Searching For Christ The Spirituality Of Dorothy Day:

Searching for Christ Brigid O'Shea Merriman, 2001 In this perceptive and engaging history Brigid O'Shea Merriman O'Shea studies the spiritual development and religious vision of Dorothy Day a pioneer of American social Catholicism and co-founder of the Catholic Worker and the Catholic Worker movement Merriman explores Day's spiritual roots in literature especially the Scriptures along with her sensibility and her aesthetic vision The impact of Christian personalism monasticism and the retreat movement on her spirituality is also examined including new material on Day's association with Thomas Merton and a critical analysis of the Lacouture retreat movement Friendship was an essential component of Day's spirituality and the final chapter discusses Day's devotion to and enduring friendship with the saints as well as her warm relationships with a number of her contemporaries

The Catholic Worker After Dorothy Dan McKanan, 2008 Dorothy Day wanted Catholic Worker communities to be free to shape their identities around the local needs and distinct vocations of their members Open to single people and families in urban and rural areas the Catholic Worker and its core mission have proven to be both resilient and flexible The Catholic Worker after Dorothy explores the reality of Catholic Worker communities today

Searching for Christ Brigid O'Shea Merriman, 1989 **Dorothy Day** Terrence Wright, 2018-03-22 In this introduction to the life and thought of Dorothy Day one of the most important lay Catholics of the twentieth century Terrence Wright presents her radical response to God's mercy After a period of darkness and sin which included an abortion and a suicide attempt Day had a profound awakening to God's unlimited love and mercy through the birth of her daughter After her conversion Day answered the calling to bring God's mercy to others With Peter Maurin she founded the Catholic Worker Movement in 1933 Dedicated to both the spiritual and the corporal works of mercy they established Houses of Hospitality Catholic Worker Farms and the Catholic Worker newspaper Drawing heavily from Day's own writings this book reveals her love for Scripture the sacraments and the magisterial teaching of the Church The author explores her philosophy and spirituality including her devotion to Saints Francis Benedict and Therese He also shows how her understanding of the Mystical Body of Christ led to some of her more controversial positions such as pacifism Since her death in 1980 Day continues to serve as a model of Christian love and commitment She recognized Christ in the less fortunate and understood that to be a servant of these least among us is to be a servant of God *Dorothy Day* Patrick Jordan, 2015-12-14 By any measure Dorothy Day lived a fascinating life She was a journalist activist single mother convert Catholic laywoman and co-founder of the Catholic Worker Movement A lifelong radical who took the gospels at their word Dorothy Day lived among the poor as one of them challenging both church and state to build a better world for all people Steeped in prayer the liturgy and the spiritual life she was jailed repeatedly for protesting poverty injustice and war Through it all she created a sense of community and remained down to earth and humanly approachable To have known Dorothy Day was to have experienced not only her charm and humanity but the purposefulness of her life In *Dorothy Day Love in Action* Patrick Jordan who knew her

personally conveys some of the hallmarks of Day's fascinating life and the spirit her adventure inspires. *People of God* is a series of inspiring biographies for the general reader. Each volume offers a compelling and honest narrative of the life of an important twentieth or twenty-first century Catholic. Some living and some now deceased, each of these women and men has known challenges and weaknesses familiar to most of us but responded to them in ways that call us to our own forms of heroism. Each offers a credible and concrete witness of faith, hope, and love to people of our own day. — *Dorothy Day* John Loughery, Blythe Randolph, 2021-03-02

Magisterial and glorious. Pittsburgh Post-Gazette: the first full authoritative biography of Dorothy Day, American icon, radical pacifist, Catholic convert and advocate for the homeless, is a vivid account of her political and religious development. Karen Armstrong, The New York Times: After growing up in a conservative middle-class Republican household and working several years as a left-wing journalist, Dorothy Day converted to Catholicism and became an anomaly in American life for the next fifty years. As an orthodox Catholic political radical and a rebel who courted controversy, she attracted three generations of admirers. A believer in civil disobedience, Day went to jail several times protesting the nuclear arms race. She was critical of capitalism and US foreign policy and as skeptical of modern liberalism as political conservatism. Her protests began in 1917, leading to her arrest during the suffrage demonstration outside President Wilson's White House. In 1940 she spoke in Congress against the draft and urged young men not to register. She told audiences in 1962 that the US was as much to blame for the Cuban missile crisis as Cuba and the USSR. She refused to hear any criticism of the pope though she sparred with American bishops and priests who lived in well-appointed rectories while tolerating racial segregation in their parishes. *Dorothy Day: the exceptional biography of a dedicated modern-day pacifist, an outspoken advocate for the poor, and a lifelong anarchist. This definitive and insightful account is a monumental exploration of the life, legacy, and spirituality of the Catholic activist.* Spirituality Practice — *Dorothy Day, Thomas Merton and the Greatest Commandment* Leininger Pycior, Julie, 2020

