If Stilettos Could Speak A. S. Kingly, 2019-06-01 In the small town of Senoia Georgia where everything is a skip hop or short bus ride away what could possibly go wrong Aging Detective Garrett Sandoval stumbles upon strange events that result in a missing person's case Details of the crime send him down memory lane back to a time when his career was just beginning Years ago women went missing in nightclubs Now their cases are reopened as a copycat shows up and more women disappear Witnesses mention flickering lights and a popping sound before women vanish All they leave behind are fancy high heeled shoes The case escalates however when the culprit leaves a note that says I'm back Maybe Sandoval doesn't deal with a copycat but the original villain An unlikely team comes together to solve this mystery including several detectives a burlesque dancer and a writer all following clues that lead down a dark and twisted path Sandoval gets closer and closer to his old nemesis while balancing on the metaphorical point of a stiletto with the past nipping at his heels
