidates and issues have been effective in drawing people to vote These are just two of the questions that The African American Electorate A Statistical History attempts to answer by bringing together all of the extant fugitive and recently discovered registration data on African American voters from Colonial America to the present This pioneering work also traces the history of the laws dealing with enfranchisement and disenfranchisement of African Americans and provides the election return data for African American candidates in national and sub national elections over this same time span Combining insightful narrative tabular

data and original maps The African American Electorate offers students and researchers the opportunity for the first time to explore the relationship between voters and political candidates identify critical variables and situate African Americans voting behavior and political phenomena in the context of America s political history *Public Administration for Planners* Stephen Kehs,2022-09-29 This book offers an introduction to public administration by a veteran practitioner written for planners as well as students seeking a public administration career and individuals simply wanting to learn more about responsible government The narrative provides an overview of public administration theory and the importance of leadership in today s contentious political environment The book contains five parts including an introduction parts on management the public sector and government programs and some impressions on why this subject is so critically important in our society today Typical administrative responsibilities are addressed as well as issues not typically covered in books on public administration along with observations about sound public administration Each part also contains practical exercises discussion questions and references to other texts and academic resources Because public administration is fundamentally about relationships with people and communities the book provides lessons that can be applied easily to one s personal life and experiences It is a timely narrative on public administration today that will be valuable reading for planners and planning students looking to better understand public administration and policy Presidential Courage Michael R. Beschloss,2007-05-08 From the acclaimed bestselling author of *The Conquerors* comes a brilliantly readable and inspiring saga about crucial times in America s history when a courageous president dramatically changed the future of the United States With surprising new sources and a dazzling command of history and human character Michael Beschloss brings to life the flawed complex men who changed America s history From George Washington braving threats of impeachment and assassination to make peace with England to John Adams incurring his party s unrelenting hatred by refusing to fight France and from Andrew Jackson in a death struggle against the corrupt Bank of the United States to Abraham Lincoln risking his Presidency to insist that slaves be freed Beschloss provides an intimate behind the scenes view of presidents coping with the supreme dilemmas of their lives Gripping and important *Presidential Courage* reveals that none of these presidents were eager to incur ridicule vilification or threats of political destruction and even assassination But in the end bolstered by friends and family hidden private beliefs and faith each ultimately proved himself to be in Andrew Jackson s words born for the storm Gerald Ford and the Challenges of the 1970s Yanek Mieczkowski,2005-04-22 A reappraisal of the brief presidency of Gerald Ford called to leadership in the midst of scandal stagflation and an energy crisis For many Americans Gerald Ford evokes an image of either an unelected president who abruptly pardoned his corrupt predecessor or an accident prone klutz spoofed on Saturday Night Live In this book Yanek Mieczkowski reexamines Ford s two and a half years in office showing that his presidency successfully confronted the most vexing crisis of the postwar era Viewing the 1970s primarily through the lens of economic events Mieczkowski argues that Ford s understanding of the national economy was better than

any modern president's that he oversaw a dramatic reduction of inflation and that he attempted to solve the energy crisis with judicious policies Throughout his presidency Ford labored under the legacy of Watergate Democrats scored landslide victories in the 1974 midterm elections and within an anemic Republican Party the right wing challenged Ford's leadership even as pundits predicted the GOP's death Yet Ford reinvigorated the party and fashioned a 1976 campaign strategy against Jimmy Carter that brought him from thirty points behind to a dead heat on election day Drawing on numerous personal interviews with former President Ford cabinet officials and members of the Ninety fourth Congress Mieczkowski presents the first major work on Ford in more than a decade combining the best of biography and presidential history to paint an intriguing portrait of a president his times and his legacy This ambitious work calls for a reexamination of the Ford presidency in light of the formidable challenges he faced upon taking office A welcome and important addition to the literature on the Ford presidency Library Journal

**The Million-Dollar Man Who Helped Kill a President** Christopher McIlwain, 2018-07-19 George Washington Gayle is not a name known to history But it soon will be Forget what you thought you knew about why Abraham Lincoln was assassinated by John Wilkes Booth No it was not mere sectional hatred Booth's desire to become famous Lincoln's advocacy of black suffrage or a plot masterminded by Jefferson Davis to win the war by crippling the Federal government Christopher Lyle McIlwain Sr's Untried and Unpunished George Washington Gayle and the Assassination of Abraham Lincoln exposes the fallacies regarding each of those theories and reveals both the mastermind behind the plot and its true motivation The deadly scheme to kill Lincoln Vice President Andrew Johnson and Secretary of State William Seward was Gayle's brainchild The assassins were motivated by money Gayle raised Lots of money 20 000 000 in today's value Gayle a prominent South Carolina born Alabama lawyer had been a Unionist and Jacksonian Democrat before walking the road of radicalization following the admission of California as a free state in 1850 Thereafter he became Alabama's most earnest secessionist though he would never hold any position within the Confederate government or serve in its military After the slaying of the president Gayle was arrested and taken to Washington DC in chains to be tried by a military tribunal for conspiracy in connection with the horrendous crimes The Northern press was satisfied Gayle was behind the deed especially when it was discovered he had placed an advertisement in a newspaper the previous December soliciting donations to pay the assassins There is little doubt that if Gayle had been tried he would have been convicted and executed However he not only avoided trial but ultimately escaped punishment of any kind for reasons that will surprise readers Rather than rehashing what scores of books have already alleged Untried and Unpunished offers a completely fresh premise meticulous analysis and stunning conclusions based upon years of firsthand research by an experienced attorney This original thought provoking study will forever change the way you think of Lincoln's assassination

**High Risk And Big Ambition** Steven E. Schier, 2004-05-30 Elected with no clear public mandate George W Bush achieved surprising legislative successes in his early months in the White House Following September 11 2001 his public support rose to unprecedented

heights Actions taken in the following months and years have revealed the exceptionally ambitious nature of the Bush presidency High Risk and Big Ambition brings together leading presidency scholars and journalists to assess the trajectory and character of Bush s time in office The common theme running through their contributions is that this presidency is best characterized by a series of bold political and policy risks in the service of two primary goals the transformation of American foreign policy and the creation of a lasting Republican dominance of domestic politics Included are discussions of foreign policy national security the war in Iraq Bush s leadership style religious politics and economic policy George W Bush emerges as an orthodox innovator who skillfully deploys both personal politics and the power of his office in an effort to complete the conservative governmental agenda initiated by Ronald Reagan Yet because of the size of his ambitions each success sets up a greater risk of failure That alone makes his presidency one of the most interesting and consequential in decades

## **Routledge Historical Atlas Of Presidential Elections Introduction**

In the digital age, access to information has become easier than ever before. The ability to download Routledge Historical Atlas Of Presidential Elections has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Routledge Historical Atlas Of Presidential Elections has opened up a world of possibilities. Downloading Routledge Historical Atlas Of Presidential Elections provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Routledge Historical Atlas Of Presidential Elections has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Routledge Historical Atlas Of Presidential Elections. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Routledge Historical Atlas Of Presidential Elections. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Routledge Historical Atlas Of Presidential Elections, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Routledge Historical Atlas Of Presidential Elections has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.