Catholic Worker leader Dorothy Day and monk author Thomas Merton, who gave radical witness to love of God and neighbor in the tumultuous 1960s, together come center stage in this compelling account of the visionary duo spotlighted by Pope Francis in his historic address to Congress. — Spirituality and Deep Connectedness Michael C. Brannigan, 2018-09-15

What is spirituality? Does it enable us to be better persons? Is spirituality related to religion? These days is it even relevant? On college campuses, does it promote student well-being? Does it further moral growth? Can spirituality make a difference in healthcare? What about social justice and service to the marginalized? This rich collection of essays by respected scholars and practitioners in diverse fields, in academic, healthcare, social justice, and interfaith contexts, addresses these questions in strikingly profound and meaningful ways. Their voices offer alternatives to the prevailing notion of spirituality as a purely private matter and make a case for living spiritually through deep and genuine engagement with others, bridging our inherent and original fault line of Self and Other. Their keen observations resuscitate the spiritual fabric of defiance against and liberation from forces of oppression, which show their face not only through chronic inequities and

social injustice but in consumer capitalism's grip on our souls This volume's dispatch to our minds and hearts is timely in an age of looming cynicism pessimism fear and distrust In carving out a renewed sense of what lies at the heart of living a life of the spirit or spirituality it offers an antidote to our widespread hermeneutic of suspicion None of the authors claims to encapsulate one pure meaning of the spiritual Yet they share one collective voice spirituality is indeed genuine when it calls forth compassion and wears the worn and tangled face of humaneness freeing ourselves from the prison of ego Here we find messages of hope much needed in a time when our society seems increasingly shadowed by dark clouds These essays remind us of what's right in the world

A Question of Being Karin Holsinger Sherman, 2007-07-20 James Douglass's writings have been recognized as among the most challenging and inspiring explorations of nonviolence and Christian discipleship in the last century Throughout his career Douglass has argued forcefully for the integration of contemplation and resistance theology and cultural critique spirituality and prophetic involvement His work has inspired many of the key figures in recent debates regarding just war Christian nonviolence and radical discipleship and continues to be highly relevant in our contemporary situation In *A Question of Being* the first book length treatment published on Douglass's writings Karin Holsinger Sherman provides an introduction to and engagement with this important body of work through an exploration into its contextual history influences and main themes Moreover the author argues that these themes work together to create an ontology of nonviolence an ontology that integrates the forces of resistance and contemplation so important to Douglass The book begins by examining Douglass's biography and three broad historical trajectories that give context to his thought the fusion of Christianity and American nationalism in the early Cold War period the emergence of cultural critique in the late fifties and early sixties and the Catholic pacifist tradition and the post 1972 period of disillusionment Holsinger Sherman then considers the lives and thought of Dorothy Day Mahatma Gandhi and Thomas Merton as well as their unique intellectual and exemplary influence on Douglass's ideas After explicating the themes of the cross and the kingdom as they developed chronologically in Douglass's writing career this book draws together Douglass's thought to reveal an ontology of nonviolence In her conclusion Holsinger Sherman argues that this ontology of nonviolence is the key to understanding Douglass's integral theology of contemplation and resistance

The Catholic Worker Movement Mark Zwick, Louise Zwick, 2005 This book is essential reading for understanding the legacy behind the Catholic Worker Movement The founders of the movement Dorothy Day and Peter Maurin met during the Great Depression in 1932 Their collaboration sparked something in the Church that has been both an inspiration and a reproach to American Catholicism Dorothy Day is already a cultural icon Once maligned she is now being considered for sainthood From a bohemian circle that included Eugene O'Neil to her controversial labor politics to the founding of the Catholic Worker Movement she lived out a civil rights pacifism with a spirituality that took radical message of the Gospel to heart Peter Maurin has been less celebrated but was equally important to the movement that embraced and uplifted the poor among us Dorothy Day said he was a genius a saint an agitator a writer

