Roosevelt and Walter Lippmann were among his devoted students We see Santayana in correspondence and conversation with Bertrand Russell G. E. Moore Ezra Pound and Robert Lowell Predominant in Santayana

s life was his philosophical work Hostile to the dominant empiricism of Anglo American philosophy he left the academy and remained detached from both the political and ideological movements of early decades of the twentieth century McCormick relates his skepticism and materialism to a form of idealism deriving from his classical education in Plato and Aristotle together with his readings in Descartes and Spinoza He presents Santayana as a supreme stylist in English who lived a long life always consistent with his stoic epicureanism
