Scandal Of The Incarnation:

The Scandal of the Incarnation Hans Urs Von Balthasar, 2012-09-26 Saint Irenaeus was the first great Christian theologian Born in Asia Minor in about 130 A D he became Bishop of Lyons and died as a martyr early in the third century His main work *Adversus Haereses* Against the Heresies is as relevant today as it was eighteen hundred years ago It is a critique of Gnosticism the anti body heresy which far from dying out continues to flourish as the main threat to the Christian faith in our own day With serenity and good humor Irenaeus unfolds the unity of God s purpose in creation and redemption in Old and New Testaments The flesh and blood which Gnosticism so despised has been assumed by God in the womb of the Virgin Mary and glorified in the Resurrection and the Eucharist In this book quotations from Saint Irenaeus have been arranged thematically in order to show the unity of his Christian view of the world The texts have been selected and are introduced by the late Hans Urs von Balthasar who is widely regarded as one of the greatest Catholic theologians of this century They are translated by John Saward Everything in Irenaeus is bathed in a warm and radiant joy a wise and majestic gentleness His words of struggle are hard as iron and crystal clear so penetrating that they cannot fail to enlighten the unbiased observer Hans Urs von Balthasar **The scandal of the incarnation : Irenaus "against the heresies".**

Irenaeus, 1990 **St. Irenaeus of Lyons Against the Heresies** Saint Irenaeus (Bishop of Lyon.), John J. Dillon, 1992 This work which establishes Irenaeus as the most important of the theologians of the second century is a detailed and effective refutation of Gnosticism and a major source of information on the various Gnostic sects and doctrines This volume contains Book One *Nouvelle Théologie and Sacramental Ontology* Hans Boersma, 2009-05-08 In the decades leading up to the Second Vatican Council the movement of nouvelle th ologie caused great controversy in the Catholic Church and remains a subject of vigorous scholarly debate today In Nouvelle th ologie and Sacramental Ontology Hans Boersma argues that a return to mystery was the movement s deepest motivation Countering the modern intellectualism of the neo Thomist establishment the nouvelle theologians were convinced that a ressourcement of the Church Fathers and of medieval theology would point the way to a sacramental reintegration of nature and the supernatural In the context of the loss suffered by both Catholics and Protestants in the de sacramentalizing of modernity Boersma shows how the sacramental ontology of nouvelle th ologie offers a solid entry point into ecumenical dialogue The volume begins by setting the historical context for nouvelle th ologie with discussions of the influence of significant theologians and philosophers like M hler Blondel Mar chal and Rousselot The exposition then moves to the writings of key thinkers of the ressourcement movement including de Lubac Bouillard Balthasar Chenu Dani lou Charlier and Congar Boersma analyses the most characteristic elements of the movement its reintegration of nature and the supernatural its reintroduction of the spiritual interpretation of Scripture its approach to Tradition as organically developing in history and its communion ecclesiology that regarded the Church as sacrament of Christ In each of these areas Boersma demonstrates how the nouvelle theologians advocated a return to mystery by means of

a sacramental ontology **The Saving Mysteries of Jesus Christ** Edgardo Colon-Emeric, Mark Gorman, 2019-09-04 Jesus is Lord This scandalous confession is an act of worship a pledge of allegiance a call to service and a saving act Yet who is Jesus Christ How should we understand his life his death his resurrection and his work of salvation This book offers a perspective from the Wesleyan tradition on these vital questions It introduces readers to christology the study of Christ The authors encourage readers to ponder the mystery of salvation at work in Christ s entire life and to make the confession Jesus is Lord their own

Silence: A User's Guide, Volume One Maggie Ross, 2014-09-10 Silence is essential for the health and well being of humans and the environment in which they live Yet silence has almost vanished from our lives and our world Of all the books that claim to be about silence this is the only one that addresses silence directly Silence A User s Guide is just what the title says it is a guide to silence which is both a vast interior spaciousness and the condition of our being in the natural world This book exposes the processes by which silence can transfigure our lives what Maggie Ross calls the work of silence it describes how lives steeped in silence can transfigure other lives unawares It shows how the work of silence was once understood to be the foundation of the teaching of Jesus and how this teaching was once an intrinsic part of Western Christianity it describes some of the methods by which the institution suppressed the work of silence and why religious institutions are afraid of silence Above all this book shows that the work of silence gives us a way of being in the world that is more than we can ask for or imagine

The Challenge of Change Mark Harris, 1998 The author addresses issues of authority and identity in the Anglican Communion as it emerges from modernity and explores a vision for the coming years

