"The Kingdom of God is Within You" graf Leo Tolstoy,1894 The Kingdom of God Is Within You is a non fiction book written by Leo Tolstoy A philosophical treatise the book was first published in Germany in 1894 after being banned in his home country of Russia It is the culmination of thirty years of Tolstoy s thinking and lays out a new organization for society based on an interpretation of Christianity focusing on universal love The Kingdom of God is Within You is a key text for Tolstoyan proponents of nonviolence of nonviolent resistance and of the Christian anarchist movement The title of the book originates from Luke 17 21 In the book Tolstoy speaks of the principle of nonviolent resistance when confronted by violence as taught by Jesus Christ When Christ says to turn the other cheek Tolstoy asserts that Christ means to abolish violence even the defensive kind and to give up revenge Tolstoy rejects the interpretation of Roman and medieval scholars who attempted to limit its scope How can you kill people when it is written in God s commandment Thou shalt not murder Tolstoy took the viewpoint that all governments who waged war are an affront to Christian principles As the Russian Orthodox Church was at the time an organization merged with the Russian state and fully supporting state s policy Tolstoy sought to separate its teachings from what he believed to be the true gospel of Christ specifically the Sermon on the Mount Tolstoy advocated nonviolence as a solution to nationalist woes and as a means for seeing the hypocrisy of the church In reading Jesus words in the Gospels Tolstoy notes that the modern church is a heretical creation Nowhere nor in anything except in the assertion of the Church can we find that God or Christ founded anything like what churchmen understand by the Church Tolstoy presented excerpts from magazines and newspapers relating various personal experiences and gave keen insight into the history of non resistance from the very foundation of Christianity as being professed by a minority of believers In particular he confronts those who seek to maintain status quo That this social order with its pauperism famines prisons gallows armies and wars is necessary to society that still greater disaster would ensue if this organization were destroyed all this is said only by those who profit by this organization while those who suffer from it and they are ten times as numerous think and say quite the contrary
