Kilday, 2010-10-20 The first systematic study of the concept of shame from 1600-1900 showing good and bad behaviour morality and perceptions of crime in British society at large Single episodes in the history of shame are contextualized by discussing the historiography and theory of shame and their implications for the history of crime and social relations

Bloody Valentine Douglas Skelton, 2004-06-07 Love is the strongest emotion It can bring people together but it can also drive them apart For love can become twisted and evil And if obsession jealousy and suspicion take hold all other feelings can be prevented and sometimes lead to murder In this disturbing catalogue of bloody valentines crime writer and journalist Douglas Skelton delves into the darker side of Scotland's psyche to uncover chilling crimes of passion where love turned sour and the outcome was lethal

Glasgow's Black Heart Douglas Skelton, 2011-03-11 Glasgow is the largest city in Scotland It is a city of culture of impressive architecture enterprise and endeavour and is one of warm hearted generous people But it also has a dark side Beneath the busy streets the Victorian sandstone and urban trendiness lies a black heart that beats in rhythm with the roar of the traffic and the echo of footsteps on concrete It is a black heart pumped by greed and lust violence and murder And it has beaten since the city first sprang up on that dear green place on the banks of the Molendinar Burn This is the epic story of Glasgow crime Beginning in 1624 when the Tolbooth was built at Glasgow Cross to house the courts and town jail author Douglas Skelton covers four centuries

of Glasgow's hidden history tracing the formation of the first paid police force in Britain the Black Assizes of the circuit court and the formation of the city's own High Court of Justiciary Here you will find the pimps and pushers gangsters and gangleaders rioters and robbers who flooded the veins of the city Famous felons rub shoulders with their less notorious but equally vicious counterparts Here also are the thief takers cops lawyers and judges who tried to stem the gushing flow some with more success than others These stories may not be what the City Fathers would like to see on Glasgow's CV but they are as much a part of its traditions and its legacy as the fish the bell and the tree [Perthshire Murders](#) Geoff

Holder,2010-10-15 Nineteenth century crime in Perthshire **Dark Heart** Douglas Skelton,2012-08-17 The Old Tolbooth Jail Edinburgh's Bastille was for five centuries the capital's heart of darkness The tall turreted building blocked the High Street like a stone sentinel at the gates of Hell In its early days it played host to the Scottish Parliament and the Court of Session but eventually it became the main jail of the Old Town And it was a hellhole the very epitome of what Scots Law called squalor carceris a foul dingy plague infested purgatory that was nevertheless an integral part of the history of the Old Town and the nation Not for nothing did Sir Walter Scott dub it the Heart of Midlothian It was home to rich and poor noble and ignoble master and servant Thieves debtors murderers and rebels all rotted in its filthy cells many spending their final hours there before surrendering to the tender mercies of an executioner to be hanged beheaded or burned Now for the first time the complete story of the Old Tolbooth is told from its proud beginnings to its final downfall at the hands of municipal vandals Featuring tales of some of the jail's unwilling residents including the noblemen who had their heads spiked on its tower the black magician who threatened a monarch and one who scandalised the town with tales of sexual depravity **Dark Heart** is the definitive account of one of the most interesting buildings in Edinburgh's history [Deadlier Than The Male](#) Douglas Skelton,2003-06-15 Most killers are men But never turn your back on a woman Murder madness and maliciousness abound in this hangman's dozen of she devils Culled from over five hundred years of bloody history by crime writer and journalist Douglas Skelton these pages uncover the mad the bad and the dangerous to know Vengeful Queen Joan who made her husband's assassins pay a fearful price for their treason Beautiful Jean Livingston who bravely faced The Maiden after murdering her abusive husband Child killers Helen Torrence and Jean Waldie who sold their victim to anatomists Baby farmer Jessie King who dealt in flesh and death These cases together with a host of others prove that women are far from the gentler sex Most killers are men But women are more deadly *Hangman's Brae* Colin Duncan,Norman Adams,2013-02-21 *Hangman's Brae* is a vividly written account of the blood curdling crimes and brutal forms of punishment of north east Scotland The book explores the area's underworld and features the grave robbers jail breakers rioters and other lawbreakers whose crimes led them to premature deaths at the end of a rope or at the not so delicate hands of The Maiden a gruesome decapitating device predating the French guillotine The stories of the men who enforced the law and meted out sentences to the ne'er do wells who broke it can be just as interesting and memorable as those of the criminals and Norman Adams

introduces the reader to some of them Here you ll find some real characters such as the Aberdeenshire sheriff and criminal officer who always got his man once spending two chilling nights chained to a brutal murderer and rapist And it wasn t just hangings that these men had to perform their grisly work also involved execution by beheading and drowning often with some witch burning for good measure The many true crime cases in this book shed new light on just how violent and bloody the north east of Scotland s past was
