Scorched Earth Emmanuel Kreike, 2022-10-25 A global history of environmental warfare and the case for why it should be a crime The environmental infrastructure that sustains human societies has been a target and instrument of war for centuries resulting in famine and disease displaced populations and the devastation of people's livelihoods and ways of life *Scorched Earth* traces the history of scorched earth military inundations and armies living off the land from the sixteenth to the twentieth century arguing that the resulting deliberate destruction of the environment *envirocide* constitutes total war and is a crime against humanity and nature In this sweeping global history Emmanuel Kreike shows how religious war in Europe transformed Holland into a desolate swamp where hunger and the black death ruled He describes how Spanish conquistadores exploited the irrigation works and expansive agricultural terraces of the Aztecs and Incas triggering a humanitarian crisis of catastrophic proportions Kreike demonstrates how environmental warfare has continued unabated into the modern era His panoramic narrative takes readers from the Thirty Years War to the wars of France's Sun King and from the Dutch colonial wars in North America and Indonesia to the early twentieth century colonial conquest of southwestern Africa Shedding light on the premodern origins and the lasting consequences of total war *Scorched Earth* explains why *ecocide* and *genocide* are not separate phenomena and why international law must recognize environmental warfare as a violation of human rights

Nault, *The Chinese People at War* Diana Lary, 2010-07-26 Diana Lary one of the foremost historians of the period tells the tragic history of China's War of Resistance and its consequences from the perspective of those who went through it Using archival evidence only recently made available interviews with survivors and extracts from literature she creates a vivid and highly disturbing picture of the havoc created by the war the destruction of towns and villages the displacement of peoples and the accompanying economic and social disintegration As the author suggests in a new interpretation of modern Chinese history far from stemming the spread of communism from the USSR which was the Japanese pretext for invasion the horrors of the war and the damage it created nurtured the Chinese Communist Party and helped it to win power in 1949
