Anderson, 2015-07-12 Excerpt from *Scottish Annals From English Chroniclers A D 500 to 1286* It is not clear to what extent the earlier chroniclers were misled by such errors in geographical direction as we see in Ptolemy's map where Ireland extends to the N N W of Cumberland and northern Scotland is twisted round till north has become east Thus the relative position of Bede's northern and southern Picts is uncertain Changes in the names of races add to the obscurity of their boundaries The Welsh of Strathclyde are not always distinguishable from the Welsh further south both being called Britons a name originally applicable to the Picts Scots settled in Pictland and in time part of Pictland took the name of Scotia and its inhabitants that of Scots The name of Picts became limited to those dwelling south of the Forth But no generic name is given to the district south of Forth and Clyde and north of Solway and Tweed and it is probable that the different races inhabiting this area are not always very clearly distinguished When Ninian preached in Galloway he was according to Bede a missionary to the Southern Picts At that time before the Anglo Saxon occupation of England the Britons had lost ground before the Picts and Scots Pictish territory was continuous from Galloway to Manau Not till after the Anglo Saxons had driven the Britons northwards did Dumbarton become a British stronghold Then the Britons established themselves in Strathclyde during a period of intense national feeling which may have given rise to the Arthur legends Some of the twelve victories ascribed to Arthur may have been won in Scotland cf the *Historia Brittonum* in M G H AA XIII 199 200 Cf Henry of Huntingdon 48 49 William of Malmesbury G R I 11 12 Henceforward Pictland south of the Forth was divided into Stirling and Manau on the one side and Galloway on the other About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *SCOTTISH ANNALS FROM ENGLISH C* Alan Orr 1879-1958 Anderson, 2016-08-26 This work has been selected by scholars as being culturally important

Scotland's Medieval Queens Sharon Bennett Connolly,2025-03-30 Discover Scotland's turbulent

history through the lives of its medieval queens who ruled loved and sacrificed for their nation Scotland's history is dramatic violent and bloody Being England's northern neighbour has never been easy Scotland's queens have had to deal with war murder imprisonment political rivalries and open betrayal They have loved and lost raised kings and queens ruled and died for Scotland From St Margaret who became one of the patron saints of Scotland to Elizabeth de Burgh and the dramatic story of the Scottish Wars of Independence to the love story and tragedy of Joan Beaufort to Margaret of Denmark and the dawn of the Renaissance Scotland's Medieval Queens have seen it all This is the story of Scotland through their eyes *The Scottish Historical Review* James Macle hose,1923 A new series of the Scottish antiquary established 1886 **Scottish Annals from English Chroniclers A. The Lost Dark Age Kingdom of Rheged Ronan Toolis,Christopher Bowles,2017-01-31 Trusty's Hill is an early medieval fort at Gatehouse of Fleet Dumfries and Galloway The hillfort comprises a fortified citadel defined by a vitrified rampart around its summit with a number of enclosures looping out along lower lying terraces and crags The approach to its summit is flanked on one side by a circular rock cut basin and on the other side by Pictish Symbols carved on to the face of a natural outcrop of bedrock This Pictish inscribed stone is unique in Dumfries and Galloway and southern Scotland and has long puzzled scholars as to why the symbols were carved so far from Pictland and even if they are genuine The Galloway Picts Project launched in 2012 aimed to recover evidence for the archaeological context of the inscribed stone but far from validating the existence of Picts in this southerly region of Scotland the archaeological context instead suggests that the carvings relate to a royal stronghold and place of inauguration for the local Britons of Galloway around AD 600 Examined in the context of contemporary sites across southern Scotland and northern England the archaeological evidence from Galloway suggests that this region may have been the heart of the lost Dark Age kingdom of Rheged a kingdom that was in the late sixth century pre eminent amongst the kingdoms of the north The new archaeological evidence from Trusty's Hill enhances our perception of power politics economy and culture at a time when the foundations for the kingdoms of Scotland England and Wales were being laid *The Scottish Historical Review* ,1909 A new series of the Scottish antiquary established 1886
