Scott Byron Poetics Cult Encounter

George Gordon Byron Baron Byron

Scott Byron Poetics Cult Encounter:

A Preface to Jane Austen Christopher Gillie, 2014-06-17 Jane Austen's satirical classical novels have made a lasting contribution to English literature and first gave the novel its distinctly modern character with the treatment of ordinary people in everyday life. Her works such as *Pride and Prejudice*, *Emma*, and *Mansfield Park* remain as popular today as they ever have been both in book form and as screen adaptations. The Preface Books series approaches the work of Jane Austen from a particular perspective which by introducing the writer via a biographical sketch and a survey of her cultural and social context encourages readers to understand her work in the period and style it was written. Christopher Gillie's *A Preface to Austen* looks at Austen's life and literary background and their effect on her work. Using biographical information it clearly sets her writing firmly in the context of her times and will be essential reading for anyone interested in the works of Austen.

The Oxford History of Literary Translation in English: Peter France, Kenneth Haynes, 2006-02-23 In the one hundred and ten years covered by volume four of *The Oxford History of Literary Translation in English* what characterized translation was above all the move to encompass what Goethe called world literature. This occurred paradoxically at a time when English literature is often seen as increasingly self-sufficient. In Europe the culture of Germany was a new source of inspiration as were the medieval literatures and the popular ballads of many lands from Spain to Serbia. From the mid-century the other literatures of the North both ancient and modern were extensively translated and the last third of the century saw the beginning of the Russian vogue. Meanwhile as the British presence in the East was consolidated translation helped readers to take possession of exotic non-European cultures from Persian and Arabic to Sanskrit and Chinese. The thirty-five contributors bring an enormous range of expertise to the exploration of these new developments and of the fascinating debates which reopened old questions about the translator's task as the new literalism, whether scholarly or experimental, vied with established modes of translation. The complex story unfolds in Britain and its empire but also in the United States involving not just translators, publishers and readers but also institutions such as the universities and the periodical press. Nineteenth-century English literature emerges as more open to the foreign than has been recognized before with far-reaching effects on its orientation.

Nagai Kafu's Occidentalism Rachael Hutchinson, 2011-11-01 Nagai Kafu 1879-1959 spent more time abroad than any other writer of his generation, firing the Japanese imagination with his visions of America and France. Applying the theoretical framework of Occidentalism to Japanese literature, Rachael Hutchinson explores Kafu's construction of the Western Other as an integral part of his critique of Meiji civilization. Through contrast with the Western Other, Kafu was able to solve the dilemma that so plagued Japanese intellectuals: how to modernize and yet retain an authentic Japanese identity in the modern world. Kafu's flexible positioning of imagined spaces like the West and the Orient ultimately led him to a definition of the Japanese Self. Hutchinson analyzes the wide range of Kafu's work, particularly those novels and stories reflecting Kafu's time in the West and the return to Japan, most unknown to Western readers and a number unavailable.

in English along with his better known depictions of Edo's demimonde. Kato's place in Japan's intellectual history and his influence on other writers are also discussed. *The British National Bibliography* Arthur James Wells, 2005

Lord Byron George Byron, 2012-04-26 A selection of poetry by Lord Byron a poet considered amongst the most treasured and influential in English literature. The poet George Gordon Byron commonly known as Lord Byron was a leading figure of the Romantic movement in England and one of the most influential writers of verse in English literature. Whilst his poetry was considered scandalous and shocking by Victorian society it has now reclaimed its rightful place in the canon of definitive English verse. However the excesses and vicissitudes of Byron himself continue to provoke disbelief and awe in even the most hardened readers. In this selection of poetry readers are given a taste for the astonishing variety in Byron's work. From drama to introspection, risqué sexual comedy to social commentary, this Everyman edition collates verse for seasoned readers of poetry as well as newcomers to the genre. *Romanticism, Sincerity and Authenticity* T. Milnes, K. Sinanan, 2010-08-11 The categories of authenticity and sincerity treated sceptically since the early twentieth century remain indispensable for the study of Romantic literature and culture. This book focusing on authors including Wordsworth, Macpherson and Austen highlights their complexities showing how they can become meaningful to current critical debates.