Total Atonement W. Ross Hastings, 2019-10-09 Total Atonement re imagines the apprehended mystery of the atonement in light of the triune nature of God and the person and work of the incarnate Christ W Ross Hastings proposes participation as a theory or framework of atonement that holds all other models within it He argues that God s participation in humanity in order that humans might participate in God invites a total approach to the mystery of the atonement that is one that involves the whole Trinity the whole person and history of Christ and all the biblical motifs and theological models of atonement including penal substitution properly nuanced to overcome its caricatures Christus victor satisfaction vicarious life and moral exemplar Hastings re examines the scope of the atonement in light of these Trinitarian incarnational realities

Theologies of Failure Roberto Sirvent, Duncan B. Reyburn, 2019-03-26 What does failure mean for theology In the Bible we find some unsettling answers to this question We find lastness usurping firstness and foolishness undoing wisdom We discover too a weakness more potent than strength and a loss of life that is essential to finding life Jesus himself offers an array of paradoxes and puzzles through his life and teachings He even submits himself to humiliation and death to show the cosmos the true meaning of victory As David Bentley Hart observes most of us would find Christians truly cast in the New Testament mold fairly obnoxious civically reprobate ideologically unsound economically destructive politically irresponsible socially discreditable and really just a bit indecent By incorporating the work of scholars working with a range of frameworks within

the Christian tradition Theologies of Failure aims to offer a unique and important contribution to understanding and embracing failure as a pivotal theological category As the various contributors highlight it is a category with a powerful capacity for illuminating our theological concerns and perspectives It is a category that frees us to see old ideas in a brand new light and helps to foster an awareness of ideas that certain modes of analysis may have obscured from our vision In short this book invites readers to consider how both theology and failure can help us ask new questions discover new possibilities and refuse the ways of the world

Christ at the Crux Paul Cumin, 2014-06-20 How can Christian theology confess God as both other than the world and also related to it in a way that compromises neither of these Most modern thought has offered a simple reply it cannot *Christ at the Crux* analyzes one element of the roots of this denial and charts a route toward rapprochement The Christologies of eight theologians offer various attempts to relate the Creator and the creature in Christ Irenaeus of Lyon Cyril of Alexandria John Philoponus Martin Luther John Calvin John Zizioulas Robert Jenson and Colin Gunton Within the patristic era the question is grounded in theology about the incarnation with the Reformers the focus is on the mediation between creation and Creator and with the three modern theologians the breadth of the issue is completed with theology proper Together these eight offer a grand scale perspective on much of the christological possibilities for conceiving the relation between God and everything else In the end Paul Cumin shows how the doctrine of the Trinity appears to open new possibilities for Christology and in particular for the way theology about the Spirit enables a reimagining of those items of Christian thought most likely at the roots of our modern rejection of God as other

Unclean Richard Beck, 2012-05-31 I desire mercy not sacrifice Echoing Hosea Jesus defends his embrace of the unclean in the Gospel of Matthew seeming to privilege the prophetic call to justice over the Levitical pursuit of purity And yet as missional faith communities are well aware the tensions and conflicts between holiness and mercy are not so easily resolved In an unprecedented fusion of psychological science and theological scholarship Richard Beck describes the pernicious and largely unnoticed effects of the psychology of purity upon the life and mission of the church

A Jewish Trinity Alan Brill, 2025-10-28 The Christian affirmation of a triune God has always perplexed and confounded Jews Can Jews get beyond understanding the Trinity as inherently tritheistic A Jewish Trinity serves as an entrance into a range of issues in Jewish Christian theological difference presenting a Jewish understanding of six topics in contemporary Christian theology Trinity original sin incarnation salvation messianism and covenant In A Jewish Trinity Alan Brill seeks a Jewish appreciation for the core theological differences between the two religions The book is informed by recent historical studies of the early Jewish Christian division showing greater commonality in theological ideas The book however concentrates on contemporary Christian theology especially the constructive theology of Karl Rahner and Jürgen Moltmann to demonstrate that contemporary Christian theological formulations possess greater affinity to Jewish conceptions than did prior Christian theology while also still providing religious difference This work of comparative theology is a crucial next step in Jewish

