Republican Portugal Douglas L. Wheeler,1998-08-10 **FDR's Republicans** Robert E. Jenner,2010-01-01 FDR's Republicans illuminates the debate over foreign policy that took place in the United States prior to World War II Robert E Jenner approaches this issue from the perspective of Republican members of the House and Senate who eventually came to support the interventionist position of a Democratic president Unlike other diplomatic histories of this period FDR's Republicans focuses on domestic components of the foreign policy debate combining historical analysis and political theory Jenner recounts the Republican Party's internationalist roots under McKinley the split of 1912 and the defeat of the League of Nations in deference to its agrarian progressive wing Taking both a local and national approach he provides in depth analysis of the party's reaction to the FDR landslides of 1932 and 1936 the party's resurgence in 1938 FDR's aggressive defense of the New Deal and the decline of the party's agrarian progressive faction The result is a broader explanation of the battle that raged between isolationists and interventionists as well as the failure of policy makers to deter fascism at an earlier date

European Republicans William James Linton,1892 *California Fruit News* ,1909 **California Fruit Grower (San Francisco, Calif.)** ,1910 *The Republican* Richard Carlile,1822 *The Republican* ,1822 **Abolish the Monarchy** Graham Smith,2023-05-04 A crucial riveting polemic in support of one of the most precious things humanity has built democracy itself OWEN JONES Graham Smith shows what fools our rotten constitution makes of us with a monarch as emblem of a country beset by nepotism backhanders chumocracy and inherited privilege Read and rebel POLLY TOYNBEE We're constantly told the same things about the monarchy But the monarchy is good for tourism It isn't Evidence points to some royal weddings actually having a negative impact on inbound tourism But the monarchy makes a big difference to charity Of the approx 1 200 charities with a royal patron 74% had no contact with their patron during the preceding year But everyone loves the monarchy A January 2023 poll showed support for the monarchy is down 55 percent It's wrong in principle and it doesn't work in practice It doesn't have to be this way They say Britain should be proud to have the mother of parliaments to be a shining beacon of democracy and an example to other nations But there's an elephant in the room At the heart of power is a single family They weren't elected but they live off the public purse They aren't accountable to anyone and yet between them they are privy to more government secrets than many cabinet ministers Divinely appointed using a special hat the head of the family is your superior you his subject Apparently he is guardian of our constitution but we're also told he wouldn't dream of interfering in politics If you accept the monarchy you must accept the moral compromise that comes with it from its erosion of the principle of equality to the secret interference in our laws But the good news is that we don't have to accept it True democracy is within our reach