a lecturer a poor man and a shabby tramp Mark and Louise Zwick's thorough research into the Catholic Worker Movement reveals who influenced Peter Maurin and Dorothy Day and how the influence materialized into much more than good ideas Dostoevsky Catherine of Siena Teresa of Avila Francis of Assisi Therese of Lisieux Jacques and Raissa Maritain and many others contributed to fire in the minds of two people that sought to blow the dynamite of the Church in 20th century America This fascinating and detailed work will be meaningful to readers interested in American history social justice religion and public life It will also appeal to Catholics wishing to live the Gospel with lives of action contemplation and prayer The Mystery and the World Maria Clara Bingemer, 2017-02-23 In The Mystery and the World Maria Clara Bingemer explores how the place of religion in society has dramatically shifted since the Enlightenment The modern era is characterised by a major change in humanity's fundamental desires that means that reason has taken the place of faith Human beings in their ongoing search for a scientific understanding of the world have drifted away from seeking any essence of transcendence in their lives Bingemer examines this transition and how especially in the postmodern era it has led to technology and superficial happiness becoming all important as opposed to the more sacred sense of contentment that governed us for centuries prior to the Enlightenment In her discussion however Bingemer demonstrates that we as humans have not lost our innate desire to believe in a higher power and that even in our world of instant satisfaction we still need to fill the void left by religion Through well researched analysis of the modern era and discussion of some of the mystics of more recent times she reveals to readers how our religious belief whilst changed is not dead and is still an important aspect of our existence *Paul Hanly Furfey* Nicholas K. Rademacher, 2017-09-19 Nicholas Rademacher's book is meticulously researched and clearly written shedding new light on Monsignor Paul Hanly Furfey's life by drawing on Furfey's copious published material and substantial archival deposit Paul Hanly Furfey 1896-1992 is one of U.S. Catholicism's greatest champions of peace and social justice He and his colleagues at The Catholic University of America offered a revolutionary view of the university as a center for social transformation not only in training students to be agents for social change but also in establishing structures which would empower and transform the communities that surrounded the university In part a response to the Great Depression their social settlement model drew on the latest social scientific research and technique while at the same time incorporating principles they learned from radical Catholics like Dorothy Day and Catherine de Hueck Doherty Likewise through his academic scholarship and popular writings Furfey offered an alternative vision of the social order and identified concrete steps to achieve that vision Indeed Furfey remains a compelling exemplar for anyone who pursues truth beauty and justice especially within the context of higher education and the academy Leaving behind an important legacy for Catholic sociology Furfey demonstrated how to balance liberal radical and revolutionary social thought and practice to elicit new approaches to social reform **Render Unto God** Ryan C. McIlhenny, 2015-09-18 The Great Recession like most economic depressions has compelled many to reconsider not only the consequences but also the very nature of contemporary global capitalism Sadly

very little critical reflection on the fundamental nature of the world's hegemonic economic system has come from its most devout disciples evangelicals Throughout the pages of the Old and New Testament God reprimands those driven by a love for gain By way of the cultural mandate God has given humanity the responsibility to care not only for their fellow human beings but also for the earth itself True and undefiled religion includes taking care of those forgotten marginalized and made invisible by all consuming and all mighty capital As such those who accumulate wealth by destroying creation dishonor their Creator Has the Christian community gone far enough in meeting the needs of the poor in seeking the end of poverty or in curbing the rapacious appetites of the greedy few in order to preserve that which is good true and beautiful within God's creation Render Unto God calls Christians to reconsider their ideological commitment to unrestrained capitalism to rethink not only the profit motive an essential element of capitalism if not its central telos the meaning of private property and the dominion of the global power elite but also to understand how market fundamentalism fractures families creates systems of inequality and destroys the environment Have we forgotten our commitment to God neighbor and creation Have we forgotten our primary purpose the reason for our existence namely to glorify God and enjoy him forever

Bodies of Peace Myles Werntz, 2014 Bodies of Peace argues that Christian nonviolence is both formed by and forms ecclesial life creating an inextricable relationship between church commitment and resistance to war In this volume Myles Werntz examines the work of John Howard Yoder Dorothy Day William Stringfellow and Robert McAfee Brown demonstrating how each thinker's advocacy for nonviolent resistance depends deeply upon the ecclesiology out of which it comes The volume argues that any account of an ecclesially informed resistance to war must be open to a multitude of approaches not as pragmatic concessions but as a foretaste of ecumenical unity

Restless Souls Leigh Eric Schmidt, 2012-09-05 Yoga classes and Zen meditation New Age retreats and nature mysticism all are part of an ongoing religious experimentation that has surprisingly deep roots in American history Tracing out the country's Transcendentalist and cosmopolitan religious impulses over the last two centuries Restless Souls

explores America's abiding romance with spirituality as religion's better half Now in its second edition including a new preface Leigh Eric Schmidt's fascinating book provides a rich account of how this open road spirituality developed in American culture in the first place as well as a sweeping survey of the liberal religious movements that touted it and ensured its continued vitality **Combing the Tradition** Fred Herron, 2007 This is a sketchbook of the twin realities of Catholic faith and Catholic schools A theological vision of the Catholic religious imagination provides the framework for viewing these realities from different angles Taking Pope Benedict XVI's remark that truth is in the Whole this book looks at Catholic faith and education from the rich perspective of the sacramental or Catholic imagination Historian John Tracy Ellis's conviction that this age will be known as the era of baptismal consciousness reflects a growing awareness in the entire Christian community that it must take its responsibilities in evangelization seriously **Combing the Tradition** is an attempt to comb the Catholic tradition from the point of view of this re-emerging baptismal consciousness It marvels at the role that Catholic schools teachers parents and students play in recreating this great truth It finds God's loving hand at work in the lives of citizens seeking meaning at Ground Zero in the re-emerging theology of the domestic church and in understanding the task of Catholic education It raises questions concerning the impact of consumer society on the lives of our young people and finds hope in schools which continue to shape the religious imaginations of the next generation of a community of disciples