Christian encounter for our historically informed post polemical age Brill shows that Jews and Christians can engage in comparative discourse on theological issues with full clarity and understanding The book seeks to change the field of Jewish Christian encounter going beyond reconciliation toward a richer and deeper theological discussion of similarity and difference God Is Impassible and Impassioned Rob Lister,2012-11-30 Modern theologians are focused on the doctrine of divine impassibility exploring the significance of God s emotional experience and most especially the question of divine suffering Professor Rob Lister speaks into the issue outlining the history of the doctrine in the views of influential figures such as Augustine Aquinas and Luther while carefully examining modernity s growing rejection of impassibility and the subsequent evangelical response With an eye toward holistic synthesis this book proposes a theological model based upon fresh insights into the historical biblical and theological dimensions of this important doctrine *The Cruciform Church, Annivesary Edition* C. Leonard Allen,2016-05-10 What is left of the Gospel if you take away the cross This central question asked by C L Loos but tucked away in a nineteenth century journal launched The Cruciform Church twenty five years ago Read by a generation of ministers and church leaders The Cruciform Church began a reimagination of the church in our increasingly secular age Now updated with responses from eight key leaders this contemporary classic aims to reach a new generation with the critical questions of faith and life New Responses by Sara Barton Richard Beck Lee Camp Raymond Carr Randy Harris John Mark Hicks Scot McKnight Jonathan Storment **The Eucharist of the Early Christians** Willy Rordorf,1990 We can rediscover ourselves in the faith and hope of the early Christians These ancient first through fourth century writings describe the richness of the Eucharist as it was experienced and lived at that time Included in this volume are excerpts from the Didache Clement of Rome Ignatius of Antioch Justin Clement of Alexandria Tertullian Origen and more all commented on by a leading liturgical historian The Geometry of Christian Contemplation David Albertson,2025-05-16 The writings of ancient and medieval Christian mystics were rediscovered in the twentieth century and today they are read more widely than ever before But do modern assumptions about religious experience influence how we hear those premodern voices Do we do them justice by thinking of mysticism as interior and ineffable Or can mystical experience intersect with the natural environment and indeed the cosmos which science calculates with precise quantities David Albertson s *The Geometry of Christian Contemplation Measure without Measure* suggests a fresh approach to the history of mystical theology that is oriented toward exteriority more than interiority and toward the measurable world outside more than the invisible world within The ancient Greek philosopher Plotinus had taught contemplatives to close their eyes and withdraw into the soul Most Christians followed his directions but others dissented In three critical episodes an alternative model of Christian contemplation began to emerge from Dionysius the Areopagite to the Byzantine monks John of Damascus and Theodore the Studite to eccentric humanists in medieval Paris Together these episodes add up to a very different theological aesthetics one that can enliven the modern study of mysticism and correct some of its imbalances For in the

centuries before the scientific revolution and the secularization of nature Christians still saw God in the exterior world not only the interior soul God was not an ineffable and formless Absolute immeasurable as the soul but an infinite Measure who leaves behind geometrical traces in the figures of the world The God who became a human body in the Incarnation not only entered time and matter but also spatial extension and with it the conditions of measure points lines curves shapes planes dimensions and magnitudes Today the wisdom of this counter tradition can strengthen the study of mysticism not only by supplementing our contemporary fascination with negative theology by redefining what it means to name God positively but by suggesting a new connection between Christian mysticism and the hyper measured hyper technologized world that surrounds us

The Recovery of Mission Vinoth Ramachandra, 2002-10-03 In recent years the term religious pluralism has come to be used not only in a descriptive sociological sense but also as theologically prescriptive Within this new paradigm traditional Christian understandings of Christ conversion evangelism and mission have been radically reinterpreted The Recovery of Mission explores the pluralist paradigm through the work of three of its most influential Asian exponents Stanley Samartha Alousius Pieris and Raimundo Panikkar subjecting each to a theological and philosophical critique On the basis of biblical patristic and contemporary theological writings Vinoth Ramachandra argues for the uniqueness and decisiveness of what God has done for us in Jesus Christ Ramachandra seeks to show that many of the valid concerns of pluralist theologians can best be met by reappropriating the missionary thrust at the heart of the gospel The book ends with suggestions challenging to pluralists and conservatives alike as to how the gospel needs to be communicated in a multifaith world

The History of the Kingdom of God, Part II: Liturgy and the Building of the Kingdom Sofia Cavalletti, *Modern Virtue* Emily Dumler-Winckler, 2022 Modern Virtue is the first book length treatment of Mary Wollstonecraft's theology and religion the first to show the centrality of each for her account of the virtues and revolution and the first by a scholar in these fields While Wollstonecraft is canonical in many other fields she is mostly unknown or ignored in virtue ethics theology and religion This book remedies this omission and the prevalent narratives sustained by it in the latter as well as predominant views of her religion and virtue in the former
