**Historic Tales, The Romance of Reality: American, Spanish American, English, German, French, Spanish, Russian, Scandinavian, Greek, Roman, Japanese and Chinese, King Arthur (Complete)** Charles Morris, The year 1000 A D was one of strange history Its advent threw the people of Europe into a state of mortal terror Ten centuries had passed since the birth of Christ The world was about to come to an end Such was the general belief How it was to reach its end whether by fire water or some other agent of ruin the prophets of disaster did not say nor did people trouble themselves to learn Destruction was coming upon them that was enough to know how to provide against it was the one thing to be considered Some hastened to the churches others to the taverns Here prayers went up there wine went down The petitions of the pious were matched by the ribaldry of the profligate Some made their wills others wasted their wealth in revelry eager to get all the pleasure out of life that remained for them Many freely gave away their property hoping by ridding themselves of the goods of this earth to establish a claim to the goods of Heaven with little regard to the fate of those whom they loaded with their discarded wealth It was an era of ignorance and superstition Christendom went insane over an idea When the year ended and the world rolled on none the worse for conflagration or deluge green with the spring leafage and ripe with the works of man dismay gave way to hope mirth took the place of prayer man regained their flown wits and those who had so recklessly given away their wealth bethought themselves of taking legal measures for its recovery Such was one of the events that made that year memorable There was another of a highly different character Instead of a world being lost a world was found The Old World not only remained unharmed but a New World was added to it a world beyond the seas for this was the year in which the foot of the European was first set upon the shores of the trans Atlantic continent It is the story of this first discovery of America that we have now to tell In the autumn of the year 1000 in a region far away from fear haunted Europe a scene was being enacted of a very different character from that just described Over the waters of unknown seas a small strange craft boldly made its way manned by a crew of the hardiest and most vigorous men driven by a single square sail whose coarse woollen texture bellied deeply before the fierce ocean winds which seemed at times as if they would drive that deckless vessel bodily beneath the waves This crew was of men to whom fear was almost unknown the stalwart Vikings of the North whose oar and sail driven barks now set out from the coasts of Norway and Denmark to ravage the shores of southern Europe now turned their prows boldly to the west in search of unknown lands afar Shall we describe this craft It was a tiny one in which to venture upon an untravelled ocean in search of an unknown continent a vessel shaped somewhat like a strung bow scarcely fifty feet in length low amidships and curving upwards to high peaks at stem and stern both of which converged to sharp edges It resembled an enormous canoe rather than aught else to which we can compare it On the stem

was a carved and gilt dragon the figurehead of the ship which glittered in the bright rays of the sun Along the bulwarks of the ship fore and aft hung rows of large painted wooden shields which gave an Argus eyed aspect to the craft Between them was a double row of thole pins for the great oars which now lay at rest in the bottom of the boat but by which in calm weather this walker of the seas could be forced swiftly through the yielding element      *The Cauldron Effect: The Complete Series: Historical Fantasy Romance Boxset* Shereen Vedam,2021-10-19 Enjoy this young adult historical fantasy romance series by USA Today Bestselling fantasy author Shereen Vedam Stories of old tell of a place like this Fleeing a dying world Wyhcans land on Earth in the early fifteen hundreds in the hope of finding a safe haven Instead their alien magic misfires frightening the local humans and setting off witch hunts Seeking peace a group of Wyhcans set sail to England Trouble soon finds them there as well when old wounds between genders release the very terror they hoped to escape This time they hunker down hoping to avoid detection Three hundred years later during the heyday of the Regency era a chance to heal old wounds entices them out of hiding But is it truly safe Find out in these three books in this boxed set Coven at Callington Warlock from Wales Love Spell in London If you enjoy witchy tales and magical worlds the three delightful Fantasy Regency Romances in this boxed set will gift you with a glimpse into what truly exists all around us Pick it up today      The Prose Works Walter Scott (Sir),1827      **The Prose Works of Sir Walter Scott** Walter Scott,1827
